Charles Bukowski-Barry Miles 2009-10-06 'Fear makes me a writer, fear and a lack of confidence' Charles Bukowski chronicled the seedy underside of the city in which he spent most of his life, Los Angeles. His heroes were the panhandlers and hustlers, the drunks and the hookers, his beat the racetracks and strip joints and his inspiration a series of dead-end jobs in warehouses, offices and factories. It was in the evenings that he would put on a classical record, open a beer and begin to type... Brought up by a violent father, Bukowski suffered childhood beatings before developing horrific acne and withdrawing into a moody adolescence. Much of his young life epitomised the style of the Beat generation - riding Greyhound buses, bumming around and drinking himself into a stupor. During his lifetime he published more than forty-five books of poetry and prose, including the novels Post Office, Factotum, Women and Pulp. His novels sold millions of copies worldwide in dozens of languages. In this definitive biography Barry Miles, celebrated author of Jack Kerouac: King of the Beats, turns his attention to the exploits of this hard-drinking, belligerent wild man of literature.

Charles Bukowski-Barry Miles 2008

Beat Collection-Barry Miles 2010-09-30 The Beats, a title that Jack Kerouac coined to define the exhausted exaltation of a generation, produced a body of works infected with a new energy. Their spontaneous, often-unedited style epitomised their own era and their famed close-knit literary community continues to inspire writers today. Barry Miles, friend and biographer of Allen Ginsberg, William Burroughs and Jack Kerouac, was there, part of the Beat Vibe. here he gathers together some of the most influential as well as the most overlooked writers of the era. He covers the writings from The Original Beats (New York 1944-53): The San Francisco Scene (1954-57) and The Second Wave (New York 1958-60) including works from Gregory Corso, John Clellon Holmes, Lawrence Ferlinghetti, Frank O'Hara, Diane di Prima and Alexander Trocchi to the king of the Beats Himself, Jack Kerouac. The result is a fascinating compendium that recaptures the unique but varied voices of the Beat generation..

Ginsberg-Barry Miles 2000 In part thanks to early friendships with renegades such as Jack Kerouac, Neal Cassady, and William Burroughs, and his publication of the electrifying and brilliant Howl, Allen Ginsberg occupies a significant and enduring position in American literature. Following Ginsberg's death in 1997, Barry Miles, drawing both on his long friendship with the poet and on Ginsberg's journals and correspondence, thoroughly updated and revised his immensely readable account of one of the 20th century's most extraordinary poets.

In the Sixties, Signature Edition-Barry Miles 2017-10-05 Love, poetry, protest, the Beatles, psychedelia and the 1960s underground in pictures, words and rare sound recordings form this limited edition illustrated memoir by one of the key figures of the Sixties British counterculture.

The Zapple Diaries-Barry Miles 2016-09-27 This is the first full-length look at Zapple—the Beatles' label for experimental music and spoken word recordings and the most ambitious expression of the group's determination to be leading members of the counterculture movement in the late 1960s. Barry Miles, the acclaimed author, was the Zapple label manager and has written an engaging and slightly gossipy you-are-there review of this fascinating period in Beatles history. The book provides insight into the lives and working methods of leading literary and cultural figures of the time, including Allen Ginsberg, Charles Bukowski, Richard Brautigan, William Burroughs, and Frank Zappa. The Zapple Diaries is the fascinating story of an ill-fated experimental venture and a revealing account of the little-known last chapter of Beatles history.

The Hunchback of East Hollywood-Aubrey Malone 2003 Examines the life and work of twentieth-century

German American poet, novelist, and short story writer Charles Bukowski, discussing how his troubled relationships influenced his writing.

In *The Seventies*-Barry Miles 2011-09-01 Beginning with the Weathermen explosion in Greenwich Village and ending with punk, the seventies was the age of extremes; sex, drugs and, of course, rock 'n' roll. With an extraordinary cast of characters, and even more extraordinary anecdotes, *In The Seventies* tells, firsthand, the story - and stories - of the decade. From Allen Ginsberg's hippie commune in upstate New York to the time Miles spent cataloguing William Burroughs' archives in London, from David Bowie in drag to Grace Jones naked at Studio 54, it's all here. Vivid, compelling, intimate and, sometimes, insane, Barry Miles reveals the truth behind this legendary era.

