U.S. History-P. Scott Corbett 2017-12-19 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

America in the World-Robert B. Zoellick 2020-08-04 Ranging from Benjamin Franklin, Alexander Hamilton, and Thomas Jefferson to Henry Kissinger, Ronald Reagan, and James Baker, America in the World tells the vibrant story of American diplomacy. Recounting the actors and events of U.S. foreign policy, Zoellick identifies five traditions that have emerged from America's encounters with the world: the importance of North America; the special roles trading, transnational, and technological relations play in defining ties with others; changing attitudes toward alliances and ways of ordering connections among states; the need for public support, especially through Congress; and the belief that American policy should serve a larger purpose. These traditions frame a closing review of post-Cold War presidencies, which Zoellick foresees serving as guideposts for the future. Both a sweeping work of history and an insightful guide to U.S. diplomacy past and present, America in the World serves as an informative companion and practical adviser to readers seeking to understand the strategic and immediate challenges of U.S. foreign policy during an era of transformation.

Creating America, Grades 6-8 Beginnings through Reconstruction Reading Study Guide-Holt Mcdougal 2002-02

The Americans-John Jakes 2012-07-10 The conclusion of the epic historical family saga from the #1 New York Times–bestselling author and “superb storyteller” (The Columbus Dispatch). In the final installment of the Kent Family Chronicles, the remaining Kents seek to fulfill Philip Kent’s original American dream. As Gideon Kent’s health deteriorates, he fears for the future of his family. Their dynasty, now in ruins, stands as a tarnished symbol of all the Kents have lost in the unstable years of war and expansion. It falls to young Will to bring the family together—a task of epic scope. Only expert storyteller John Jakes could craft such a gripping finale to this beloved family saga, bringing the Kents’ drama—and the nineteenth century in America—to its riveting conclusion. This ebook features an illustrated biography of John Jakes including rare images from the author’s personal collection.

How the French Saved America-Tom Shachtman 2017-09-12 Americans today have a love/hate relationship with France, but in How the French Saved America Tom Shachtman shows that without France, there might not be a United States of America. To the rebelling colonies, French assistance made the difference between looming defeat and eventual triumph. Even before the Declaration of Independence was issued, King Louis XVI and French foreign minister Vergennes were aiding the rebels. After the Declaration, that assistance broadened to include wages for our troops; guns, cannon, and ammunition; engineering expertise that enabled victories and prevented defeats; diplomatic recognition; safe havens for privateers; battlefield leadership by veteran officers; and the army and fleet that made possible the Franco-American victory at Yorktown. Nearly ten percent of those who fought and died for the American cause were French. Those who fought and survived, in addition to the well-known Lafayette and Rochambeau, include François de Fleury, who won a Congressional Medal for valor, Louis Duportail, who founded the Army Corps of Engineers, and Admiral de Grasse, whose sea victory sealed the fate of Yorktown. This illuminating narrative history vividly captures the outsize characters of our European brothers, their battlefield and diplomatic bonds and clashes with Americans, and the monumental role they played in America’s fight for independence and democracy.

American Government-Glen Krutz 2018-01-07 Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.

AP\* U.S. History Review and Study Guide Aligned With American Pageant 15th Edition-Mill Hill Books 2015-10-07 Study guide and review for Advanced Placement United States History for the student serious about doing well in the course. It serves as a great resource either while going through the course, or at the end of the course as a review before the AP exam. This book is directly aligned with "American Pageant" (15th Edition) so the student will do as well as possible during the course. Included are detailed outlines. The outlines link directly to each chapter and to each chapter's sub-sections, thus making it great for a student taking U.S. History and using Bailey and Kennedy's "American Pageant" as his or her main text and who strives to excel in the course. Note: this is the ebook/epub/ipad version.

Berlin Diary-William L. Shirer 2011-10-23 The author of the international bestseller The Rise and Fall of the Third Reich offers a personal account of life in Nazi Germany at the start of WWII. By the late 1930s, Adolf Hitler, Führer of the Nazi Party, had consolidated power in Germany and was leading the world into war. A young foreign correspondent was on hand to bear witness. More than two decades prior to the publication of his acclaimed history, The Rise and Fall of the Third Reich, William L. Shirer was a journalist stationed in Berlin. During his years in the Nazi capital, he kept a daily personal diary, scrupulously recording everything he heard and saw before being forced to flee the country in 1940. Berlin Diary is Shirer’s first-hand account of the momentous events that shook the world in the mid-twentieth century, from the annexation of Austria and Czechoslovakia to the fall of Poland and France. A remarkable personal memoir of an extraordinary time, it chronicles the author’s thoughts and experiences while living in the shadow of the Nazi beast. Shirer recalls the surreal spectacles of the Nuremberg rallies, the terror of the late-night bombing raids, and his encounters with members of the German high command while he was risking his life to report to the world on the atrocities of a genocidal regime. At once powerful, engrossing, and edifying, William L. Shirer’s Berlin Diary is an essential historical record that illuminates one of the darkest periods in human civilization.

