This book tells dozens of stories of such discoveries, of the treasured old tractor parked in a shed since 1927, of the pristine model unearthed at an estate sale, of the broken-down old beauty stashed in a barn where generations of children have made their secret hideaways. These are the classic tractors that are often as hard to find as a needle in a haystack—but far more fun to discover, as all of these delightful stories make abundantly clear.

In The Wonder of Girls, Gurian, himself the father of two girls, provides crucial information for fully understanding the basic nature of girls: up-to-date scientific research on female biology, hormones, and brain development and how they shape girls' interests, behavior, and relationships. He also offers insight into a culture mired in competition between traditionalism and feminism and a new vision that provides for the equal status of girls and women yet acknowledges their nature as complex and distinct from men. He explains what is "normal" for girls each year from birth to age 20; what developmental needs girls face in each stage; how to communicate effectively with girls; and how to cope with developmental crises such as early sexuality, eating disorders, parental divorce, and more. With personal insights, practical tips, real-life anecdotes, and accessible science, The Wonder of Girls creates a new parenting paradigm. Key elements include: a nature-based approach to why girls are the way they are the connection between the need for profound attachment and the physical and brain development of girls support for a girl's inherent need for intimacy tools to protect girls' self-esteem and emotional life a new approach to girls' character development and rites of passage. With this scientifically based developmental map of girlhood, Gurian equips parents with a comprehensive guide for raising daughters. Challenging our culture to examine and embrace a crucial piece of the puzzle missing thus far, The Wonder of Girls elevates the dialogue on parenthood.

The Great Second Advent Movement-John Norton Loughborough 1909 There are already many useful books in the hands of the people, and my apology for adding another to the list, is that in these pages I state many things concerning Adventist, and especially Seventh-day Adventist, which have not heretofore been brought in this form before the people. Besides this, many who espoused the cause in later years, and who have not witnessed the things mentioned, have earnestly requested a narration of these facts and experiences from those earlier in the work. Having been familiar with the advent movement in 1843 and 1844, and having, since Jane. 2, 1849 proclaimed the doctrine, first as an Adventist, I esteem it a pleasure to "speak the things i have seen and heard."--Chapter I-- Introductory. Chapter II-- The Plan of Salvation Unfolded. Chapter III-- The Coming of the Promised Seed. Chapter IV-- The Time of the End. Chapter V-- The Second Advent Message. Chapter VI-- The Message and the Messengers. Chapter VII-- The Rapid Advancement of the Message. Chapter VIII- The Marriage Supper of the Lamb. Chapter IX-- The Tarrying Time. Chapter X-- The Midnight Cry. Chapter XI --The Second Angel's Message. Chapter XII--The Disappointment--The Bitter Book. Chapter XIII--Tokens of Divine Guidance. Chapter XIV--The Shut Door. Chapter XV-- Increasing Light and Greater Wonders. Chapter XVI--The Third Angel's Message. ChapterXVII--Truth Advanced Under Difficulties. Chapter XVIII--Providence of God in the Publishing Work. Chapter XIX-- "By Their Fruits Ve Shall Know Them". Chapter XX-- Sacrifices in the Early Work. Chapter XXI--The Guiding Hand in the Work. Chapter XXII-Organization. Chapter XXIII--Health Institutions. Chapter XXIV--Other Prediction Fulfilled. Chapter XXV--Educational Institutions. Chapter XXVI--Our Foreign Missions. Chapter XXVII--Other Testimonies Confirmed. Alice's Adventures in Wonderland (Collins Classics)-Lewis Carroll 2010-06-03 HarperCollins is proud to present a range of best-loved, essential classics.

Alice's Adventures in Wonderland-Lewis Carroll 2015-09-29 Commemorating the 150th anniversary of one of the most beloved classics of children's literature, this illustrated edition presents Alice like you've never seen her before. In 1865, Charles Lutwidge Dodgson, an Oxford mathematician and Anglican deacon, published a story about a little girl who tumbles down a rabbit hole. Thus was the world first introduced to Alice and her pseudonymous creator, Lewis Carroll. This beautiful new edition of Alice's Adventures in Wonderland features rarely seen illustrations by Salvador Dalí that illuminate the surreal yet curiously logical and mathematical realm into which Alice famously falls. In an informative and wide-ranging introduction, Carroll expert Mark Burstein discusses Dalí's connections with Carroll, his treatment of the symbolic figure of Alice, and the mathematical nature of Wonderland. In addition, mathematician Thomas Banchoff reflects on the friendship he shared with Dalí and explores the mathematical undercurrents in Dalí's work.

