Prisoner of X-Allan MacDonell 2006-05-01 Prisoner of X: 20 Years in the Hole at Hustler Magazine is a savagely funny odyssey through the bizarre world of Larry Flynt's cracker-rich X-rated empire. During his tenure in the Hustler trenches, punk-rock dropout Allan MacDonell ascends from entry-level comma-catcher to editorial overlord of the unseemly offerings at Larry Flynt Publications. Here's the inside story of running America's most influential porn domain. A professional career of evaluating countless skin photos, taking XXX field trips, mastering "fully erect" film criticism and enduring creepy interoffice schemers suddenly launches MacDonell into national politics when Larry Flynt opens his wallet to impact the impeachment proceedings against President William Jefferson Clinton. MacDonell reveals the backside of his prominent role in tricking right-wing Speaker-elect Bob Livingston into resigning from Congress.

Prisoner of X is a wildly entertaining memoir about life climbing the bent and fearsome masthead of an infamous magazine, and the bittersweet reward of publicly crossing its hillbilly Caesar. Aside from being the most prolific writer in the history of Larry Flynt Publications, Allan MacDonell contributed to the archetypal punk magazine Slash and the underground anthology Apocalypse Culture. Freelance pieces have appeared in venues as diverse as Gambling Times magazine, MrSkin.com and the L.A. Weekly. Mr. MacDonell lives in California's Hollywood Hills with two dogs, his wife Theresa, and a clear conscience.

The Iterated Prisoners' Dilemma-

Organisations and Institutions- 1996-11-27

Business Ethics-Alan R. Malachowski 2001

Capitalism with a Human Face-Samuel Brittan 1996 Sir Samuel Brittan, the doyen of British economic journalists, explores the connections between economics, ethics, and politics while assessing the merits and defects of capitalism in this post-socialist era.

Prisoner of Love-Jean Genet 2003 Follows the late author's experiences and observations as a visitor to an early 1970s Palestinian refugee camp, in a lyrical and philosophical account that offers insight into the Palestinian cause and the Middle Eastern conflict. Original.

Microeconomics and Behavior-Robert H. Frank 2006 Robert Frank's Microeconomics and Behavior covers the essential topics of microeconomics while exploring the relationship between economics analysis and human behavior. The book's clear narrative appeals to students, and its numerous examples help students develop economic intuition. This book introduces modern topics not often found in intermediate textbooks. Its focus throughout is to develop a student's capacity to "think like an economist."

The City Record-New York (N.Y.) 1908

Ethics in Criminal Justice-Sam S. Souryal 2019-09-17 Introducing the fundamentals of ethical theory, Ethics in Criminal Justice: In Search of the Truth, Seventh Edition, exposes the reader to the ways and means of making moral judgments by exploring the teachings of the great philosophers, sources of criminal justice ethics, and ethical issues in the criminal justice system. It is presented from two perspectives: a thematic perspective that addresses ethical principles common to all components of the discipline, and an area-specific perspective that addresses the state of ethics in criminal justice in the fields of policing, corrections, and probation and parole. The seventh edition features discussion of current critical issues in criminal justice: accusations of racism, police shootings, stop and frisk policy, marijuana laws, mass incarceration, life sentences, prison privatization, the swift and certain deterrence model of probation, excessive probation fees, and the Good Lives Model in corrections. The seventh edition also offers completely revised coverage of capital punishment and the rehabilitation debate, and a discussion of how juvenile justice often fails to live up to its ideals. Finally, the book features new case studies of recent ethical dilemmas in criminal justice to enhance students' understanding of real-life ethics decision-making. Suitable for advanced undergraduates or graduate students in criminal justice programs in the US and globally, this text offers a classical view of ethical decision-making and is well-grounded in specific case examples.

Unselfishness-Nicholas Rescher 1975-10-15 In Unselfishness, Nicholas Rescher criticizes the stance of many contemporary moral philosophers and social theorists-that rationality conflicts with morality, and instead defends the position of historical thinkers who believed that the worth of altruism is irreducible and that its rationalization does not require recourse to prudential self-interest. To support his position, Rescher provides detailed examples, and a theoretical critique of utilitarian morality.

Prisoner of Tehran-Marina Nemat 2008-05-06 Follows the author's tragic childhood in 1980s Iran, which was shaped by war, the Khomeini regime, and her work as a teen anti-propaganda activist, efforts for which she was brutally beaten and sentenced to death before a guard offered to save her and protect her family if she would convert to Islam and marry him. Reprint. 40,000 first printing.

