Looking for sample exams, practice questions, and test-taking strategies? Check out our extended, in-depth prep guide, Cracking the AP U.S. History Exam!

U.S. History-P. Scott Corbett 2017-12-19 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Latin America since Independence-Alexander Dawson 2014-09-22 What is Latin America, after all? While histories of the "other" Americas often link disparate histories through revolutionary or tragic narratives, Latin America since Independence begins with the assumption that our efforts to imagine a common past for nearly thirty countries are deeply problematic. Without losing sight of chronology or regional trends, this text offers glimpses of the Latin American past through carefully selected stories. Each chapter introduces students to a specific historical issue, which in turn raises questions about the history of the Americas as a whole. Key themes include: Race and Citizenship Inequality and Economic Development Politics and Rights Social and Cultural Movements Globalization Violence and Civil Society The short, thematic chapters are bolstered by the inclusion of relevant primary documents - many translated for the first time - including advertisements and posters, song lyrics, political speeches, government documents, and more. Each chapter also includes timelines highlighting important dates and suggestions for further reading. Richly informative and highly readable, Latin America since Independence provides compelling accounts of this region's past and present. This second edition brings the story up to the present, with revised chapters, new primary documents and images, and a new 'At A Glance' feature that uses a selection of maps and tables to illuminate key issues like the economy, the environment, and demographics. For additional information and classroom resources please visit the Latin America since Independence companion website at [www.routledge.com/cw/dawson](http://www.routledge.com/cw/dawson).

Before Journalism Schools-Randall S. Sumpter 2018-06-29 Randall Sumpter questions the dominant notion that reporters entering the field in the late nineteenth century relied on an informal apprenticeship system to learn the rules of journalism. Drawing from the experiences of more than fifty reporters, he argues that cub reporters could and did access multiple sources of instruction, including autobiographies and memoirs of journalists, fiction, guidebooks, and trade magazines. Arguments for “professional journalism” did not resonate with the workaday journalists examined here. These news workers were more concerned with following a personal rather than a professional code of ethics, and implemented their own work rules. Some of those rules governed “delinquent” behavior. While scholars have traced some of the connections between beginning journalists and learning opportunities, Sumpter shows that much more can be discovered, with implications for understanding the development of journalistic professionalism and present-day instances of journalistic behavior.

The Americans Study Guide Reconstruction to the 21st Century Grades 9-12-Holt McDougal 1998-06-11

A People and a Nation Study Guide-Norton 2000-08 Provides supplementary instruction and increases students' chances for academic success by helping them get the most out of their textbooks.

No Shortcuts-Jane F. McAlevey 2016 "An examination of strategies for effective organizing"--

Study Guide to Accompany Irwin Unger's These United States, the Questions of Our Past-Ronald S. Brockway 1982

The American Promise, Combined Edition-James L. Roark 2019-09-18 The American Promise has long been a course favorite for its readability, clear chronology, and the voices of Americans that animate the book. Now with new co-authors, the eighth edition continues to deliver a strong narrative with political backbone and offers a new pedagogical design that reinforces that history is a discipline rooted in debate and inquiry. The American Promise has primary sources in each chapter, a full-color map and art program, and comprehensive supplement options, including LaunchPad and a free companion sourcebook. Available for free when packaged with the print book, the popular digital assignment and assessment options for this text bring skill building and assessment to a more highly effective level. The greatest active learning options come in LaunchPad, which combines an accessible e-book with LearningCurve, an adaptive and automatically graded learning tool that--when assigned--helps ensure students read the book; the complete companion reader with comparative questions that help students build arguments from those sources; and many other study and assessment tools. For instructors who want the easiest and most affordable way to ensure students come to class prepared Achieve Read & Practice pairs LearningCurve, adaptive quizzing and our mobile, accessible Value Edition e-book, in one easy-to-use product.

The Americans- 2002-03-13

America: History of Our Nation-James West Davidson

The "gospel of Wealth" Essays and Other Writings-Andrew Carnegie 2006 In the essay, Carnegie argues that the accumulation of wealth is beneficial to society and the government should take no action to impede it. He wrote, "The man who dies rich dies disgraced." and practiced what he preached and spent his last years giving away his vast fortune.