*Against the American Dream*-Russell Harrison 1994 A critical review of the work of Charles Bukowski. Charles Bukowski-Howard Sounes 2007-12-01 "A lively portrait of American literature's 'Dirty Old Man'." —*Library Journal* A former postman and long-term alcoholic who did not become a full-time writer until middle age, Charles Bukowski was the author of autobiographical novels that captured the low life—including *Post Office*, *Factotum*, and *Women*—and made him a literary celebrity, with a major Hollywood film (*Barfly*) based on his life. Drawing on new interviews with virtually all of Bukowski's friends, family, and many lovers; unprecedented access to his private letters and unpublished writing; and commentary from Norman Mailer, Allen Ginsberg, Sean Penn, Mickey Rourke, Lawrence Ferlinghetti, R. Crumb, and Harry Dean Stanton, Howard Sounes has uncovered the extraordinary true story of the Dirty Old Man of American literature. Illustrated with drawings by Bukowski and over sixty photographs, Charles Bukowski is a must for Bukowski devotees and new readers alike. "Bukowski is one of those writers people remember more for the legend than for the work . . . but, as Howard Sounes shows in this exhaustively researched biography, it wasn't the whole story." —*Los Angeles Times* "Engaging . . . Adroit . . . revealing." —*The New York Times Book Review* "A must-read for anybody who is a fan of Bukowski's writing." —*The Globe and Mail* (Toronto)

*Call Me Burroughs*-Barry Miles 2014-01-28 Fifty years ago, Norman Mailer asserted, "William Burroughs is the only American novelist living today who may conceivably be possessed by genius." Few since have taken such literary risks, developed such individual political or spiritual ideas, or spanned such a wide range of media. Burroughs wrote novels, memoirs, technical manuals, and poetry. He painted, made collages, took thousands of photographs, produced hundreds of hours of experimental recordings, acted in movies, and recorded more CDs than most rock bands. Burroughs was the original cult figure of the Beat Movement, and with the publication of his novel *Naked Lunch*, which was originally banned for obscenity, he became a guru to the 60s youth counterculture. In *CALL ME BURROUGHS*, biographer and Beat historian Barry Miles presents the first full-length biography of Burroughs to be published in a quarter century—and the first one to chronicle the last decade of Burroughs's life and examine his long-term cultural legacy. Written with the full support of the Burroughs estate and drawing from countless interviews with figures like Allen Ginsberg, Lucien Carr, and Burroughs himself, *CALL ME BURROUGHS* is a rigorously researched biography that finally gets to the heart of its notoriously mercurial subject.

*Gatekeepers*-William Marling 2016-03-15 The romantic idea of the writer as an isolated genius has been discredited, but there are few empirical studies documenting the role of "gatekeeping" in the literary process. How do friends, agents, editors, translators, small publishers, and reviewers—not to mention the changes in technology and the publishing industry—shape the literary process? This matrix is further complicated when books cross cultural and language barriers, that is, when they become part of world literature. *Gatekeepers* builds on the work of Pierre Bourdieu, Randall Collins, James English, and Mark McGurl, describing the multi-layered gatekeeping process in the context of World Literature after the 1960s. It focuses on four case studies: Gabriel García Márquez, Charles Bukowski, Paul Auster and Haruki Murakami. The two American authors achieved remarkable success overseas owing to canny gatekeepers; the two international authors benefited tremendously from well-curated translation into English. Rich in archival materials (correspondence between authors, editors, and translators, and publishing industry analyses), interviews with publishers and translators, and close readings of translations, this study shows how the process and production of literature depends on the larger social forces of a given historical moment. William Marling also documents the ever-increasing Anglo-centric dictate on the gatekeeping process. World literature, the book argues, is not so much a "republic of letters" as a field of chance on which the conversation is partly bracketed by historic events and technological opportunities.

*Allen Ginsberg*-Barry Miles 2010 A new preface by the author updates this reissue of a seminal biography of the counter culture icon, by a luminary of the 1960s underground Allen Ginsberg occupies a significant and enduring position in American literature. Following Ginsberg's death in 1997, Barry Miles has drawn

on both his long friendship with the poet and on Ginsberg's journals and correspondence to produce an immensely detailed and fascinating account of one of the 20th century's most extraordinary poets. William Burroughs *El Hombre Invisible*-Barry Miles 2007-02 Iconoclast; visionary; homosexual crusader; drug advocate; teacher and elder statesman to Jack Kerouac, Allen Ginsberg and the Beats; anti-hero guru to each successive counter-culture generation: William Burroughs remains one of the most complex and controversial American writers of the twentieth century. A longtime heroin addict, Burroughs preferred to live abroad, away from America's Draconian drug laws. After killing his wife in a bizarre shooting accident, he moved to Tangier where he lived in male brothel and wrote his celebrated bestseller *Naked Lunch*- in *Newsweek's* words 'A masterpiece. A cry from Hell' - as a series of letters to Allen Ginsberg. He lived at the Beat Hotel in Paris and spent a decade in London before returning as prodigal son to New York in 1974 after 25 years of self imposed exile.

