The Last Lecture-Randy Pausch 2008-04-08 “We cannot change the cards we are dealt, just how we play the hand.”—Randy Pausch A lot of professors give talks titled “The Last Lecture.” Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can’t help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn’t have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—“Really Achieving Your Childhood Dreams”—wasn’t about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because “time is all you have...and you may find one day that you have less than you think”). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come. When the Side N’gga Catch Feelings-Jessica N. Watkins 2018-01-10 When The Side Nigga Catch Feelings is the story of two women who are unfaithful for two totally different reasons, yet wind up with the same catastrophic outcome. Meet Heaven: a young girl who is loving, submissive, and beyond appreciative of her husband, Ross. As a teenager, Heaven lived solely for her sister, Divine, and her daughter, Sunshine. Because her mother is mentally ill and her father ran off, Heaven had to do some unimaginable things just to feed the family. Then came Ross, and everything changed. He wasn’t some filthy rich, dope boy that some young girls dream of, but Heaven felt like Ross was her blessing. Yet, Ross turned out to be a wolf wrapped decadently in sheep’s clothing. Still, Heaven was willing to take the bad just to keep the good. The drama was all worth it for the luxuries of food, clothes, and shelter, not just for herself, but, more so, for Divine and Sunshine. And then there’s Treasure. How is it that a woman can have a good man and still not be satisfied? Treasure is far from as submissive as her best friend, Heaven. As a teenager, Treasure had always been the type of girl to juggle two or three boys. Once she was older and met a real man, Vegas, she tried to commit. All of that went out of the window, though, when she met the one that allowed her to be the ride or die chick that she had always fantasied about being. Treasure isn’t the only promiscuous woman in this story, however, because Heaven eventually succumbs to the wooing of a man that wants to treat her far better than her ain’t-sh\*t\*-husband. She knows that Ross deserves her infidelity. He had never been loyal or faithful to her. However, one thing he had never done was cheat on Heaven with someone in their circle. In this tale of lust, lies, and mayhem, Heaven fights with the feelings that she has for her side dude, while Treasure basks in hers. That is, until all hell breaks loose. These two side dude’s that Heaven and Treasure have fallen for pretended as if they could play second to another man. . . until their feelings got in the way. Then, egos clash, bonds are broken, and, with two beasts like Vegas and Ross, a life is lost in this group’s tight knit circle. . . all because these ladies chose wrong.

V-Takerra Allen 2012-08-24 Vacant Values, Vindictive Victims, Vicious Vices, Violent Villains, Vulnerable Vanity, Venomous Vows... V And our most basic instinct is not for survival but for family. Most of us would give our own life for the survival of a family member, yet we lead our daily life too often as if we take our family for granted. ~Paul Pearsshall Growing up as one of the unattainable Bell sisters was always bittersweet. On one end, it prided me. I was one of the most desired girls of the neighborhood, a piece to a strong family puzzle that many envied. On the more trying end, we were declared a trio, branded by the actions of one another. Our mother, the matriarch, always instilled in us that family was everything; we were our sisters and a representation of her. There was “power in the V” she would often say. So while one of us craved the bad boys, another became blinded by success and status, and last, the baby, let’s just say she was addicted to love. And that was us and it was tolerable. Just like you, we had obstacles and though our worlds were rocked, they were never shattered, because family was always at the core. But one day that changed. A sequence of ugly events placed our lives into an unstoppable whirlwind of desire, betrayal, corruption, infidelity, and even death. Little did we know, our story, the story of The Bell sisters, the story of our lives, was being written in the process. Within these pages hold our secrets disguised as a nostalgic and dark tale of reality. Our family will never be the same... V

Prep-Curtis Sittenfeld 2005-01-11 An insightful, achingly funny coming-of-age story as well as a brilliant dissection of class, race, and gender in a hothouse of adolescent angst and ambition. Lee Fiora is an intelligent, observant fourteen-year-old when her father drops her off in front of her dorm at the prestigious Ault School in Massachusetts. She leaves her animated, affectionate family in South Bend, Indiana, at least in part because of the boarding school’s glossy brochure, in which boys in sweaters chat in front of old brick buildings, girls in kilts hold lacrosse sticks on pristinely mown athletic fields, and everyone sings hymns in chapel. As Lee soon learns, Ault is a cloistered world of jaded, attractive teenagers who spend summers on Nantucket and speak in their own clever shorthand. Both intimidated and fascinated by her classmates, Lee becomes a shrewd observer of—and, ultimately, a participant in—their rituals and mores. As a scholarship student, she constantly feels like an outsider and is both drawn to and repelled by their other loners. By the time she’s a senior, Lee has created a hard-won place for herself at Ault. But when her behavior takes a self-destructive and highly public turn, her carefully crafted identity within the community is shattered. Ultimately, Lee’s experiences—complicated relationships with teachers; intense friendships with other girls; an all-consuming preoccupation with a classmate who is less than a boyfriend and more than a crush; conflicts with her parents, from whom Lee feels increasingly distant—coalesce into a singular portrait of the painful and thrilling adolescence universal to us all. BONUS: This edition includes an excerpt from Curtis Sittenfeld’s Sisterland. Praise for Prep “Curtis Sittenfeld is a young writer with a crazy amount of talent. Her sharp and economical prose reminds us of Joan Didion and Tobias Wolff. Like them, she has a sly and potent wit, which cuts unexpectedly—but often—through the placid surface of her prose. Her voice is strong and clear, her moral compass steady; I’d believe anything she told me.”—Dave Eggers, author of A Heartbreaking Work of Staggering Genius “Prep’s every sentence rings true. Sittenfeld is a rising star.”—Wally Lamb, author of She’s Come Undone and I Know This Much Is True