The Statutes at Large from Magna Charta to [the Forty-first Year of George III-Great Britain 1786

A Life Inside-Erwin James 2003 Nineteen years ago, while still in his twenties, Erwin James was sentenced to life imprisonment. Over the past three years, he has written about prison life for the Guardian. This book brings together these pieces. In A Life Inside, James writes about learning the who, what, why and when of the prison world. He describes the struggle to keep sane; the dynamics of paranoia and solidarity between men forced into years of co-existence; and the commitment that it takes to prepare for life outside. Along the way, James introduces us to other prisoners. There is Rinty, the big Dundonian and enthusiastic fan of Antiques Roadshow; Cody, the elderly former sergeant who still protests his innocence after twenty-four years; and Felix the Gambler - serial schemer and sometime Buddhist. It is through their stories, told with humour and warmth, the James reveals the reality of prison life.

Punk Elegies-Allan MacDonell 2015-04 Punk Elegies arrives like a chemically unstable mixture of Richard Yates and Damon Runyon. Set along Hollywood Boulevard at the birth of punk and the death of the seventies, the thirty-three melancholic, comic laments of Punk Elegies are a mesmerizing concoction of delusion and revelation. A cultural moment, a marriage, and one young man's mind and soul spiral through a series of boundless possibilities and arrive at a harrowing finality. In the end, on the spin cycle of destiny, MacDonell circles alone, naked and bewildered in the labyrinth of a pre-AIDS bathhouse inferno. The first sunrise of the rest of his life dares him to step outside.

Economic Development in Asia-John Malcolm Dowling 2004 ECONOMIC DEVELOPMENT IN ASIA explores factors that influence economic growth and development particularly from an Asian development perspective. Grounded firmly on theoretical foundations, it showcases the richness and variety of the Asian development experience through extensive coverage of individual country case studies, institutional developments, and challenges facing policy-makers in the region as well as in-depth discussions of existing empirical evidence. This book is specially tailored to meet the needs of social science students studying economic development in Asia. University students, educators and government policy makers will find the book particularly useful for understanding growth and development trends in the context of a rapidly globalizing world. With the rising tide of interest in Asian economies, the book will prove to be an invaluable for anyone seeking to better understand the process of growth and economic development in the region.

Market Capitalism and Moral Values-British Association for the Advancement of Science. Section F (Economics). Meeting 1995 What is the ethical status of market capitalism? This volume brings together a group of academics and policy-makers who provide detailed discussion of some of the key issues at the intersection of economics and ethics.

Modelling in Healthcare- 2010 How many patients will require admission to my hospital in two days? How widespread will influenza be in my community in two weeks? What will the changing demographics of our community do to affect demand for medical services in our region in two years? These and similar questions are the province of Modelling in Healthcare. This new volume, presented by the Complex Systems Modelling Group at Simon Fraser University in Canada, uses plain language, sophisticated mathematics and vivid examples to guide and instruct. Sage advice on the benefits and limitations of the modeling process and model predictions is generously distributed so that the reader comes away with an understanding not only of the process but also on the practical uses (and misuses!) of models. Perhaps the most important aspect of this book is that the content and the logic are readily understandable by modelers, administrators and clinicians alike. This volume will surely serve as their common and thus preferred reference for modeling in healthcare for many years. --Timothy G. Buchman, Ph.D., M.D., FACS, FCCM Modelling in Healthcare adds much-needed breadth to the curriculum, giving readers the introduction to simulation methods, network analysis, game theory, and other essential modeling techniques that are rarely touched upon by traditional statistics texts. --Ben Klemens, Ph.D. Mathematical and statistical modeling has tremendous potential for helping improve the quality and efficiency of health care delivery and as a tool for decision making by health care professionals. This book provides many relevant and successful applications of modeling in health care and can serve as an important resource and guide for those working in this exciting new field. --Reinhard Laubenbacher, Ph.D.

Journal-California. Legislature 1879

Now That I Am Gone: A Memoir Beyond Recall-Allan Macdonell 2018-11-13 Do you ever look forward to what life will be like once you are dead? Functioning as a double-rainbow bridge connecting the ordinary now with the stack of memories that create the past and the netherworld ahead,Now That I Am Gone is the memoir of an everyman's existence as it goes on without him. His wife, his friends, his dogs, they all navigate to fill in the empty spaces he has left behind. As his ashes cool, old rivals and older paramours swoop in to claim his spoils. His life has flashed before his eyes. His regrets, what he will miss, what he is happy to leave behind, all the ways he had been hoping to depart--all of this and more he has confessed. The only chapter left is to reveal what happens to him in the place he goes once he is gone, and that hidden knowledge is exactly what comes next.
