Handbook for Critical Cleaning: Cleaning agents and systems-Barbara Kanegsberg 2011 "Updated, re-organized, and rewritten, this second edition of a bestseller covers cleaning processes, applications, management, safety, and environmental concerns. A two-volume set, it discusses cleaning process applications, management, and safety and environmental concerns. International contributors give the text a global viewpoint. Color illustrations, video clips, and animations that make the information accessible are available from the website. The handbook is available for purchase individually or as the two-volume set"--  
Better Roads- 2003  
The Vitamin Solution-Romy Block 2015-11-17 Are you confused about vitamins? Unsure of which ones you need for optimal health, and what levels are safe? You're not alone. Many people's health issues could be improved with vitamins—if they only knew how to use them. In this award-winning book, The Vitamin Solution, Drs. Romy Block and Arielle Levitan provide a common-sense, medically sound approach to using vitamins to improve your diet, exercise plan, and overall health. In clear, accessible, language, they explain which vitamins and supplements can be helpful, which can be harmful, and which are altogether unnecessary; explore health topics including migraine, hair loss, fatigue, irritable bowel syndrome, hot flashes, and more; and address preventive care, providing insights on topics such as screening tests, weight loss, and preserving memory. Illuminating and accessible, The Vitamin Solution is an indispensable guide to safely incorporating vitamins and supplements into any lifestyle—one that will leave readers educated, informed, and armed with simple, everyday strategies for bettering their health.  
D and B Million Dollar Directory- 2011  
The Better Brain Solution-Steven Masley 2018-12-31 In this step-by-step guide to enhancing cognitive function and fighting—and even reversing—memory loss, Dr. Steven Masley (bestselling author of The 30-Day Heart Tune-Up) lays out a four-pillar diet-and-lifestyle approach to improving brain health, focusing on food, nutrients, exercise, and stress management. Based on more than a decade of clinical research, The Better Brain Solution provides the tools you need to fight back. Here, Dr. Masley explains exactly how changes in the way you eat and live can reverse elevated blood sugar levels and in the process improve cognitive performance and avert memory loss. Research has shown that insulin resistance, a condition that can lead to diabetes, can also cause memory loss and dementia, including Alzheimer's disease. Plus fifty delicious, easy-to-prepare recipes specially designed for optimal brain and body health, along with a practical way to assess cognitive function, and much, much more.  
Hungry for Solutions-Marci Serota 2019-06-19 Childhood obesity is an epidemic in America today. In this fast-paced, consumerist society, people are bombarded daily with food options that are over-processed, addictive, and barely resemble the food that humans were meant to eat. As a Registered Dietitian Nutritionist, Marci Serota has strong opinions about the food available to our youth today, and the expertise to circumvent these obstacles when it comes to raising her own children. But nothing could have prepared her for a diagnosis of Hypothalamic Obesity in her young son - a condition that causes constant hunger and severe obesity that does not respond to diet or exercise; until now. With immense strength, love and sacrifice, Marci stood by her son as they both struggled to get him to his now healthy weight. She provides this instructive and inspiring text full of tips, recipes and advice to parents around the world struggling with similar diagnoses in their children, for the healthcare professionals who care for them, and for anyone trying to promote a healthy lifestyle for their family.  
The Blood Sugar Solution-Mark Hyman 2012-02-28 In THE BLOOD SUGAR SOLUTION, Dr. Mark Hyman reveals that the secret solution to losing weight and preventing not just diabetes but also heart disease, stroke, dementia, and cancer is balanced insulin levels. Dr. Hyman describes the seven keys to achieving wellness-nutrition, hormones, inflammation, digestion, detoxification, energy metabolism, and a calm mind-and explains his revolutionary six-week healthy-living program. With advice on diet, green living, supplements and medication, exercise, and personalizing the plan for optimal results, the book also teaches readers how to maintain lifelong health.  
Groundbreaking and timely, THE BLOOD SUGAR SOLUTION is the fastest way to lose weight, prevent disease, and feel better than ever.