*Writing Under the Influence*-Aubrey Malone 2017-11-28 Writers and alcohol have long been associated—for some, the association becomes unmanageable. Drawing on rare sources, this collection of brief biographies traces the lives of 13 well known literary drinkers, examining how their relationship with alcohol developed and how it affected their work, for better or worse. Focusing on examples like F. Scott Fitzgerald, Ernest Hemingway, Edna St. Vincent Millay, Charles Bukowski and Raymond Carver, the combined biographies present a study of the classic figure of the over-indulging author.

*The Greatest Album Covers of All Time*-Barry Miles 2016-10-01 With the resurgence of vinyl going from strength to strength, album cover art is as important as it's ever been. This sumptuous book brings together 250 of the greatest album covers of all time and is arranged chronologically, beginning in 1956. Our judging panel, drawn from the great and the good of the music industry, has selected the final 275 entries, giving their reasons for selection to accompany the illustrations. From rock 'n' roll to pop, R&B to jazz, blues and even folk, some of the album covers included are obvious classics, while others will surprise readers and jog memories. The chosen entries might not necessarily be of a best-selling release, but they are important artistically, stylistically or culturally. This fascinating book forms a wonderful visual record of this popular art form, and is an essential read for music fans the world over.

*The Beat Hotel*-Barry Miles 2016-07-12 The Beat Hotel has been closed for nearly forty years. But for a brief period—from just after the publication of *Howl* in 1957 until the building was sold in 1963—it was home to Allen Ginsberg, William Burroughs, Gregory Corso, Brion Gysin, Peter Orlovsky, Harold Norse, and a host of other luminaries of the Beat Generation. Now, Barry Miles—acclaimed author of many books on the Beats and a personal acquaintance of many of them—vividly excavates this remarkable period and restores it to a historical picture that has, until now, been skewed in favor of the two coasts of America. A cheap rooming house on the bohemian Left Bank, the hotel was inhabited mostly by writers and artists, and its communal atmosphere spurred the Beats to incredible heights of creativity. Its inhabitants followed the *Howl* obscenity trial, and they corresponded with Jack Kerouac as *On the Road* was taking off. There Ginsberg wrote "Kaddish," "To Aunt Rose," "At Apollinaire's Grave," and "The Lion for Real," and Corso developed the mature voice of *The Happy Birthday of Death*. The Beat Hotel is where the Cut-up method was invented, and where Burroughs finished and published *Naked Lunch* and the Cut-up novels. From a party where Ginsberg and Corso drunkenly accosted Marcel Duchamp and Man Ray, to an awestruck audience with Louis-Ferdinand Céline a year before he died; from a drug-addled party on a houseboat on the Seine with Errol Flynn and John Huston, to Burroughs's near arrest as a heroin dealer: mischief, inspiration, and madness followed the Beats wherever they went. Based on firsthand accounts from diaries, letters, and many original interviews, *The Beat Hotel* is an intimate look at a crucial period for some of the twentieth century's most enduring and daring writers.

*A Descriptive Bibliography of the Primary Publications of Charles Bukowski*-Aaron Krumhansl 1999 This scholarly study provides an updated, corrected and comprehensive overview of the poet's book, chapbook and broadside publications from 1948 through 1998. The bibliography utilizes the methodology developed by Donald Gallup for his landmark bibliographies of T.S. Eliot and Ezra Pound. The full entries for over 150 primary items include title-page transcriptions, collations and full publishing histories. Charles Bukowski was the author of six novels and many books of stories and poems. In addition, he was the author of scores of obscure chapbooks and broadsides published by small presses. Many of these fugitive publications have never been properly documented and remain relatively unknown. This bibliography describes all of them in full detail for the first time.

