The Savvy Investor's Pocket Guide is a self-improvement guide that provides ordinary people with the tools that will enable them to become financially savvy quickly and successfully. Identifying the common mistakes people make when dealing with their finances, the guide sets out how to rectify them. It also highlights how one can achieve financial independence by cutting back on some expenses, like luxury cars, and the benefits of starting to save as early as possible. The book also explains in easy-to-understand terms how to draw up and stick to a budget; make shrewd investments in various investment vehicles; consolidate and eliminate debt; draw up a will; get the most out of short-term and life insurance; and save enough money to retire. The Savvy Investor's Pocket Guide serves as a wake-up call to stop wasting money and start investing for a financially secure future. A must-read for anyone who wants to not only improve their finances, but also their life in general.
Financial Freedom Through Property-Laurens Boel 2020-03-01 A step-by-step, practical guide on how to purchase your first investment property, written in easy-to-understand, conversational language that explains complex concepts simply. Most people believe that property is a great investment, but that in order to get into property you need money, contacts and experience. When you only see the barriers to entry, you tend to give up before you even try. Property investment expert Laurens Boel believes that with the right knowledge anyone can make money in property, regardless of the resources available to them. Financial Freedom Through Property is filled with practical tips, insider secrets and case studies. It explains the risks and rewards of property investing, how to make the right offer on property deals, raise capital, contract the right team, negotiate win-win scenarios, utilise innovative PropTech, find discounted properties and enjoy positive cash flows from day one. It also tells the story of how the author became one of the top property investors in South Africa - after being retrenched and going broke. Financial Freedom Through Property is an inspirational book for those who want to create a better financial future for themselves. You don't need to be a property mogul to make money on the property market - all you need is the willingness and the time to learn how to do it.
Essentials of Managerial Finance-Scott Besley 2005 Essentials of Managerial Finance is the classic that started the First in Finance franchise. Now in its Thirteenth Edition, this best-selling text is renowned for its excellent blend of theoretical and applied material, comprehensive support package, and applicable real-world examples. In addition to its continued coverage of such hot topics as multinational finance, ethical dilemma discussions are incorporated throughout the text. Formerly known as "Weston/Besley/Brigham", Scott Besley is now the primary author.
Financial Theory and Corporate Policy-Thomas E. Copeland 2013-07-17 This classic textbook in the field, now completely revised and updated, provides a bridge between theory and practice. Appropriate for the second course in Finance for MBA students and the first course in Finance for doctoral students, the text prepares students for the complex world of modern financial scholarship and practice. It presents a unified treatment of finance combining theory, empirical evidence and applications.
Macroeconomics-Charles I. Jones 2010 Now updated to include new chapters dedicated to the Global Economic Crisis. The most exciting new text in a generation, Chad Jones's Macroeconomics will change the way intermediate macroeconomics courses are taught. It is the first and only undergraduate text to present the Romer model of Endogenous Technological Change, which is integral to the way economists study growth theory today. Other texts stop at the Solow model, an approach first formulated in the 1950s. Jones presents the Romer model at an appropriate level for undergraduates. The text is written in an engaging, conversational style that makes students feel as though they are sitting in on one of Professor Jones's lectures. When introducing new material, he presents it in a careful, patient manner and follows the discussion with case studies and worked examples. Each chapter includes two complete worked examples that walk students step-by-step through the material covered in that chapter. In addition, this is the first text in the intermediate macroeconomics market to be fully integrated with an online homework management system. The easy-to-use SmartWork homework management system offers extensive answer feedback as students work through a problem. Click here to find out more