Limited Liability Entities-Bradley T. Borden 2012-05-17 The foremost authority on state laws governing limited liability companies, limited partnerships, and limited liability partnerships. This resource covers choice of entity, formation, admission, dissociation, dissolution, wind up, tax treatment; statutory and case sources are brought together in an accessible manner. By Bradley T. Borden, Robert J. Rhee Limited Liability Entities: State by State Guide to LLCs, LPs and LLPs is the country's foremost authority on the state laws governing limited liability companies, limited partnerships, and limited liability partnerships. It contains expert analysis and commentary by two of the nation's most renowned experts in this area of the law and compiles statutory and case sources in an accessible manner. Authors Bradley Borden and Robert Rhee provide seven annual updates to this product, making it the most timely and comprehensive work of its kind. Volume 1 provides a comprehensive overview of limited liability entities. It begins with a detailed review of the history and evolution of limited liability entities. It then provides an in-depth examination of the general state-law principles that govern limited liability entities, using the uniform limited liability entity laws as a basis for the discussion. Volume 1 also provides comprehensive coverage of the tax treatment of limited liability entities. Starting with Volume 2, the treatise provides in-depth coverage of the respective state laws that govern limited liability entities. For each state, the treatise provides commentary about the state law, including discussion of relevant case rulings. In these commentaries and when appropriate, comparisons are made to other state law and the uniform laws. These volumes also reproduce the relevant state laws that govern limited liability entities. Volume 2 covers the states of Alabama through Colorado Volume 3 covers the states of Connecticut through Hawaii Volume 4 covers the states of Idaho through Kentucky Volume 5 covers the states of Louisiana through Minnesota Volume 6 covers the states of Mississippi through New Hampshire Volume 7 covers the states of New Jersey through Ohio Volume 8 covers the states of Oklahoma through South Dakota Volume 9 covers the states of Tennessee through Vermont Volume 10 covers the states of Virginia through Wyoming  
Emergency Medicine Q&A: Pearls of Wisdom, Third Edition-Joseph Lex 2009-04-18 Market: emergency medicine residents and recertifying physicians Uses 750+ board-formatted questions to familiarize students with the actual test Enables students to quickly self-evaluate their knowledge of the subject Design has been updated to make reading easier and quicker  
GPS: Global Pandemic Solutions-Paul M. Willette MD 2020-07-06 Global Pandemic Solutions provides a road map to understand Coronavirus testing? Distinguishes the difference between the virus (SARS CoV-2) and the disease (Covid-19). A history of viruses and pandemics is explored. The innate and adaptive immune system is described in humans to understand how it interacts with the Coronavirus. The value of vaccines and ventilators as it relates to the Coronavirus is clarified. Beat Sugar Addiction Now!-Jacob Teitelbaum 2010-03-01 div The No-Fail Plan to Beating Sugar Addiction! With one-third of our calories coming from sugar and white flour added to processed foods, sugar addiction is a rapidly growing epidemic. However, unlike other addictions, going "cold turkey" won't fix it. In this groundbreaking book, nationally recognized physician Dr. Jacob Teitelbaum uncovers four types of sugar addiction and gives a step-by-step plan for resolving their underlying causes, breaking sugar cravings forever, and achieving dramatically improved health and energy levels—while also making it easier to lose weight! /DIV  
Nurse-Peter Jaret 2008 To care. To advocate. To innovate. To be a nurse.  
D & B Consultants Directory- 2010  
The Next Step: Advanced Medical Coding and Auditing, 2015 Edition - E-Book-Carol J. Buck 2015-01-01 Moving on to advanced medical coding is easy with Carol J. Buck's proven, step-by-step method! The Next Step: Advanced Medical Coding and Auditing, 2015 Edition helps you master coding skills for services such as medical visits, diagnostic testing and interpretation, treatments, surgeries, and anesthesia. Real-world patient cases give you hands-on practice with advanced, physician-based coding. Enhance your decision-making skills and learn to confidently pull the right information from medical documents, select the right codes, determine the correct sequencing of those codes, properly audit cases, and prepare for the transition to ICD-10 with the help of coding author and educator Carol Buck! Dual coding addresses the transition to ICD-10 by providing practice as well as coding answers for both ICD-9 and ICD-10. UNIQUE! Evaluation and Management (EM) audit forms, developed to determine the correct E/M codes, simplify the coding process and help to ensure accuracy. UNIQUE! Netter anatomy illustrations in each chapter help you understand anatomy and how it affects coding. Realistic patient cases simulate your first year of coding by using actual medical records (with personal patient details changed or removed), allowing you to practice coding with advanced material. From the Trenches boxes highlight the experiences of real-life professional medical coders and include photographs, quotes, practical tips, and advice. Auditing cases prepare you to assign correct codes to complicated records, as well as audit records for accuracy. More than 180 full-color illustrations depict and clarify advanced coding concepts. UPDATED content includes the latest coding information available, to promote accurate coding and success on the job.  