*William Burroughs*-Barry Miles 2002 Iconoclast; visionary; homosexual crusader; drug advocate; teacher and elder statesman to the Beats- William Burroughs remains one of the most complex and controversial American writers of the twentieth century. After killing his wife in a bizarre shooting accident, Burroughs

moved to Tangier where he lived in a male brothel and wrote his celebrated bestseller *Naked Lunch* - in Newsweek's words 'A masterpiece. A cry from Hell' and spent much of the rest of his life in self-imposed exile from the United States. Following Burroughs' death in August 1997, Barry Miles updated his riveting, highly readable and unconventional biography of this legendary provocateur and all-round thorn in the side of the establishment.

*Pink Floyd: The Early Years*-Barry Miles 2011-12-12 An authentic and compelling story of the group that gave alternative London its first real soundtrack and launched on the rock world a radical combination of music, light shows and pyrotechnic stage effects. A revealing diary of Pink Floyd's daily routine, from their roots in Cambridge to cult status in Sixties London. Author Barry Miles saw the band play when they were still called The Pink Floyd Sound and he wrote the first ever article about them for a New York underground newspaper in 1966. He also knew band members socially, witnessed the rapid decline of Syd Barrett and became actively involved in setting up some of Floyd's major gigs. Barry Miles is an acclaimed music writer and expert on 'Beat' poetry and poets. A founder of the Indica bookshop and gallery in the Sixties, he went on to launch *International Times* and write for *NME*. He ghost-wrote *Many Years From Now*, Paul McCartney's autobiography and has written books on The Beatles, The Rolling Stones and Frank Zappa.

*At Terror Street and Agony Way*-Charles Bukowski 1968 Corrected typescript. Some is the original copy, some photo-copy. With annotations in pencil.

*Fab*-Howard Sounes 2010-10-26 He is one of the most famous, most wealthy people on the planet, and yet he remains little-known and understood as a personality. At long last, Paul McCartney is the subject of a major, deeply researched, psychologically acute biography. It tells a story that will illuminate and surprise. The publication finds McCartney - who turns 70 in 2012 - revitalized as a performer (touring with a set of mostly Beatles songs) and a man buffeted by profound changes in recent years: the death of his first wife, Linda; the death of George Harrison; a second marriage, to Heather Mills, and its spectacular failure, the fall-out from which is still crashing around him. From the Hardcover edition.

*Peace*-Barry Miles 2010-04-15 "An explanation of how the peace symbol-that upside-down V with a vertical column running through the middle, all surrounded by a circle-came to be." -The Washington Post The peace sign is probably the most commonly used symbol of protest in the world. Instantly recognizable as the universal sign for peace, in 2008 it turned 50 years old. With accounts from around the world, this book tells the story of the enduring power of the line drawing that began life as the official sign for the Campaign for Nuclear Disarmament (CND). Tracing the roots of Gerald Holtom's design, it details the many ways the peace sign has been put to use, including politics, fashion, pop, film and marketing. Contents include: 1957-1960 Ban The Bomb - Campaign for Nuclear Disarmament (CND) is formed 1960-1975 Stop The War - In the U.S. the Hippies adopt the symbol 1970-1980 Sign Of The Times - Other uses of the sign 1965-2005 Wear It Well - Use in fashion, music, design 1980-Present Anti-Nuclear Families - How it's still in use Happy Birthday Peace - Original birthday cards from numerous famous contributors

*Ham On Rye*-Charles Bukowski 2009-10-13 In what is widely hailed as the best of his many novels, Charles Bukowski details the long, lonely years of his own hardscrabble youth in the raw voice of alter ego Henry Chinaski. From a harrowingly cheerless childhood in Germany through acne-riddled high school years and his adolescent discoveries of alcohol, women, and the Los Angeles Public Library's collection of D. H.

Lawrence, *Ham on Rye* offers a crude, brutal, and savagely funny portrait of an outcast's coming-of-age during the desperate days of the Great Depression.

