Interviews with History and Conversations with Power-Oriana Fallaci 2011 Fallaci, who covered wars throughout the world, and was almost killed more than once while doing so, had great personal courage and strong moral conviction. She once said she conducted herself according to the credo that "disobedience toward the oppressive as the only way to use the miracle of having been born." Never shy, bestselling Italian author and journalist Oriana Fallaci was granted access to countless world leaders, politicians and other notables across the globe. Some of her most memorable interviews included in this volume are those with the Dalai Lama, Ariel Sharon, Lech Walesa, Robert Kennedy, Deng Xiaoping, James Farmer (U.S. Civil Rights leader), Henry Kissinger, Golda Meir, Yasser Arafat, King Hussein of Jordan, Indira Gandhi, Ali Bhutto, Mohammed Riza Pahlavi (former Shah of Iran), and Haile Selassie. Fallaci actually preferred to be thought of as a writer and not a journalist, and her articles show this. When writing, she included her thoughts -- passions unhindered -- on the experience of interviewing her subject. In her interviews, Fallaci was never afraid to share her opinions, unafraid of her critics. Where many journalists choose not to take a stance, Fallaci's opinions are always part of her work. She strived to go beyond the apparent -- looking for and gaining revelations from her subjects. In each interview, the descriptions are vivid and colorful with no physical detail too small or inconsequential to notice. The reader feels as if he or she was there at the interview. Eloquent and articulate, politically minded and always opinionated, Fallaci's writing has been translated from Italian into English, Spanish, French, Dutch, German, Greek, Swedish, Croatian, and many other languages.

Inshallah-Yupa Suachowpa 2019-01-11 Inshallah claims its place amongst social media poetry and Instagram sensations like Rupi Kaur. These poems are like perfect cups and inside each is something essential. Personal, observational, and confessional, Inshallah carries themes of self-care, romance, unrequited love, potent femininity, and resiliency. At times, these poems are self-aware and conversational, but there are private moments of self-preservation and self-love, too, reminding us of what it takes to withstand relationships. From romance to motherhood to friendships, these poems refuse to be possessed or destroyed—they explore what it means to navigate love without losing oneself.

Inshallah is for the modern reader: no doubt you will find yourself in these pages and understand something about your life that you hadn't before.

The Force of Reason-Oriana Fallaci 2006 In the follow up to *The Rage and the Pride*, the distinguished Italian historian describes the impact of her controversial book on her own life, detailing the personal attacks and death threats she received following its publication and offering an incisive analysis of the influence of Islam on modern-day Europe. 50,000 first printing.

Oriana Fallaci-Santo L. Aricò 2010-08-31 Internationally acclaimed as a journalist, war correspondent, interviewer, and novelist, Oriana Fallaci's public persona reached almost mythic proportions. It is a myth Fallaci herself created, according to Santo L. Aricò, who probes the psychological forces that motivated one of the twentieth century's most famous and successful women writers. Using his own extensive interviews with the writer, Aricò maps out Fallaci's journey through life, paying particular attention to her ongoing and painstaking attempts to establish her own mythical status. He first examines her career as a literary journalist, emphasizing the high quality of her writing. From there, he concentrates on how Fallaci's personal image began to emerge in her writings, as well as the way in which, through her powerful narratives, she catapulted herself into the public eye as her own main character.

Leaving Orbit-Margaret Lazarus Dean 2015-05-19 Winner of the Graywolf Press Nonfiction Prize, a breathtaking elegy to the waning days of human spaceflight as we have known it. In the 1960s, humans took their first steps away from Earth, and for a time our possibilities in space seemed endless. But in a time of austerity and in the wake of high-profile disasters like Challenger, that dream has ended. In early 2011, Margaret Lazarus Dean traveled to Cape Canaveral

for NASA's last three space shuttle launches in order to bear witness to the end of an era. With Dean as our guide to Florida's Space Coast and to the history of NASA, *Leaving Orbit* takes the measure of what American spaceflight has achieved while reckoning with its earlier witnesses, such as Norman Mailer, Tom Wolfe, and Oriana Fallaci. Along the way, Dean meets NASA workers, astronauts, and space fans, gathering possible answers to the question: What does it mean that a spacefaring nation won't be going to space anymore?