The Creative Destruction of Medicine-Eric J. Topol 2012 A professor of medicine reveals how technology like wireless internet, individual data, and personal genomics can be used to save lives.  
Community Banker- 2009-07  
Consultants and Consulting Organizations Directory- 2009 Indexes are arranged by geographic area, activities, personal name, and consulting firm name.  
Problem-Oriented Neurocritical Care-Tariq Janjua, M.d. 2015-06-18 This book is written to give the reader insight into how to think holistically about the breadth of related problems and not just one particular body system. The problems are presented with accompanying questions to prompt thinking followed by answers. There may be other satisfactory answers, but this format should prove helpful for providing clinical insights and for solving related problems.  
Flatlined-Guy L. Clifton 2008-12-02 Flatlined lifts the veil of secrecy on twenty-first century health care and delves into the realities of good people caught in a bad medical system. Dr. Guy L. Clifton, a practitioner as well as a policy advocate, reveals first-hand accounts of needless tragedy, such as the young man who died after a car wreck for lack of a bed in a qualified hospital and the surgeon who was dejected by the scarcity of resources needed to enable him to perform heart surgery on an uninsured man. Arguing that a lack of coordinated care and quality medical practice benchmarks result in high levels of redundancy and ineffectiveness, Clifton proposes that the key to reducing health care costs, improving quality, and financially protecting the uninsured, is to reduce wastefulness, and offers a solution for achieving success. Flatlined sounds the warning call. By 2018 Medicare and Medicaid will consume about one-third of the federal budget. American businesses now pay three times as much of their payroll for health care as global competitors, expected to worsen as health care grows at twice the rate of the U.S. economy. Based on his years of experience in policy and medicine, Clifton offers an attainable solution through the development of an American Medical Quality System.  
Registries for Evaluating Patient Outcomes-Agency for Healthcare Research and Quality/AHRQ 2014-04-01 This User's Guide is intended to support the design, implementation, analysis, interpretation, and quality evaluation of registries created to increase understanding of patient outcomes. For the purposes of this guide, a patient registry is an organized system that uses observational study methods to collect uniform data (clinical and other) to evaluate specified outcomes for a population defined by a particular disease, condition, or exposure, and that serves one or more predetermined scientific, clinical, or policy purposes. A registry database is a file (or files) derived from the registry. Although registries can serve many purposes, this guide focuses on registries created for one or more of the following purposes: to describe the natural history of disease, to determine clinical effectiveness or cost-effectiveness of health care products and services, to measure or monitor safety and harm, and/or to measure quality of care. Registries are classified according to how their populations are defined. For example, product registries include patients who have been exposed to biopharmaceutical products or medical devices. Health services registries consist of patients who have had a common procedure, clinical encounter, or hospitalization. Disease or condition registries are defined by patients having the same diagnosis, such as cystic fibrosis or heart failure. The User's Guide was created by researchers affiliated with AHRQ's Effective Health Care Program, particularly those who participated in AHRQ's DeCIde (Developing Evidence to Inform Decisions About Effectiveness) program. Chapters were subject to multiple internal and external independent reviews.  
Death Dear Doctor-A. J. Harris 2011-02  
The Autoimmune Solution-Amy Myers, M.D. 2015-01-27 Over 90 percent of the population suffers from inflammation or an autoimmune disorder. Until now, conventional medicine has said there is no cure. Minor irritations like rashes and runny noses are ignored, while chronic and debilitating diseases like Crohn's and rheumatoid arthritis are handled with a cocktail of toxic treatments that fail to address their root cause. But it doesn't have to be this way. In The Autoimmune Solution, Dr. Amy Myers, a renowned leader in functional medicine, offers her medically proven approach to prevent a wide range of inflammatory-related symptoms and diseases, including allergies, obesity, asthma, cardiovascular disease, fibromyalgia, lupus, IBS, chronic headaches, and Hashimoto's thyroiditis.  