One Day I Will Write About This Place-Binyavanga Wainaina 2011-07-19 \*A New York Times Notable Book\* \*A New York Times Book Review Editors’ Choice\* \*A Publishers Weekly Top Ten Book of the Year\* Binyavanga Wainaina tumbled through his middle-class Kenyan childhood out of kilter with the world around him. This world came to him as a chaos of loud and colorful sounds: the hair dryers at his mother’s beauty parlor, black mamba bicycle bells, mechanics in Nairobi, the music of Michael Jackson—all punctuated by the infectious laughter of his brother and sister, Jimmy and Ciru. He could fall in with their patterns, but it would take him a while to carve out his own. In this vivid and compelling debut memoir, Wainaina takes us through his school days, his mother’s religious period, his failed attempt to study in South Africa as a computer programmer, a moving family reunion in Uganda, and his travels around Kenya. The landscape in front of him always claims his main attention, but he also evokes the shifting political scene that unsettles his views on family, tribe, and nationhood. Throughout, reading is his refuge and his solace. And when, in 2002, a writing prize comes through, the door is opened for him to pursue the career that perhaps had been beckoning all along. A series of fascinating international reporting assignments follow. Finally he circles back to a Kenya in the throes of postelection violence and finds he is not the only one questioning the old certainties. Resolutely avoiding stereotype and cliché, Wainaina paints every scene in One Day I Will Write About This Place with a highly distinctive and hugely memorable brush.

Living and Dying in Brick City-Sampson Davis 2013-02-12 A riveting personal exploration of the healthcare crisis facing inner-city communities, written by an emergency room physician who grew up in the very neighborhood he is now serving Sampson Davis is best known as one of three friends from inner-city Newark who made a pact in high school to become doctors. Their book The Pact and their work through the Three Doctors Foundation have inspired countless young men and women to strive for goals they otherwise would not have dreamed they could attain. In this book, Dr. Davis looks at the healthcare crisis in the inner city from a rare perspective: as a doctor who works on the front line of emergency medical care in the community where he grew up, and as a member of that community who has faced the same challenges as the people he treats every day. He also offers invaluable practical advice for those living in such communities, where conditions like asthma, heart disease, stroke, obesity, and AIDS are disproportionately endemic. Dr. Davis’s sister, a drug addict, died of AIDS; his brother is now paralyzed and confined to a wheelchair as a result of a bar fight; and he himself did time in juvenile detention—a wake-up call that changed his life. He recounts recognizing a young man who is brought to the E.R. with critical gunshot wounds as someone who was arrested with him when he was a teenager during a robbery gone bad; describes a patient whose case of sickle-cell anemia results an ethical dilemma; and explains the difficulty he has convincing his landlord and friend, an older woman, to go to the hospital for much-needed treatment. With empathy and hard-earned wisdom, Living and Dying in Brick City presents an urgent picture of medical care in our cities. It is an important resource guide for anyone at risk, anyone close to those at risk, and anyone who cares about the fate of our cities. Praise for Living and Dying in Brick City “A pull-no-punches look at health care from a seldom-heard sector. . . . Living and Dying isn’t a sky-is-falling chronicle. It’s a real, gutsy view of a city hospital.”—Essence “Gripping . . . a prescription to help kids dream bigger than their circumstances, from someone who really knows.”—People “[Dr. Davis] is really a local hero. His story has inspired so many of our young people, and he’s got his finger on the pulse of what is a challenge in Newark, and frankly all across America. . . . I think his book is going to make a big impact.”—Cory Booker “Some memoirs are heartfelt, some are informative and some are even important. Few, however, are all three. . . . As rare as it is for a book to be heartfelt, well written and inspirational, it’s even rarer for a critic to say that a book should be required reading. This ought to be included in high school curricula—for the kids in the suburbs who have no idea what life is like in the inner cities, and for the kids in the inner cities to know that there is a way out.”—The Star-Ledger “Dramatic and powerful.”—New York Daily News “This book just might save your life. Sampson Davis shares fascinating stories from the E.R. and addresses the inner-city health crisis. His book is an important investment in your most valuable resource: your health.”—Suzie Orman, author of The Money Class