Reflections on the Revolution In Europe-Christopher Caldwell 2009-07-28 In light of cultural crises such as the Danish cartoon controversy and the terrorist attack on the Charlie Hebdo newspaper in Paris, Christopher Caldwell's incisive perspective has never been more timely or indispensable. *Reflections on the Revolution in Europe* is destined to become the classic work on how Muslim immigration permanently reshaped the West. This provocative and unflinching analysis of Europe's unexpected influx of immigrants investigates the increasingly prominent Muslim populations actively shaping the future of the continent. Muslims dominate or nearly dominate many important European cities, including Amsterdam and Rotterdam, Strasbourg and Marseille, the Paris suburbs and East London, and in those cities Islam has challenged the European way of life at every turn, becoming, in effect, an "adversary culture." In *Reflections on the Revolution in Europe*, Caldwell examines the anger of natives and newcomers alike. He exposes the strange ways in which welfare states interact with Third World customs, the anti-Americanism that brings European natives and Muslim newcomers together, and the arguments over women and sex that drive them apart. He considers the appeal of sharia, "resistance," and jihad to a second generation that is more alienated from Europe than the first, and addresses a crisis of faith among native Europeans that leaves them with a weak hand as they confront the claims of newcomers. From the Trade Paperback edition.

Going Clear-Lawrence Wright 2013-01-17 National Book Award Finalist A clear-sighted revelation, a deep penetration into the world of Scientology by the Pulitzer Prize-winning author of *The Looming Tower*, the now-classic study of al-Qaeda's 9/11 attack. Based on more than two hundred personal interviews with current and former Scientologists—both famous and less well known—and years of archival research, Lawrence Wright uses his extraordinary investigative ability to uncover for us the inner workings of the Church of Scientology. At the book's center, two men whom Wright brings vividly to life, showing how they have made Scientology what it is today: The darkly brilliant science-fiction writer L. Ron Hubbard, whose restless, expansive mind invented a new religion. And his successor, David Miscavige—tough and driven, with the unenviable task of preserving the church after the death of Hubbard. We learn about Scientology's complicated cosmology and special language. We see the ways in which the church pursues celebrities, such as Tom Cruise and John Travolta, and how such stars are used to advance the church's goals. And we meet the young idealists who have joined the Sea Org, the church's clergy, signing up with a billion-year contract. In *Going Clear*, Wright examines what fundamentally makes a religion a religion, and whether Scientology is, in fact, deserving of this constitutional protection. Employing all his exceptional journalistic skills of observation, understanding, and shaping a story into a compelling narrative, Lawrence Wright has given us an evenhanded yet keenly incisive book that reveals the very essence of what makes Scientology the institution it is.

Oriana Fallaci-Riccardo Nencini 2008 "Riccardo, the West is sick, it's lost its will to fight, it opposes Islamic fundamentalism with empty values. Europe has become spineless. I'm near the end, Riccardo, and I want to die in Florence. I told you that in New York. And now the time has come. But I'll die standing on both my feet, like Emily Brontë." No other writer or journalist from the 20th century was able to engender debate like Oriana Fallaci. Her books, translated all over the world, her news reports and her invectives in the main international newspapers, made her one of the top protagonists of literature and journalism. Nencini, a friend of hers, reports the entire day they spent together shortly before her death tackling the most burning issues of the day, such as the Western Crisis, Terrorism and European Identity. With this book, Nencini shows us a new Fallaci, the private woman, unveiling many unknown aspects, a woman eaten up by illness but still free and defiant. Special Award «Neva Bazzichi 2007» Winner - Extraordinary Award «Scrittore toscano dell'anno 2007». 1st English, limited edition, October 2008.

Interview with Lech Wałęsa-Lech Wałęsa 1982

The Cost of Courage-Charles Kaiser 2015-06-16 "The result is a mix of history, biography and memoir which reads like a nerve-racking thriller." —The Guardian (US) This heroic true story of the three youngest children of a bourgeois Catholic family who worked together in the French Resistance is told by an American writer who has known and admired the family for five decades In the autumn of 1943, André Boulloche became de Gaulle's military delegate in Paris, coordinating all the Resistance movements in the nine northern regions of France only to be betrayed by one of his associates, arrested, wounded by the Gestapo, and taken prisoner. His sisters carried on the fight without him until the end of the war. André survived three concentration camps and later became a prominent French politician who devoted the rest of his life to reconciliation of France and Germany. His parents and oldest brother were arrested and shipped off on the last train from Paris to Germany before the liberation, and died in the camps. Since then, silence has been the Boulloches's answer to dealing with the unbearable. This is the first time the family has cooperated with an author to recount their extraordinary ordeal.