*Bukowski in Pictures*-Howard Sounes 2001 *Bukowski in Pictures* is the first pictorial biography of Bukowski, telling the story of his life with approximately two hundred photographs, both colour and black and white, most of which are published here for the first time. Friends of Bukowski, members of his family, and former lovers have contributed candid photographs. There are powerful new portraits by leading photographers such as Gottfried Helnwein, former Rolling Stone art director Tony Lane, and Andy Warhol's former assistant, Gerard Malanga. Artists Dave Geiser and R. Crumb have provided illustrations. Extracts from personal letters and rare documents, including Bukowski's recently declassified FBI file, offer new insights that delve behind the public personae. Biographer Howard Sounes - author of *Charles Bukowski: Locked in the Arms of a Crazy Life* - has edited and introduced *Bukowski in Pictures*, weaving new research and quotations from Bukowski's work into introductory essays and extensive photo captions. *Memoirs of a Bastard Angel*-Harold Norse 2002-04-15 Norse has spent half a century simultaneously at the center and in the vanguard of literary and homosexual subcultures. His candid autobiography is an engrossing classic of its kind.

*Drinking with Bukowski*-Daniel Weizmann 2000 The 20th century's greatest poet was a guy from L.A. called Hank, who talked straight, drank hard, faced truth, and exposed beauty and vulnerability like no other in his place and time. *Drinking with Bukowski* is a celebration of that utterly original voice featuring contributions from everyone from the women who loved him to the Hollywood cognoscenti who courted him, from writers who admired him and actors who tried to emulate him to the barflies, strippers, gangsters, poets, crazies, and dreamers who knew him: Raymond Carver, Wanda Coleman, Harold Norse, Michael C. Ford, and Paul Vangelisti pay homage and recount the Dionysian days of L.A. poetry; record producer Harvey Robert Kubernik and journalist Barry Miles remember capturing Buk on vinyl for the first time; novelist Steve Abee remembers the early days of L.A.'s underground newspapers - *Open City* and the *L.A. Free Press* - Bukowski's early stomping grounds.

*London Calling*-Barry Miles 2011-01 London has long been a magnet for aspiring artists and writers, musicians and fashion designers seeking inspiration and success in this great city. This title explores the counter culture that sprang up in the decades following the Second World War, focusing on the West End and Soho.

*Frank Zappa*-Barry Miles 2014-11-06 Barry Miles knew Frank Zappa intimately and was present at the recording of some of his most important albums. This sparkling biography brings the Zappa the musician and composer, Zappa the controversialist and Zappa the family man (despite his love of groupies, he was married for more than 30 years) together for the first time. Barry Miles' biography follows Zappa from his sickly Italian-American childhood in the 1940s (when his father, Frank senior, worked for the US military and was used to test the efficacy of new biological warfare agents) to his death from cancer in the 1990s. Miles shows how Zappa's goal had been to become a classical composer, until he realised that he would starve to death pursuing this ambition in post-war America. In an effort to make music people would actually listen to, in the mid-1960s he joined a noisy new band called 'The Mothers of Invention'. Before long, Zappa had taken over as singer, song writer and lead guitarist and together they exploded on to the San Francisco freak scene. Following the release of recordings such as *Freak Out*, *Absolutely Free*, *We're Only In It For the Money* and *Hot Rats*, Zappa's reputation in the United States and in Europe, especially the UK, Germany and Holland, took off. When the Berlin wall fell, Frank was surprised to learn that his extravagant music embodied sixties liberty for a generation of dissidents (including Vaclav Havel, who invited Zappa to be his minister for culture). *Frank Zappa* is an authoritative and hugely enjoyable portrait of a singular man and a vivid evocation of the West Coast scene.

*Absence of the Hero*-Charles Bukowski 2010-04-01 Everyone's favorite Dirty Old Man returns with a new volume of uncollected work. Charles Bukowski (1920-1994), one of the most outrageous figures of twentieth-century American literature, was so prolific that many significant pieces never found their way into his books. *Absence of the Hero* contains much of his earliest fiction, unseen in decades, as well as a number of previously unpublished stories and essays. The classic Bukowskian obsessions are here: sex, booze, and gambling, along with trenchant analysis of what he calls "Playing and Being the Pet." Among the book's highlights are tales of his infamous public readings ("The Big Dope Reading," "I Just Write Poetry So I Can Go to Bed with Girls"); a review of his own first book; hilarious installments of his newspaper column, *Notes of a Dirty Old Man*, including meditations on neo-Nazis and driving in Los Angeles; and an uncharacteristic tale of getting lost in the Utah woods ("Bukowski Takes a Trip"). Yet the book also showcases the other Bukowski-an astute if offbeat literary critic. From his own "Manifesto" to

his account of poetry in Los Angeles ("A Foreword to These Poets") to idiosyncratic evaluations of Allen Ginsberg, Robert Creeley, LeRoi Jones, and Louis Zukofsky, *Absence of the Hero* reveals the intellectual hidden beneath the gruff exterior. Our second volume of his uncollected prose, *Absence of the Hero* is a major addition to the Bukowski canon, essential for fans, yet suitable for new readers as an introduction to the wide range of his work. "He loads his head full of coal and diamonds shoot out of his finger tips. What a trick. The mole genius has left us with another digest. It's a full house--read 'em and weep."—Tom Waits

