Proof of God-Charles De Silva 2018-07-17 While extending a strong challenge to the superstition of atheism, the principal aim of this book is to demonstrate the fact that the major scientific discoveries that have been made so far, distinctively and expressly reveal the existence of an intelligent and omnipotent Designer who has thoughtfully and intentionally instituted all universal laws with stark precision and accuracy. In this discussion I have also emphasized the incapability of science to stand alone as a final deciding instrument on matters that extend beyond the natural realm. Hence no proof of a Divine Existence can be established by reference to science alone, but through logical reasoning based on obvious and explicit facts. I have also highlighted the reality that most scientific phenomena cannot be explained without recourse to the role of a Supernatural Power. In this book I have put forward a chain of very rational arguments most of which originated in my mind at various occasions and hence would be new and interesting to the reader who would be led towards the definite conclusion that this universe could not have been the outcome of an accident or random chance, but the result of an intentional plan of a Supernatural Power. A unique feature of this book is that all the arguments presented by me here are determined upon logical conclusions based on common sense and scientifically established facts and not on sheer imaginary hypothesis. On my contemplative reasoning I am also presenting a proposition which I have named as the Theory of Irresistible Cessation of Matter and Irreversible Nature of Life as proof of the existence of a precise Divine plan. Out of Spite-Azamina Klobodanovic 2016-01-07 Fifty short stories contained in this book talk about the life of Bosnian women from a poor working class family, who came into this world by accident, unplanned, without tears of joy and some parent's elation at least not by her father.Her childhood and future life were very difficult, but strong will, the real, pure and true will, it did so she made something of the life what no one did around her. She managed to realize her dreams, to be a successful business woman, a good wife and mother and to give her children a much better life than it was her.Bosnian version:Pedeset kratkih priča sadržanih u ovoj knjizi, govore o životu bosanske žene iz jedne siromašne radničke porodice, koja je na ovaj svijet dosla slučajno, neplanski, bez suza radosnica i nekog ushichenja od strane roditelja, bar ne od strane njenog oca.Njeno djetinjstvo i dalji životni put bili su jako teski, ali jaka volja, ona prava, čista i iskonska, učinila je da ona od života napravi nesto sto niko u njenom okruženju nije. Uspjela je da ostvari svoje snove, da bude uspješna poslovna žena, dobra supruga i majka i da svojoj djeci pruži daleko bolji život nego što je bio njen.

Dancers Between Realms-Elisabeth Y. Fitzhugh 2006-11-01 The Empath. The word has found its way into our consciousness accompanied by ideas of healing, sharing emotion and pain. Empaths are sensitive, caring, responsive people who have at the core of their nature an innate ability to receive energy, information and awareness from others with a depth and intensity that is beyond our customary understanding of empathy. Yet, this very receptivity and permeability brings its own challenges. It is vital for empaths to recognize themselves as such and to consciously explore, understand and address this energetic flow in their life. Self-inquiry is the essential tool to understanding all that motivates and colors your experience of the world. The book explores in depth this receptivity, as well as tools, concepts and approaches to support understanding and how to flourish with this heightened sensitivity. This book is a shared journey, edited from years of workshops and sessions with Elisabeth Fitzhugh and the Orion group.

