YOU: Being Beautiful-Michael F. Roizen 2008-11-11 Most people think that beauty revolves around such things as lipstick, sweet eyes, or skinny jeans -- all those things that we can see (and obsess over) in the mirror. But the fact is that beauty isn't some superficial pursuit, and it's not some random act that you can thank (or curse) your ancestors for. There are, in fact, scientific standards to beauty. Beauty is purposeful, because it's how humans have historically communicated who we are to potential mates. Beauty, in fact, is really about your health and happiness. In this groundbreaking book, Dr. Michael F. Roizen and Dr. Mehmet C. Oz bust the myths and stereotypes about the way we view ourselves -- and how we define beauty. In these pages, you'll find out why beauty isn't as much about your vanity as it is about your humanity. The doctors take a scientific, informative, and entertaining look at the three levels of beauty and explain how they all work together to form a complete and authentic YOU. Those three levels of beauty are: Looking Beautiful: Your appearance influences your self-esteem and has major health implications. Here, the docs will tell you how you can look the way you want. Feeling Beautiful: So what if you have luscious lips or gorgeous locks if your joints creak and you have the energy of a rug? The docs will tell you how to improve your energy levels, beat back your life-altering aches and pains, and come to grips with some of life's toughest stresses. Being Beautiful: By improving your relationships with your loved ones as well as with others, you'll be well on your way to finding true happiness. That's the ultimate goal: Having all three levels of beauty working together so you can have a happy and healthy life. You'll start off by taking the ultra-revealing and validated YOU-Q Test to help you assess where you are on your own beauty scale and where you want to be. Take the test, see how well you do; then use the book to help you improve your score. With their usual candor and honesty, Dr. Roizen and Dr. Oz break down the mechanics of beauty and explain how little adjustments in your routine can help you become a happier, healthier person. You will learn about the biology of beauty, take YOU Tests to determine where you are on the beauty scale, get tons of YOU Tips to help you improve your life, as well as learn the secrets of the Ultimate Beautiful Day. From hair to toenails, Dr. Roizen and Dr. Oz go through every part of your body to explain how different foods, vitamins, creams, gels, and injections can really boost your looks. They scrutinize the beauty myths that bombard us every day and offer an unbiased perspective on which ones cause more harm than good. You will be able to revamp your beauty regimen (or start a new one from scratch). They'll also take a close look at chronic pain, mood swings, low energy, and financial stresses. And they'll dive into the science of building relationships, finding happiness, and using spirituality to help you define your own levels of true beauty. Dr. Roizen and Dr. Oz act as tour guides navigating the tricky but exciting terrain of today's beauty industry. YOU: Being Beautiful is your all-inclusive ticket into the world -- the real world -- of beauty.

An exceptionally skilled swordsman, young Tal Hawkins was the only survivor of the massacre of his village -- rescued, recruited, and trained by the mysterious order of magicians and spies, the Conclave of Shadows. The Perfectionist-Rudolph Chelminski 2005-05-19 An unforgettable portrait of France's legendary chef, and the sophisticated, unforgiving world of French gastronomy Bernard Loiseau was one of only twenty-five French chefs to hold Europe's highest culinary award, three stars in the Michelin Red Guide, and only the second chef to be personally awarded the Legion of Honor by a head of state. Despite such triumphs, he shocked the culinary world by taking his own life in February 2003. TheGaultMillau guidebook had recently dropped its ratings of Loiseau's restaurant, and rumors swirled that he was on the verge of losing a Michelin star (a prediction that proved to be inaccurate). Journalist Rudolph Chelminski, who befriended Loiseau three decades ago and followed his rise to the pinnacle of French restaurateurs, now gives us a rare tour of this hallowed culinary realm. The Perfectionist is the story of a daydreaming teenager who worked his way up from complete obscurity to owning three famous restaurants in Paris and rebuilding La C te d'Or, transforming a century-old inn and restaurant that had lost all of its Michelin stars into a luxurious destination restaurant and hotel. He started a line of culinary products with his name on them, appeared regularly on television and in the press, and had a beautiful, intelligent wife and three young children he adored--Bernard Loiseau seemed to have it all. An unvarnished glimpse inside an echelon filled with competition, culture wars, and impossibly high standards, The Perfectionist vividly depicts a man whose energy and enthusiasm won the hearts of staff and clientele, while self-doubt and cut-throat critics took their toll.

