Examination System-M.Ravi Krishna 2004 Examination is as old as education itself. The examination process is the past phase of teaching and learning. Traditionally, the examination, has been a very tough exercise, fearful enough for students. However, with changing times, the procedure of conventional examination has changed. Now, the modern concept of examination is quite progressive and scientific. The educationists have introduced new terms like evaluation and measurement. Under evaluation, the level of knowledge and learning is weighted and under measurement, a learner is gauged and allotted score of marks.