The UltraMind Solution-Mark Hyman 2008-12-30 From the ten-time New York Times bestselling author of Ultrametabolism, The Blood Sugar Solution, and Eat Fat, Get Thin comes The UltraMind Solution. —Do you find it next to impossible to focus or concentrate? —Have you ever experienced instant clarity after exercise? Alertness after drinking coffee? —Does your brain inexplicably slow down during stress, while multitasking, or when meeting a deadline? —Do you get anxious, worried, or stressed-out frequently? In The UltraMind Solution, Dr. Mark Hyman explains that to fix your broken brain, you must heal your body first. Through his simple six-week plan, Dr. Hyman shows us how to correct imbalances caused by nutritional deficiencies, allergens, infections, toxins, and stress, restoring our health and gaining an UltraMind—one that's highly focused, able to pay attention at will, has a strong memory, and leaves us feeling calm, confident, in control, and in good spirits.  
LexisNexis Corporate Affiliations- 2008  
Opium-John H. Halpern 2019-08-13 From a psychiatrist on the frontlines of addiction medicine and an expert on the history of drug use comes the "authoritative, engaging, and accessible" history of the flower that helped to build (Booklist) -- and now threatens -- modern society. Opioid addiction is fast becoming the most deadly crisis in American history. In 2018, it claimed nearly fifty thousand lives -- more than gunshots and car crashes combined, and almost as many Americans as were killed in the entire Vietnam War. But even as the overdose crisis ravages our nation -- straining our prison system, dividing families, and defying virtually every legislative solution to treat it - few understand how it came to be. Opium tells the "fascinating" (Lit Hub) and at times harrowing tale of how we arrived at today's crisis, "mak[ing] timely and startling connections among painkillers, politics, finance, and society" (Laurence Bergreen). The story begins with the discovery of poppy artifacts in ancient Mesopotamia, and goes on to explore how Greek physicians and obscure chemists discovered opium's effects and refined its power, how colonial empires marketed it around the world, and eventually how international drug companies developed a range of powerful synthetic opioids that led to an epidemic of addiction. Throughout, Dr. John Halpern and David Blisten reveal the fascinating role that opium has played in building our modern world, from trade networks to medical protocols to drug enforcement policies. Most importantly, they disentangle how crucial misjudgments, patterns of greed, and racial stereotypes served to transform one of nature's most effective painkillers into a source of unspeakable pain -- and how, using the insights of history, state-of-the-art science, and a compassionate approach to the illness of addiction, we can overcome today's overdose epidemic. This urgent and masterfully woven narrative tells an epic story of how one beautiful flower became the fascination of leaders, tycoons, and nations through the centuries and in their hands exposed the fragility of our civilization. An NPR Best Book of the Year"A landmark project." -- Dr. Andrew Weil"Engrossing and highly readable." -- Sam Quinones"An astonishing journey through time and space." -- Julie Holland, MD"The most important, provocative, and challenging book I've read in a long time." -- Laurence Bergreen  
The New Hormone Solution-Dr. Erika Schwartz, MD 2017-05-09 Hormones regulate our bodies and run our lives—when they're in balance we feel great, look beautiful, are fertile and sexual, and enjoy every moment of our existence. When they're out of balance, whether during adolescence, pregnancy, menopause, or from medication or surgically induced, it can lead to devastating conditions like infertility, postpartum depression, insomnia, weight gain, loss of libido, memory loss, and unnecessary tests and surgeries. Erika Schwartz, MD, is the leading authority on hormone supplementation in wellness and disease prevention. In The New Hormone Solution Dr. Erika shares her successful, proven program to help women (and men) of all ages prevent and eliminate the symptoms of hormone imbalance in an integrated and caring approach. Learn what hundreds of thousands of healthy men and women have learned from following Dr. Erika's unique and caring program. In The New Hormone Solution, you'll discover: How to identify the symptoms of hormone imbalance at different stages in your life from teens, twenties, thirties, forties, and beyond. What the safe and easy options are for treatment of hormone imbalance. How to integrate conventional medicine with mind and body care and prevent disease at all ages. How to choose the right options for your hormones and supplements. How to take ownership of your health and avoid becoming a victim of uncaring and money-hungry systems. How the cutting edge scientific data, statistics and clinical cases from the practice of Dr. Erika can be applied to your needs.  
What Your Doctor May Not Tell You About(TM): Menopause-John R. Lee 2004-02-01 Arguing that giving estrogen replacement therapy to women after menopause is medically the wrong thing to do, Lee suggests that natural progesterone can prevent most of the unpleasant side effects of menopause, including osteoporosis and weight gain.  
