The Essential Guide to Children's Books and Their Creators- Upon publication, Anita Silvey's comprehensive survey of contemporary children's literature, Children's Books and Their Creators, garnered unanimous praise from librarians, educators, and specialists interested in the world of writing for children. Now The Essential Guide to Children's Books and Their Creators assembles the best of that volume in one handy, affordable reference, geared specifically to parents, educators, and students. This new volume introduces readers to the wealth of children's literature by focusing on the essentials — the best books for children, the ones that inform, impress, and, most important, excite young readers. Updated to include newcomers such as J. K. Rowling and Lemony Snicket and to cover the very latest on publishing and educational trends, this edition features more than 475 entries on the best-loved children's authors and illustrators, numerous essays on social and historical issues, thirty personal glimpses into craft by well-known writers, illustrators, and critics, and invaluable reading lists by category. The Essential Guide to Children's Books and Their Creators summarizes the canon of contemporary children's literature, in a practical guide essential for anyone choosing a book for or working with children.

We Are Best Friends: Animals in Society-Leslie Irvine 2019-10-01 Friendships between humans and non-human animals were once dismissed as sentimental anthropomorphism. After decades of research on the emotional and cognitive capacities of animals, we now recognize human-animal friendships as true reciprocal relationships. Friendships with animals have many of the same characteristics as friendships between humans. Both parties enjoy the shared presence that friendship entails along with the pleasures that come with knowing another being. Both friends develop ways of communicating apart from, or in addition to, spoken language.

Chewing the Cud-Dick King-Smith 2009-02-19 A candid and very funny memoir from beloved children's book author Dick King-Smith. Before he was a children's

book author, Dick King-Smith was a soldier, a farmer, a salesman, a factory worker, and a teacher. But he was always a devoted family man who loved the countryside he lived in and the animals he kept. In this insightful memoir, Dick King-Smith recounts the joys and failures of his life with equal humor and candor. And he remembers a delightful cast of animal characters—from Anna, the dachshund who turned out to be just stubborn, not deaf, to the 600-pound pig Monty, who liked to be scratched on top of his head, to Wilhelmina, a pet badger who was fond of love bites. As readers delight in recognizing the inspiration behind many of Dick King-Smith's books, they'll also see how a collection of experiences made a man a writer. From the Hardcover edition.

Any Child Can Read Better—Harvey S. Wiener 1996-05-16 Reading, however fundamental the task may seem to everyday life, is a complex process that takes years to master. Yet, learning to read in the early stages is not an overwhelming problem for most children, especially when their classroom learning is coupled with a nurturing home environment in which reading is cherished, and pencil and paper are always available and fun to use. In fact, studies have shown that children score higher in reading if their parents support and encourage them at home. Unfortunately, though many parents want to involve themselves actively in their children's education, very few know just what to do. Now Dr. Harvey S. Wiener, author of the classic *Any Child Can Write*, provides an indispensable guide for parents who want to help their children enter the magic realm of words. In *Any Child Can Read Better*, Second Edition, Dr. Wiener offers practical advice on how to help children make their way through the maze of assignments and exercises related to classroom reading. In this essential book, parents learn how to be "reading helpers" without replacing or superseding the teacher—by supporting a child's reading habits and sharing the pleasures of fiction, poetry, and prose. Home learning parents also will find a wealth of information here. Through comfortable conversation and enjoyable exercises that tap children's native abilities, parents can help their child practice the critical thinking and reading skills that guarantee success in the classroom and beyond. For example, Dr. Wiener explains how exercises such as prereading warm-ups like creating word maps (a visual scheme that represents words and ideas as shapes and connects them) will allow youngsters to create a visual format and context before they begin reading. He shows how pictures from a birthday party can be used to create patterns of meaning by arranging them chronologically to allow the party's "story" to emerge, or how they might be arranged by order of importance—a picture of Beth standing at the door waiting for her friends to arrive could be displayed first, Beth blowing out the birthday cake placed toward the middle of the arrangement, and the pictures of Beth opening her gifts, especially the skates she's been begging for all year, would surely go toward the end of the sequence. Dr. Wiener shows how these activities, and many others, such as writing games, categorizing toys or clothes or favorite foods, and reading journals, will help children draw meaning out of written material. This second edition includes a new chapter describing the benefits of encouraging children to keep a journal of their personal reactions to books, the value of writing in the books they own (underlining, writing in the margins, and making a personal index) and a variety of reading activities to help children interact with writers and their books. Dr. Wiener has also expanded and updated his fascinating discussion of recommended books for children of all ages, complete with plot summaries. Written in simple, accessible prose, *Any Child Can Read Better* offers sensible advice for busy parents concerned with their children's education.

Through the Eyes of a Child-Donna E. Norton 1991 In its seventh edition, "Through the Eyes of a Child: An Introduction to Children's Literature" continues to be a visually stunning, theoretically sound, comprehensive overview of children's literature. It focuses squarely on selecting and evaluating quality literature to share with children and guiding them to appreciate and respond to that literature. This edition features multicultural literature and young adult literature in every chapter, expanded coverage of biographies and informational books and over 100 new children's titles referenced throughout. A children's literature CD-ROM accompanies the book and contains bibliographic information for thousands of titles, making it even easier to share quality literature with children and adolescents.

Children's Fiction Sourcebook-Margaret Hobson 1995 This sourcebook is a basic working tool for all those concerned with children's reading. It will help librarians and teachers to select a comprehensive stock of children's fiction for their institutions. The authors in the sourcebook have been selected on the grounds of importance, popularity and current availability. Author entries are arranged in alphabetical order and indexes provided by title, series, age-range and genre. Each consists of some background information, and evaluative comment on the style of the book, a list of the author's books with publisher, date and price, and literary agent where possible. There is a suggestion of similar authors, sequels, related series and reader age range. This new edition includes new authors, from America and Australia, there were some in the first edition, but the emphasis was definitely on the U.K. The main author entry will be expanded to include a full list of an author's works, but only the best ones will be given an evaluation and description. Appendices have been updated and expanded.