Maurice Sendak and the Art of Children's Book Illustration-L. M. Poole 2007 MAURICE SENDAK Maurice Sendak is the widely acclaimed American children's book author and illustrator. This critical study focusses on his famous trilogy, Where the Wild Things Are, In the Night Kitchen and Outside Over There, as well as the early works and Sendak's superb depictions of Grimms' fairy tales in The Juniper Tree. L.M. Poole begins with a chapter on children's book illustration, in particular the treatment of fairy tales. Sendak's work is situated within the history of children's book illustration, and he is compared with many contemporary authors. This new edition includes a new introduction, a new bibliography and many more illustrations. MAURICE SENDAK, born in 1928, has become America's premier children's book author and illustrator. He's as important - and as adored - as Theodore Geisel (Dr Seuss). Best known for his trilogy of classic picture books - Where the Wild Things Are (1963), In the Night Kitchen (1970) and Outside Over There (1981) - Sendak has also written many other books (though mainly in children's book form). His interpretation of the Grimm Brothers, The Juniper Tree, although it is less well-known, could be said to be his most accomplished work. This book aims to consider some of Maurice Sendak's most significant works, concentrating on the children's books and the picture books. Other chapters explore Sendak's relationship with the movies and art of Walt Disney (which Sendak admires); his interpretation of classic fairy tales; a brief consideration of the fairy tale form; Sendak's links with the tradition of children's book illustration; and finally a comparison of Sendak's art with that of other book illustrators. The Oxford Companion to Children's Literature offers a typical assessment of Maurice Sendak as one of the highpoints of modern children's book illustration: Quite apart from his outstanding draughtmanship and mastery of styles, Sendak's exploration of the realms of the unconscious in Where the Wild Things Are and its successors lifts his work beyond the confines of the children's picture book and places it among major art of the 20th century. Joyce Whalley and Tessa Chester write of Sendak: Sendak's superiority amounts to far more than mere technical ability and an instinct for interpreting a text, whether his own or that of someone else. His sympathy and concern with every book he illustrates mounts to an almost religious obsession when it comes to his own picture books... His vision is unique, his draughtmanship par excellence, and his work as a whole lifts him well into the ranks of the great illustrators of all time. Lee Kingman is equally laudatory, calling Sendak 'a magician who, working on several levels simultaneously, creates a world of carefully wrought surfaces and spaces dense with suggested drama.'

From Hitler's Germany to the Cross of Christ and Beyond...: One Woman's Adventure-Taylor Friede 2016-10-15 Friede Taylor has lived a life that legends spring from. Born in Czechoslovakia during WWII, she was left to die as a child because of the deprivations of the war. A nurse took her family into her home and saved Friede's life by giving her transfusions of her own blood. A member of the dreaded Waffen-SS and a prisoner of war, Friede's father took his own life after the war, having never told her he loved her. She married a serviceman and moved to Georgia at 19. Following the suicide of her oldest son, she had an "open-heaven" experience that assured her that God would provide for and protect her. She was widowed after 30 years. God continued to move in Friede's life, eventually leading her to marry Jack Taylor after a brief courtship. She now travels and ministers with her husband around the world.This is Friede's first book and it chronicles a life of purpose protected by God. Read Friede's story to be inspired to thrive, not just survive. God has a plan for you. Her testimony declares that a life lived by faith always overcomes!"Friede Taylor is a force to be reckoned with! If you have had the privilege to know her, you know what I mean. Once you read her story, you will know why. Sounding more like a Hollywood screenplay, this book shares the candid and personal account of how "one solitary woman" overcame intense rejection and horrendous loss only to survive and thrive, bathed in the glory of the love of God. This is the stuff heroes are made of. Set in one of the most tumultuous places on earth in one of the most horrific times in history, this book is the authentic account of a woman, wife, and daughter who has been watched over by her heavenly Father since she was born. You will be amazed and encouraged as you read how the Father can and will do the same for you."Tim P. Taylor, Author, Publisher, and proud stepson

Hope Points North-Robert Douglas Spetta 2014-03 A compass is a very helpful tool-as long as its wielder knows the direction he wants to go. This wasn't often the case in the sixties in America, when many felt directionless, with an unpopular war that had the country's moral compass spinning. "Hope Points North" is a coming-of-age experience that takes place on Long Island during this turbulent period. Of the three boys, Chris McKellar is the conventional one of the group-the glue that binds the troubled Teddy and smart, introverted Charlie together. The story is Chris's adult recollection of the time when he, Teddy, and Charlie decide to travel on their own to Grumman Aerospace Company, the builders of the Lunar Excursion Model-the craft that will eventually deliver man to the moon. Just as the boys embark on their journey, the dark-hearted preacher Lovejoy ambushes them. Teddy's grandpa has amassed a secret fortune, but it's no secret to Lovejoy, who is seducing Teddy's mother and will do anything to get the money. But the boys resist the preacher's attack in a way that leaves him dead in the creek...or so they think. In shock, they follow their compass, toward the fraternity of hopes, dreams and, unsuspectingly, manhood.

It takes a significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. Hooey Alerts! Watch for Hooey Alerts! where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment.