What Your Doctor May Not Tell You About(TM): Breast Cancer-John R. Lee 2002-01-07 Each year, over 40,000 women in the U.S. die from breast cancer. With statistics rising, conventional methods of treatment are simply not working, and in some cases may even be harmful. Now, Drs. Lee and Zava explain the potentially life-saving facts, such as: likely sources for the increase in breast cancer, including environment, excessive estrogen, progesterone imbalance, diet, and the dangers associated with traditional hormone replacement methods. Readers will learn strategies for lowering their risk and preventing this devastating disease through a revolutionary hormone balance program.  
Still Alice Special Hardback Edition-Lisa Genova 2017-01-01  
Learning Solution-Focused Therapy-Anne Bodmer Lutz, B.S.N., M.D. 2013-11-06 Solution-focused therapy is an evidenced-based practice that focuses on creating conversations that build solutions, rather than solve problems. Learning Solution-Focused Therapy: An Illustrated Guide teaches readers how to practice and become competent in conducting solution-focused therapy, an area of growing interest as the emphasis on brief therapy increases. Critical to the book's learning strategy is the generous use of case illustrations that are detailed, rich, and instructive without being overly didactic. The case approach provides an effective means for seeing concepts put into practice, and since medicine is becoming more patient-focused, the solution-focused therapy model is highly relevant. Organized to show how a solution-focused interview is conducted, the book presents the basic model and goes on to apply this model in psychopharmacology, addiction, supervision and consultation. Each chapter combines readings, solution-focused questions, case illustrations, learning exercises and video demonstrations (available online), which together constitute a comprehensive course in this therapeutic modality. Moreover, the author's conversational writing style makes the tenets and techniques accessible and interesting to a wide variety of clinicians. Learning Solution-Focused Therapy: An Illustrated Guide will appeal to clinicians who wish to enhance their skills and support their patients' growth in a positive way.  
D & B Million Dollar Directory- 2010  
The Other Side of Burnout-Melissa Wolf 2017-09-23 "I love the realistic, relatable, and all-encompassing content; it's raw, it's real, and brutally honest!" said one reviewer. "Are you sure you want to put this in print?" asked another. YES! was our unequivocal answer. We appreciate your boldness in choosing this absolutely uncensored book, The Other Side of Burnout: Solutions for Healthcare Professionals, and we know you will find answers here! • Read about our personal experiences with physician burnout. • Explore our assessment of the real causes of burnout—beyond the traditional concepts of emotional exhaustion, depersonalization, and diminished sense of personal achievement. • Learn sensible, tangible, implementable, and useful solutions for conquering burnout. This book is guaranteed to spark meaningful conversations with your fellow physicians and healthcare organizations. Best of all, The Other Side of Burnout: Solutions for Healthcare Professionals is a quick, concise read, because we understand that you are already stretched thin!  
Food Fix-Dr. Mark Hyman 2020-02-25 An indispensable guide to food, our most powerful tool to reverse the global epidemic of chronic disease, heal the environment, reform politics, and revive economies, from #1 New York Times bestselling author Mark Hyman, MD -- "Read this book if you're ready to change the world" (Tim Ryan, US Representative). What we eat has tremendous implications not just for our waistlines, but also for the planet, society, and the global economy. What we do to our bodies, we do to our bodies, we do to the planet, and what we do to the planet, we do to our bodies. In Food Fix, #1 bestselling author Mark Hyman explains how our food and agriculture policies are corrupted by money and lobbies that drive our biggest global crises: the spread of obesity and food-related chronic disease, climate change, poverty, violence, educational achievement gaps, and more. Pairing the latest developments in nutritional and environmental science with an unflinching look at the dark realities of the global food system and the policies that make it possible, Food Fix is a hard-hitting manifesto that will change the way you think about -- and eat -- food forever, and will provide solutions for citizens, businesses, and policy makers to create a healthier world, society, and planet.  
Retooling for Growth-Richard McGahery 2008 "Offers achievable strategies for revitalizing industrial areas and building upon the potential of overlooked resources of economic, physical, and cultural significance. Addresses such challenges as fostering entrepreneurship, reducing poverty and inequality, and augmenting the number of skilled professionals. Provides analysis of healthy economic development practices for public and private sectors"--Provided by publisher.  
Practical E/M-Stephen Levinson (MD.) 2008-01-01 "A learning tool and guide to correctly completing E/M documentation and coding in a timely fashion"--Provided by publisher.