The Republic for Which It Stands-Richard White 2017-08-04 The Oxford History of the United States is the most respected multivolume history of the American nation. In the newest volume in the series, The Republic for Which It Stands, acclaimed historian Richard White offers a fresh and integrated interpretation of Reconstruction and the Gilded Age as the seedbed of modern America. At the end of the Civil War the leaders and citizens of the victorious North envisioned the country's future as a free-labor republic, with a homogenous citizenry, both black and white. The South and West were to be reconstructed in the image of the North. Thirty years later Americans occupied an unimagined world. The unity that the Civil War supposedly secured had proved ephemeral. The country was larger, richer, and more extensive, but also more diverse. Life spans were shorter, and physical well-being had diminished, due to disease and hazardous working conditions. Independent producers had become wage earners. The country was Catholic and Jewish as well as Protestant, and increasingly urban and industrial. The "dangerous" classes of the very rich and poor expanded, and deep differences -- ethnic, racial, religious, economic, and political -- divided society. The corruption that gave the Gilded Age its name was pervasive. These challenges also brought vigorous efforts to secure economic, moral, and cultural reforms. Real change -- technological, cultural, and political -- proliferated from below more than emerging from political leadership. Americans, mining their own traditions and borrowing ideas, produced creative possibilities for overcoming the crises that threatened their country. In a work as dramatic and colorful as the era it covers, White narrates the conflicts and paradoxes of these decades of disorienting change and mounting unrest, out of which emerged a modern nation whose characteristics resonate with the present day.

Gilded Mansions-Wayne Craven 2009 A lavishly illustrated history of the opulent art and architecture of the Gilded Age. The Gilded Age (1865-1918) saw the sudden rise of America's first High Society, including such prominent families as the Astors, Whitneys, and Vanderbilts. As an aristocracy based on fortunes recently acquired, these families endeavored to live like Europe's blue-blooded nobility, shedding Puritan restraint as they joyously flaunted their new wealth--especially where their homes were concerned. They erected French chateaus and Italian palazzos on New York's Fifth Avenue, at Newport, and elsewhere, often taking inspiration from Parisian styles of the Second Empire. They rejected more modest American styles just as they rejected middle-class society, and for interior decoration they turned to such artisans as Tiffany, Herter Brothers, and Allard's of Paris. Immensely readable and illuminated with 250 stunning color and black-and-white illustrations, this is the fascinating story of America's first millionaire society, the way they lived and partied, and the lush artistic and cultural legacy they established.

Spark Notes the Gilded Age-Sparknotes 2005-07-31 Covers major figures and events in the United States from 1877 to 1917. Herter Brothers-Katherine S. Howe 1994 The Herter brothers' extraordinary accomplishment has never before been the subject of a book. Here, at last, is an in-depth study of these talented men, their company, and its work, prized then as now for its design, richness of materials and detail, superb craftsmanship, and splendid diversity.

Instructor's Manual to Accompany American History, a Survey-Brinkley 2002-09-01

The Gilded Age- 2007 "Involving students in real historical problems that convey powerful lessons about U.S. history, these thought-provoking activities combine core content with valuable practice in decision making, critical thinking, and understanding multiple perspectives. O'Reilly - an experienced, award winning teacher - has students tackle fascinating historical questions that put students in the shoes of a range of people from the past, from the rich and famous to ordinary citizens. Each lesson can be done either as an in-depth activity or as a "quick motivator." Detailed teacher pages give step-by-step instructions, list key vocabulary terms, offer troubleshooting tips, present ideas for post-activity discussions, and furnish lists of related sources. Reproducible student handouts clearly lay out the decision-making scenarios, provide "outcomes," and present related primary source readings and/or images with analysis questions"--Page 4 of cover.

Death in the Haymarket-James Green 2007 A study of America's early labor movement and the 1886 Haymarket bombing at a Chicaco labor rally that killed several police officers discusses the events of the infamous attack, its sensational aftermath, and its devastating repercussions in terms of the growing union movement. Reprint. 10,000 first printing.

American Country Houses of the Gilded Age-A. Lewis 2013-03-21 Reproduces all of Sheldon's fascinating and historically important photographs and plans for a total of 97 buildings (93 houses, 4 casinos) built during the 1880s. Approximately 200 illustrations.

Mrs. Astor's New York-Eric Homberger 2004-09 Mrs Astor, queen of New York society in the decades before World War I, used her prestige to create a social aristocracy in the city. Mrs Astor's story, told here by Eric Homberger, sheds light on the origins, extravagant lifestyle, and social competitiveness of this aristocracy.