Listening-Jonathan Cott 2020-04-21 A wide-ranging collection of interviews and profiles from twenty years of Jonathan Cott's remarkable writings "All I really need to do is simply ask a question," Jonathan Cott occasionally reminds himself. "And then listen." It sounds simple, but in fact few have taken the art of asking questions to such heights—and depths—as Jonathan Cott, whom Jan Morris called "an incomparable interviewer," one whose skill, according to the great interviewer and oral historian Studs Terkel, "is artless yet impassioned and knowing." Collected here are twenty-two of Cott's most illuminating interviews that encourage readers to listen to film directors and musicians, actors and writers, scientists and visionaries. These conversations affirm the indispensable and transformative powers of the imagination and offer us new ways to view these lives and their worlds. What is it like to be Bob Dylan making a movie? Carl Sagan taking on the cosmos? Oliver Sacks doctoring the soul? John Lennon, on December 5, 1980? Elizabeth Taylor, ever? From Chinua Achebe to Dr. Seuss (Theodor Geisel), Federico Fellini to Werner Herzog, and Oriana Fallaci to Studs Terkel, *Listening* takes readers on a journey to discover not ways of life but ways to life. Within these pages, Cott proves himself to be, in the words of Brain Pickings's Maria Popova, "an interlocutor extraordinaire," drawing candid insights and profound observations from these inspired and inspiring individuals.

Eurabia-cloth-Bat Ye'or 2005-01 This book is about the transformation of Europe into "Eurabia," a cultural and political appendage of the Arab/Muslim world. Eurabia is fundamentally anti-Christian, anti-Western, anti-American, and antisemitic. The institution responsible for this transformation, and that continues to propagate its ideological message, is the Euro-Arab Dialogue, developed by European and Arab politicians and intellectuals over the past thirty years.--

And Yet...-Christopher Hitchens 2015-11-24 The seminal, uncollected essays—lauded as “dazzling” (The New York Times Book Review)—by the late Christopher Hitchens, author of the #1 New York Times bestseller *God Is Not Great*, showcase the notorious contrarian’s genius for rhetoric and his sharp rebukes to tyrants and the ill-informed everywhere. For more than forty years, Christopher Hitchens delivered essays to numerous publications on both sides of the Atlantic that were astonishingly wide-ranging and provocative. His death in December 2011 from esophageal cancer prematurely silenced a voice that was among the most admired of contemporary voices—writers, readers, pundits and critics the world over mourned his loss. At the time of his death, Hitchens left nearly 250,000 words of essays not yet published in book form. “Another great book of essays from a writer who we wish were still alive to produce more copy” (National Review), *And Yet...* ranges from the literary to the political and is a banquet of entertaining and instructive delights, including essays on Orwell, Lermontov, Chesterton, Fleming, Naipaul, Rushdie, Orhan Pamuk, and Dickens, among others, as well as his laugh-out-loud self-mocking “makeover.” The range and quality of Hitchens’s essays transcend the particular occasions for which they were originally written, yielding “a bounty of famous scalps, thunder-blasted targets, and a few love letters from the notorious provocateur-in-chief’s erudite and scathing assessments of American culture” (Vanity Fair). Often prescient, always pugnacious, formidably learned, Hitchens was a polemicist for the ages. With this posthumous volume, he remains, “America’s foremost rhetorical pugilist” (The Village Voice).

Wake of the Perdido Star-Gene Hackman 2011-08-23 Academy Award-winning actor Gene Hackman spins a cinematic tale of pirates, shipwrecks, and sea adventure. Co-written with Daniel Lenihan, one of America's leading authorities on shipwrecks and diving, *Wake of the Perdido Star* is a moving story of a young boy's coming of age on the high seas, full of authentic nautical and historical detail. A 19th-century sea adventure in the spirit of Patrick O'Brian, *Wake of the Perdido Star* is a captivating tale about friendship, justice, and survival.

Viaggio in America-Oriana Fallaci 2015-07-09 Il primo viaggio a New York della Fallaci risale al 1955. Dieci anni dopo Oriana decide di trasferirsi negli Stati Uniti e con un tono lieve e brillante descrive per "L'Europeo" la vita quotidiana in un mondo dove le dimensioni delle cose acquistano spesso un aspetto "mostruoso" per chi è abituato a usare il metro italiano. Nei racconti di Oriana si alternano le chiacchiere a bordo piscina durante i party hollywoodiani e i teenager americani protagonisti delle trasformazioni politiche e sociali, un incontro con Pasolini a New York e un viaggio on the road con l'attrice Shirley MacLaine, lo sfarzo dei grandi alberghi di Las Vegas e la desolazione delle ghost town, le città fantasma abbandonate "come si abbandona un'amante sgradita". Attraverso i suoi scritti la Fallaci insegue il segreto di un Paese impaziente "che non si affeziona mai a nulla, cambia sempre indirizzo, si stacca senza dolore da tutto: genitori, figli, coniugi, case, paesaggio". Un Paese però elettrizzante, che Oriana riesce a raccontare in tutta la sua energia, regalando ai lettori un sorprendente ritratto da cui traspare il legame intimo e poetico con quella che poi diventerà la sua seconda patria.
