Latina Issues: Fragments of Historia(ella) (Herstory)-Antoinette Sedillo López 2020-08-12 This book attempts to make Latina history visible and Latina voices heard. It focuses solely on women – not to marginalize Latina stories but to showcase them, illustrating Latina perspectives on colonization, gender, race, and class.

Environmental Impacts of Mining Activities-Jose M. Azcue 2012-12-06 Since the mining industry is still expanding, comprehensive information on the effects of mining activities on the environment is needed. This book provides information on biological and physico-chemical treatments of mining effluents, on factors affecting human health and on environmental effects that have to be taken into account by the mining industry when aiming for sustainable development of their industry. Further regulatory guidelines and legislation relevant to the decommissioning of mining sites are reviewed. Mining industry, consulting companies, and governmental agencies alike will find a wealth of valuable information in this book.

Lead-Harry M. Callaway 1962

Annual report of the Maine Agricultural Experiment Station- 1911

A Supplement to Ure's Dictionary of Arts, Manufactures, and Mines-Robert Hunt 1866

A Revolution in Fragments-Mark Goodale 2019-11-22 The years between 2006 and 2015, during which Evo Morales became Bolivia's first indigenous president, have been described as a time of democratic and cultural revolution, world renewal (Pachakuti), reconstituted neoliberalism, or simply "the process of change." In A Revolution in Fragments Mark Goodale unpacks these various analytical and ideological frameworks to reveal the fragmentary and contested nature of Bolivia's radical experiments in pluralism, ethnic politics, and socioeconomic planning. Privileging the voices of social movement leaders, students, indigenous intellectuals, women's rights activists, and many others, Goodale uses contemporary Bolivia as an ideal case study with which to theorize the role that political agency, identity, and economic equality play within movements for justice and structural change.

A Dictionary of Arts, Manufactures, and Mines-Andrew Ure 1853

Sophocles. Tragedies and Fragments-Sophocles 1906

Posidonius: Volume 3, The Translation of the Fragments-Posidonius 2004-05-20 This book translates the surviving evidence for one of the most important intellectual figures of the Graeco-Roman world, whose interests spread widely over philosophy, history and the sciences. The translations are accompanied by contextual introductions and explanatory notes, and a general introduction assesses the importance of Posidonius and his contribution. The order of fragments follows exactly that of the ancient texts collected and edited by L. Edelstein and I. G. Kidd in Posidonius Vol. I and completes (with Vol. II The Commentary) what has become the definitive modern edition.

Mining American- 1912

Discourses. Fragments, Handbook-Epictetus 2014-02-13 'About things that are within our power and those that are not.' Epictetus's Discourses have been the most widely read and influential of all writings of Stoic philosophy, from antiquity onwards. They set out the core ethical principles of Stoicism in a form designed to help people put them into practice and to use them as a basis for leading a good human life. Epictetus was a teacher, and a freed slave, whose discourses have a vivid informality, animated by anecdotes and dialogue. Forceful, direct, and challenging, their central message is that the basis of happiness is up to us, and that we all have the capacity, through sustained reflection and hard work, of achieving this goal. They still speak eloquently to modern readers seeking meaning in their own lives. This is the only complete modern translation of the Discourses, together with the Handbook or manual of key themes, and surviving fragments. Robin Hard's accurate and accessible translation is accompanied by Christopher Gill's full introduction and comprehensive notes. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Shards-Francesca Albini 2003-09-01 Shards is a meditative sequence of prose-poems. The idea is that life is like a broken vase, with every piece of glass reflecting light in its own way. The writing has a loose, sometimes Zen-like, rhythm and flavour, and the book taps into a varied background, bringing together images from different worlds and experiences. Shards deals with identity, memory and consciousness, with the blurred line between reality and reverie, in an immediate style that appeals also to the reader who finds traditional poetry too distant.

Engineering and Mining Journal- 1894

Cyclopaedia of Useful Arts, Mechanical and Chemical, Manufactures, Mining and Engineering-Charles Tomlinson 1866

Mines and Minerals- 1908

Fragments-

Clarkeian Fragments- 1832

Ordinary Fragments-Audrey Brown Lightbody 2012-09-19 Through fourteen weeks of daily devotionals, she guides us to understand that God is in the ordinary. The simplicity of the everydayness of living can serve as pathways to God. Life-changing moments are rare. The everyday is where humanity lives. In looking at a variety of fragments, a new and different understanding of the value of the very ordinary may emerge in the God relationship and thus change the individual journey. Audrey Brown Lightbody is, by nature, a true weaver! Her book is a woven tapestry of vignettes, reflections, poetry, and evocative questions a unique presentation of guided meditations which invite us to discover what of The Holy may be close beneath the surface of the ordinary of our lives. A book to be kept near at hand, these readings will prompt fresh insights and inspiration over many occasions. For group reflection, as well as individual prayer, Ordinary Fragments is a rich and deeply engaging resource. from the Spirit Group who shared the journey