The Final Silence-Stuart Neville 2014-10-28 Stuart Neville, “the current master of neo-noir detective fiction” (Boston Globe), is back with a chilling new thriller Belfast, Northern Ireland: Rea Carlisle has inherited a house from an uncle she never knew. It doesn't take her long to clear out the dead man's remaining possessions, but one room remains stubbornly locked. When Rea finally forces it open, she discovers inside a chair, a table—and a leather-bound book, its pages filled with locks of hair, fingernails: a catalogue of victims. Horrified, Rea wants to go straight to the police but her family intervenes, fearing that scandal will mar her politician father's public image. Rea turns to the only person she can think of: disgraced police inspector Jack Lennon. He is facing suspension from the force and his new supervisor, DCI Serena Flanagan, is the toughest cop he's ever met. But a gruesome murder brings the dead man's terrifying journal to the top of the Belfast police's priority list.

Final Justice-W.E.B. Griffin 2003-12-30 Just as with his remarkable military novels, millions of readers have been captured by the rich characters and vivid realism of W. E. B. Griffin's police dramas. “Griffin has the knack,” writes The Philadelphia Inquirer. He “sets his novel before you in short, fierce, stop-for-nothing scenes. Before you know it, you’ve gobbled it up.” Now, in Final Justice, Detective Matt Payne of the Philadelphia police department—newly promoted to sergeant and assigned to homicide—finds himself in the middle of three major assignments. The first case, a fatal shooting at a fast-food restaurant, seems simple, but rapidly becomes complicated. The second, a rape that tumbled into murder, begins complicated and only gets more so, as it becomes apparent that the crime may be part of a disturbing, and escalating, pattern. The third is the most bizarre, as Payne becomes involved with a local figure who long ago fled the country, leaving behind the mummified body of his girlfriend in a trunk. Ever since, the murderer has been sending taunting postcards from his safe haven—but all that may be about to change. Weaving in and around this already hectic schedule are the visit to Philadelphia of the self-absorbed star of a series of improbable police movies, who wants Payne to show him “the real stuff,” and the appearance in Payne’s life of two very different women. Either one of them alone would be enough to set his head spinning, but together . . . this might be the most complicating thing of all. Filled with color and detail and plots as real as the headlines, this is a riveting novel of the men and women who put their lives on the line, from the cop on the beat to the commissioner himself. It’s a story of fears, dangers, courage, loyalty, and genuine heroism: storytelling at its best.

From Jailer to Jailed-Bernard B. Kerik 2015-03-31 The controversial New York City police commissioner and New York Times bestselling author of The Lost Son shares the story of his fall from grace and the effects of his incarceration on his views of the American justice system. Bernard Kerik was New York City’s police commissioner during the 9/11 attacks, and became an American hero as he led the NYPD through rescue and recovery efforts of the World Trade Center. His résumé as a public servant is long and storied, and includes receiving a Medal of Honor. In 2004, Kerik was nominated by George W. Bush to head the Department of Homeland Security. Now, he is a former Federal Prison Inmate known as #84888-054. Convicted of tax fraud and false statements in 2007, Kerik was sentenced to four years in federal prison. Now, for the first time, he talks candidly about what it was like on the inside: the torture of solitary confinement, the abuse of power, the mental and physical torment of being locked up in a cage, the powerlessness. With newfound perspective, Kerik makes a plea for change and illuminates why our punishment system doesn’t always fit the crime. In this extraordinary memoir, Kerik reveals his unprecedented view of the American penal system from both sides: as the jailer and the jailed. With astonishing candor, bravery, and insider’s intelligence, Bernard Kerik shares his fall from grace to incarceration, and turns it into a genuine and uniquely insightful argument for criminal justice reform.