Rebirth of a Nation-Jackson Lears 2009-06-09 "Fascinating.... A major work by a leading historian at the top of his game—at once engaging and tightly argued." —The New York Times Book Review "Dazzling cultural history: smart, provocative, and gripping. It is also a book for our times, historically grounded, hopeful, and filled with humane, just, and peaceful possibilities." —The Washington Post An illuminating and authoritative history of America in the years between the Civil War and World War I, Jackson Lears's Rebirth of a Nation was named one of the best books of 2009 by The Washington Post, The Chicago Tribune, and The Pittsburgh Post-Gazette.

Triumvirate: McKim, Mead & White-Mosette Broderick 2010-10-26 A rich, fascinating saga of the most influential, far-reaching architectural firm of their time and of the dazzling triumvirate—Charles McKim, William Mead, and Stanford White—who came together, bound by the notion that architecture could help shape a nation in transition. They helped to refine America's idea of beauty, elevated its architectural practice, and set the standard on the world's stage. Their world and times were those of Edith Wharton and Henry James, though both writers and their society shunned the architects as being much too much about new money. They brought together the titans of their age with a vibrant and new American artistic community and helped to forge the arts of America's Gilded Age, informed by the heritage of European culture. McKim, Mead & White built houses for America's greatest financiers and magnates: the Astors, Joseph Pulitzer, the Vanderbilts, Henry Villard, and J. P. Morgan, among others . . . They designed and built churches—Trinity Church in Boston, Judson Memorial Baptist Church in New York, and the Lovely Lane Methodist Church in Baltimore . . . They built libraries—the Boston Public Library—and the social clubs for gentlemen, among them, the Freundschaft, the Algonquin of Boston, the Players club of New York, the Century Association, the University and Metropolitan clubs. . . . They built railroad terminals—the original Pennsylvania Station in New York City—and the first Roman arch in America for Washington Square (it put the world on notice that New York was now a major city on a par with Rome, Paris, and Berlin). They designed and built Columbia University, with Low Memorial Library at the centerpiece of its four-block campus, and New York University, and they built, as well, the old Madison Square Garden whose landmark tower marked its presence on the city's skyline . . . Mosette Broderick's Triumvirate is a book about America in its industrial transition; about money and power; about the education of an unsophisticated young country, and about the coming of artists as an accepted class in American society. Broderick, a renowned architectural and social historian, brilliantly weaves together the strands of biography, architecture, and history to tell the story of the houses and buildings Charles McKim, William Mead, and Stanford White designed. She writes of the firm's clients, many of whom were establishing their names and places in upper-class society as they built and grabbed railroads, headed law firms and brokerage houses, owned newspapers, developed iron empires, and carved out a new direction for America's modern age.

Creating America, Grades 6-8 Beginnings Through Reconstruction Reading Study Guide- 2002-02-02

Historical Perspectives (a Reader & Study Guide, Volume 1, Third Edition)-Louise A. Mayo 2001

The Upswing-Robert D. Putnam 2020-10-13 An eminent political scientist's brilliant analysis of economic, social, and political trends over the past century demonstrating how we have gone from an individualistic "I" society to a more communitarian "We" society and then back again, and how we can learn from that experience to become a stronger, more unified nation—from the author of Bowling Alone and Our Kids. Deep and accelerating inequality; unprecedented political polarization; vitriolic public discourse; a fraying social fabric; public and private narcissism—Americans today seem to agree on only one thing: This is the worst of times. But we've been here before. During the Gilded Age of the late 1800s, America was highly individualistic, starkly unequal, fiercely polarized, and deeply fragmented, just as it is today. However as the twentieth century opened, America became—slowly, unevenly, but steadily—more egalitarian, more cooperative, more generous; a society on the upswing, more focused on our responsibilities to one another and less focused on our narrower self-interest. Sometime during the 1960s, however, these trends reversed, leaving us in today's disarray. In a sweeping overview of more than a century of history, drawing on his inimitable combination of statistical analysis and storytelling, Robert Putnam analyzes a remarkable confluence of trends that brought us from an "I" society to a "We" society and then back again. He draws inspiring lessons for our time from an earlier era, when a dedicated group of reformers righted the ship, putting us on a path to becoming a society once again based on community. Engaging, revelatory, and timely, this is Putnam's most ambitious work yet, a fitting capstone to a brilliant career.

CLEP Official Study Guide-College Board 2006-08 Offers advice about taking multiple choice and essay CLEP examinations; describes each subject on the test, including English, foreign languages, and history; and aids in the interpretation of scores.

American Journey-James West Davidson 1992