The Emigrant's Guide to North America-Robert MacDougall 1998-10-15 Robert MacDougall's The Emigrant's Guide to North America, written in Gaelic and published in 1841, attempts to give an accurate picture of Canada. Set up to provide a practical background for Highland Scots coming to Canada, it includes all the information MacDougall feels will be necessary -- including preparation for the trip. The book also serves as a type of travelogue, describing particular sights and sounds found on the way to his ultimate destination, Goderich, in the Huron Tract. This translated work retains the unmistakable speech patterns, images and rhymes of the Gaelic language. Robert MacDougall's quirky, opinionated personality speaks clearly, seeking to dispel some myths about Canada of the time by telling the "truth." This book deserves to be read by a wide audience. "I don't know where else you could find such riches of information and observation, so compactly presented, about this exhilarating and trying time in our past. Or get so fresh a sense of a real man of that time, with his energy and sweeping opinions and flourishing rhetoric. The translator and the editor have done a splendid job." -- Alice Munro>

Japanese American Internment During World War II-Wendy L. Ng 2002 Collects sources of information regarding the internment of Japanese Americans during World War II, including personal essays, photographs, and biographies of the major figures involved.

American History 2018-

A Field Guide to American Windmills-T. Lindsay Baker 1985-01-01 Traces the history of the use of windmills in the United States and surveys the various types of American windmills

Official Catalogue and Guide Book to the Pan-American Exposition- 1901

Webster's Guide to American History-Mortimer Jerome Adler 1971 Combines biographical sketches of great Americans and outstanding quotes with a concise survey of U.S. history

A Reader's Guide to Modern American Drama-Sanford Sternlicht 2002-04-01 Sanford Sternlicht presents a comprehensive survey of modern American drama beginning with its antecedents in Victorian melodrama through the present. He discusses the work and achievement of more than seventy playwrights, from Eugene O'Neill to Suzan-Lori Parks—from the golden era of Broadway to the rise of Off-Broadway and regional theater. Stern-licht shows how world theater influenced the American stage, and how the views of American dramatists reflected the great American social movements of their times. In addition, he describes the contributions of early experimental theater, the Federal Theater of the 1930s, African American, feminist, and gay and lesbian drama—and the joyous trends and triumphs of American musical theater.

Everything You Need to Ace American History in One Big Fat Notebook-Workman Publishing 2020-06-16 It's the revolutionary American history study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace American History . . . covers Native Americans to the war in Iraq. There are units on Colonial America; the Revolutionary War and the founding of a new nation; Jefferson and the expansion west; the Civil War and Reconstruction; and all of the notable events of the 20th century—World Wars, the Depression, the Civil Rights movement, and much more. The BIG FAT NOTEBOOK™ series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only book you need for each main subject taught in middle school: Math, Science, American History, English Language Arts, and World History. Inside the reader will find every subject's key concepts, easily digested and summarized: Critical ideas highlighted in neon colors. Definitions explained. Doodles that illuminate tricky concepts in marker. Mnemonics for memorable shortcuts. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers. They make learning fun, and are the perfect next step for every kid who grew up on Brain Quest.

The American Booksellers Guide- 1871

A Guide to the Battles of the American Revolution-Theodore P. Savas 2006-08-19 A Guide to the Battles of the American Revolution is the first comprehensive account of every engagement of the Revolution, a war that began with a brief skirmish at Lexington Green on April 19, 1775, and concluded on the battlefield at the Siege of Yorktown in October 1781. In between were six long years of bitter fighting on land and at sea. The wide variety of combats blanketed the North American continent from Canada to the Southern colonies, from the winding coastal lowlands to the Appalachian Mountains, and from the North Atlantic to the Caribbean. Unlike existing accounts, A Guide to the Battles of the American Revolution presents each engagement in a unique way. Each battle entry offers a wide and rich but consistent template of information to make it easy for readers to find exactly what they are seeking. Every entry begins with introductory details including the date of the battle, its location, commanders, opposing forces, terrain, weather, and time of day. The detailed body of each entry offers both a Colonial and British perspective of the unfolding military situation, a detailed and unbiased account of what actually transpired, a discussion of numbers and losses, an assessment of the consequences of the battle, and suggestions for further reading. Many of the entries are supported and enriched by original maps and photos. Fresh, scholarly, informative, and entertaining, A Guide to the Battles of the American Revolution will be welcomed by historians and general enthusiasts everywhere.

The Americans Study Guide Reconstruction to the 21st Century Grades 9-12-Holt McDougal 1998-06-11