Booking Passage-Sidra DeKoven Ezrahi 2000-02-02 Sidra DeKoven Ezrahi's sweeping study of modern Jewish writing is in many ways a long meditation on the thematics of geography in Jewish culture, what she calls the "poetics of exile and return." Until the late nineteenth century, Jews were identified in their own religious and poetic imagination as wanderers and exiles, their sacred center--Jerusalem, Zion--fatefully out of reach. Opening the book with "Jewish Journeys," Ezrahi begins by examining the work of medieval Hebrew poet Yehuda Halevi to chart a journey whose end was envisioned as the sublime realignment of the people with their original center. When the Holy Land became the site of a political drama of return in the nineteenth century, Jewish writing reflected the shift, traced here in the travel fictions of S.Y. Abramovitsh, S.Y. Agnon, and Sholem Aleichem. In "Jewish Geographies" Ezrahi explores aspects of reterritorialization through memory in the post-Holocaust writing of Paul Celan, Dan Pagis, Aharon Appelfeld, I.B. Singer and Philip Roth. Europe, where Jews had dreamed of return, has become the new ruined shrine: The literary pilgrimages of these writers recall familiar patterns of grieving and representation and a tentative reinvention of the diasporic imagination--in America, of course, but, paradoxically, even in Zion.

Shades-Marguerite Poland 2012-10-02 St Matthias Mission 1902: 'There are men who know that when you are finished with this war of yours and have raised your flag to the glory of your Empire - the one that we, as black men, are supposed to revere for having bestowed on us education, faith, prosperity and all the other high-sounding gifts - that you will sell us out - perhaps against the advance of metaphorical cattle - and say it is expedient. You will sacrifice our rights in order to secure your peace with the Boers and shrug us off. It is for this expedience that men like Tom and Reuben and Sonwabo Pumami are dead. There will be thousands like them in the time to come. ' Against a backdrop of drought, the rinderpest pandemic, the South African War, the burgeoning gold-mining industry and the complex birth of the exploitative system of recruiting migrant labour, Shades explores the growing tensions between cultures in South Africa at the turn of the twentieth century and the deepening awareness of the black mission-educated elite, empowered by the printing press, of the need to articulate their political and spiritual beliefs. Set within the microcosm of an isolated Eastern Cape mission, Shades is not only a love story and the chronicle of a family but a sensitive and perceptive insight into the country's wider conflicts. It explores the slow but inexorable destruction of the fabric of a community, the assault on its traditions and the struggle to reconcile two faiths: the Christian and the traditional beliefs of the amaXhosa in their ancestral shades. It is the story of those far-sighted enough to seek convergence and those destined to undermine its wisdom. Primarily, Shades is an intimate tale of love, friendship, acceptance and profound loss: of life, of faith and of belonging.

The Singapore Water Story-Cecilia Tortajada 2013 "This book describes the journey of Singapore's development and the fundamental role that water has had in shaping it. What makes this case so unique is that the quest for self-sufficiency in terms of water availability in a fast-changing urban context has been crucial to the way development policies and agendas have been planned throughout the years"--

With the reproductive issues that have long plagued the Andorian people reaching crisis level, avenues of research that at first held great promise have proven largely unhelpful, and may well indeed be worsening the problem. Despite the Federation's seeming inability to provide assistance and growing doubt over its commitment to a staunch, longtime ally, Andorian scientists now offer renewed hope for a solution. However, many segments of Andorian society are protesting this controversial new approach, and more radical sects are beginning to make their displeasure known by any means available. In response, President Nanietta Bacco has sent the Enterprise crew and a team of diplomats and scientists to Andor to convene a summit, in the hope of demonstrating that the Federation's pledge to helping Andor is sincere. But the Typhon Pact is watching, and their interests may very well lead the Andorian people down an even more treacherous path. . . .
