English Pronunciation in Use Intermediate with Answers, Audio CDs (4) and CD-ROM-Mark Hancock 2012-05-21 A new edition of our best-selling pronunciation title, now in full colour and with a new section on understanding fast, authentic speech. English Pronunciation in Use Intermediate Second Edition is a comprehensive reference and practice book for learners of intermediate level and above, suitable for self-study or in the classroom. This pack contains the best-selling English Pronunciation in Use Intermediate, four Audio CDs and a CD-ROM. The book contains 60 easy-to-use two-page units covering all aspects of pronunciation, including sounds, stress and intonation. A new section 'Understanding Pronunciation in Use' focuses on the skill of understanding pronunciation in fast speech. The Audio CDs include models for repetition and slowed-down extracts for listening. The CD-ROM provides additional exercises and a 'record yourself' feature.

Public Law Librarianship: Objectives, Challenges, and Solutions-Selwyn, Laurie 2012-10-31 While there are common misconceptions regarding the definition of a public law library, it can be defined as a government mandated library which provides the public with access to legal resources. Largely, public law libraries are instituted by state or federal law. Public Law Librarianship: Objectives, Challenges, and Solutions aims to introduce firsthand knowledge on the funding, organizational structures, and governance related to the public law library. This book includes comprehensive research for current and future public law librarians to provide administrative guidance and professional sources essential for running a public law library.

Sectarianism in Iraq-Khalil Osman 2014-10-10 This book links sectarianism in Iraq to the failure of the modern nation-state to resolve tensions between sectarian identities and concepts of unified statehood and uniform citizenry. After a theoretical excursus that recasts the notion of primordial identity as a socially constructed reality, the author sets out to explain the persistence of sectarian affiliations in Iraq since its creation following the dismemberment of the Ottoman Empire. Despite the adoption of homogenizing state policies, the uneven sectarian composition of the ruling elites nurtured feelings of political exclusion among marginalized sectarian groups, the Shicites before 2003 and the Sunnis in the post-2003 period. The book then examines how communal discourses in the educational curriculum provoked masked forms of resistance that sharpened sectarian consciousness. Tracing how the anti-Persian streak in the nation-state's Pan-Arab ideology, which camouflaged anti-Shicite, undermined Iraq's national integration project, Sectarianism in Iraq delves into the country's slide from a totalizing Pan-Arab ideology in the pre-2003 period toward the atomistic impulse of the federalist debate in the post-2003 period. Employing extensive fieldwork, this book sheds light on the dynamics of political life in post-Saddam Iraq and is essential reading for Iraqi and Middle East specialists, as well as those interested in understanding the current heightening of sectarian Sunni-Shicite tensions in the Middle East.

Rainwater Harvesting for Agriculture in the Dry Areas-Theib Y. Oweis 2012-05-21 Dry areas suffer not only from limited rainfall but also 'natural leakage'—90% of rainwater is lost directly or indirectly, and is unavailable for agriculture or domestic use. Water harvesting is a low-cost, easy-to-use, environmentally-friendly way to recover a large part of this lost water. How does water harvesting work? Which sites or areas are best suited and how can these areas be identified? How to design, build and maintain a water harvesting system tailored to local needs? How can water harvesting contribute to combating land degradation, enhancing food security and adapting to climate change? This book provides the answers. The book is based on many years of research, training and development by three of the world's leading experts in water management and agriculture. It is authoritative, comprehensive, and easy to read, containing practical examples, many illustrations and little jargon. This volume will be of great interest to researchers, development workers, farmers, policymakers, students of the natural sciences—in fact, anyone interested in efficient, sustainable management of water resources and agriculture.

Oracle SQL-Bijoy Bordoloi 2004 Focusing on standard ANSI SQL with a learn-by-doing approach, this book organizes SQL subtopics into short chapters. Readers first learn the features of a SQL command, then its usage, based on management questions that typically arise in the management decision-making process. Provides additional examples of the supplemental commands provided in the Oracle implementation of SQL. Ensures that all of the SQL concepts and commands covered (except in SQL *Plus and PL/SQL) are equally applicable to database management system software that follows the ANSI SQL standard—including DB2, SQL Server, and SYBASE. Integrates numerous exercises and examples throughout. Offers detailed coverage of SQL, including SQL *Plus and Oracle Database Administration. Covers Data Definition Language with SQL. A valuable reference for SQL programmers, systems analysts, database programmers, and database administrators.

International Perspectives on Education, Religion and Law-Charles J Russo 2014-06-05 This volume examines the legal status of religion in education, both public and non-public, in the United States and seven other nations. It will stimulate further interest, research, and debate on comparative analyses on the role of religion in schools at a time when the place of religion is of vital interest in most parts of the world. This interdisciplinary volume includes chapters by leading academicians and is designed to serve as a resource for researchers and educational practitioners, providing readers with an enhanced awareness of strategies for addressing the role of religion in rapidly diversifying educational settings. There is currently a paucity of books devoted solely to the topic written for interdisciplinary and international audiences involving educators and lawyers, and this book will clarify the legal complexities and technical language among the law, education, and religion.