"This second volume of Bukowski's uncollected stories and essays offers all that Bukowski is known for—wry obscenity, smutty wisdom, seeming ramblings whose hidden smarts catch you unaware--but in addition there are moments here in which he takes off the mask and strips away the bravado to show himself at his most vulnerable and human. A must for Bukowski aficionados."—Brian Evenson, author of *Last Days* and *The Open Curtain* "Like a brass-rail Existentialist or a skid-row Transcendentalist, [Bukowski] is candid, unblinking, leaving it to his readers to cast their own judgment about his mishaps, his drinking, his sexual appetite or his own pessimism. He is Ralph Waldo Emerson as a Dirty Old Man, not lounging in the grape-arbor of Concord, Massachusetts, but bent-over a table in an L.A. flophouse scribbling in pencil to the strains of Sibelius."—Paul Maher Jr., *Phawker* "[Bukowski] could be generous and mean-spirited, heroic and defensive, spot-on and slanted, but he became the world-class writer he had set out to be; he has joined the permanent anti-canon or shadow-canon whose denizens had shown him the way. Today the frequent allusions to him in both popular and mainstream culture tend more to respect than mockery. If scholarship has lagged, this book would indicate that this situation is changing."—Gerald Locklin, *Resources for American Literary Study* "The pieces range over nearly half a century, and include a story about a baseball player seized by a sudden bout of existential paralysis, along with early, graphically sexual (and masterfully comic) stories published in such smut mags as *Candid Press*."—*Penthouse* "An absolute must for fans of Charles Bukowski's work, *Absence of a Hero* is also a welcome addition to public and college library literary studies shelves."—*Midwest Book Review*

*Post Office-Charles Bukowski* 2009-10-13 "It began as a mistake." By middle age, Henry Chinaski has lost more than twelve years of his life to the U.S. Postal Service. In a world where his three true, bitter pleasures are women, booze, and racetrack betting, he somehow drags his hangover out of bed every dawn to lug waterlogged mailbags up mud-soaked mountains, outsmart vicious guard dogs, and pray to survive the day-to-day trials of sadistic bosses and certifiable coworkers. This classic 1971 novel—the one that catapulted its author to national fame—is the perfect introduction to the grimly hysterical world of legendary writer, poet, and Dirty Old Man Charles Bukowski and his fictional alter ego, Chinaski.

*Portions From a Wine-Stained Notebook-Charles Bukowski* 2008-09 Essential uncollected work from one of the most infamous and provocative contemporary American writers.

*The Weird Tale-S. T. Joshi* 2003 The leading critic of supernatural literature here examines the roots of the "weird tale" (as Lovecraft called it) through detailed examinations of five "founding fathers" of the genre: Arthur Machen, Lord Dunsany, Algernon Blackwood, M.R. James, and H.P. Lovecraft. The result is a thorough study of the art, craft, philosophy, and aesthetics of an enduring genre of fantastic literature.

*Some Things that Meant the World to Me-Joshua Mohr* 2009 Thirty-year-old Rhonda seeks a fresh start in the streets of San Francisco's Mission District after being abused as a child and receiving therapy for depersonalization.

*Life Kills-Miles Vertigan* 2011 *LIFE KILLS* follows the dark journey and twisted mind ravines of a mysterious unnamed terrorist as he goes about his business. On his flight, stewards Bubbles and Sparkles, pilots Brad and Chad, and a bunch of burnt out z-list hackster celebrities face their own particular brands of demons. Our terrorist antihero faces terrible choices along the way, torn between burning passion and mindless passivity; and throughout, the Inflight Infotainment system lurks, ever present but becoming a more powerful and sinister force as the story unfolds. *LIFE KILLS* is a unique work of dark and comedic avant-garde literary fiction, in the mode of Hunter S Thompson crossed with Kinky Friedman. In it, our protagonist is out to kill some noxious rockstars to prevent them from their pathetic talent-vacuumed futures. But it's not as easy to hijack a plane as he might have thought.
