They also plant the seeds for a lifelong love of sports and physical fitness. But all Baby knows is Dad is really fun to be with! Be a champion to the MVP in your life -- by sharing the joyful and unique approach to quality time illustrated in Rookie Dad.

Building Babies Better-Roxanne Small Pt 2012-03 Building Babies Better By Roxanne Small Building Babies Better presents a framework to aide parents and caregivers in choosing the best

activities and environments for their children. The author, a pediatric physical therapist, presents this framework based on prenatal and neonatal concepts learned in her professional and personal experiences with children over the past 30 years. While the main focus of the book is the baby from newborn through the first year of life, sections are included on applying these principles to the toddler/preschool child, adoption and bonding issues, as well as the child with special needs. After presenting an overview of early child development and keys to good sensory-motor development, specific applications are discussed. Each chapter is written with the busy parent in mind, including easy-to-follow directions, illustrations and a summary of activities to encourage/avoid at each stage. Whenever possible activities are incorporated into regular daily routines, such as how best to hold your baby, how to make feeding time more effective, and making floor time play more beneficial. This second edition of *Building Babies Better* includes current research in the field of child development. The extensive notes section at the end of the book allows readers a valuable journey into research that guides good choices in child development. In a world that is exploding with baby gear and items to stimulate baby, *Building Babies Better* gives parents a tool to evaluate whether these things will have a positive or negative impact on their child. They also learn to evaluate their child's total environment, including vision, hearing, and touch so that they can make their child's environment less stressful. Through *Building Babies Better* parents discover new ways to interact with their child in a calming, enjoyable way that has a lasting, positive impact. This book is a must read for parents!

Weird Parenting Wins-Hillary Frank 2019-01-15 Unconventional--yet effective--parenting strategies, carefully curated by the creator of the popular podcast *The Longest Shortest Time* Some of the best parenting advice that Hillary Frank ever received did not come from parenting experts, but from friends and podcast listeners who acted on a whim, often in moments of desperation. These "weird parenting wins" were born of moments when the expert advice wasn't working, and instead of freaking out, these parents had a stroke of genius. For example, there's the dad who pig-snorted in his baby's ear to get her to stop crying, and the mom who made a "flat daddy"

out of cardboard and sat it at the dinner table when her kids were missing their deployed military father. Every parent and kid is unique, and as we get to know our kids, we can figure out what makes them tick. Because this is an ongoing process, *Weird Parenting Wins* covers children of all ages, ranging in topics from "The Art of Getting Your Kid to Act Like a Person" (on hygiene, potty training, and manners) to "The Art of Getting Your Kid to Tell You Things" (because eventually, they're going to be tight-lipped). You may find that someone else's weird parenting win works for you, or you might be inspired to try something new the next time you're stuck in a parenting rut. Or maybe you'll just get a good laugh out of the mom who got her kid to try beets because...it might turn her poop pink.

Developmental Parenting-Lori A. Roggman 2008 Accessible, easy-to-follow guide to teaching parents and other caregivers to value and support a child's development.

Never Let Me Go-Kazuo Ishiguro 2009-03-19 From the Booker Prize-winning author of *The Remains of the Day* and *When We Were Orphans*, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. *Never Let Me Go* breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.

The New Basics-Dr. Michel Cohen, M.D. 2009-10-13 Dr. Michel Cohen, named by the New York Post as the hip, "must-have"

pediatrician, has an important message for parents: Don't worry so much. In an easy-reference alphabetical format, *The New Basics* clearly lays out the concerns you may face as a parent and explains how to solve them -- without fuss, without stress, and without harming your child by using unnecessary medicines or interventions. With sensitivity and love, Dr. Michel describes proven techniques for keeping your children healthy and happy without driving yourself crazy. He will show you how to set positive habits for sleeping and eating and how to treat ailments early and effectively. You'll learn when antibiotics are helpful and when they can be harmful. If you're having trouble breast feeding, pumping, or bottle weaning, Dr. Michel has the advice to set you back on track. If after several months your baby is still not sleeping through the night, *The New Basics* will provide you with tried-and-true methods to help ease this difficult transition for babies and parents. Dr. Michel recognizes that you're probably asking the same questions his own patients' parents frequently ask, so he includes a section called "Real Questions from Real Parents" throughout the book. You'll find important answers about treating asthma, head injuries, fevers, stomach bugs, colic, earaches, and other ailments. More than just a book on how to care for your child's physical well-being, *The New Basics* also covers such parenting challenges as biting, hitting, ADD, separation anxiety, how to prevent the terrible twos (and threes and fours ...), and preparing your child for a new sibling.

*You Can't F*ck Up Your Kids*-Lindsay Powers 2020-03-31 Cribsheet meets *The Sh!t No One Tells You* in this no-holds-barred, judgment-free parenting guide that sets the record straight on every hot-button parenting topic by longtime journalist and founder of the viral #NoShameParenting movement. What if you could do more for your kids, by doing a whole lot less? Parenting today has become a competitive sport, and it seems that everyone is losing. From the very moment that little line turns blue, parents-to-be find themselves in a brave new world where every decision they make is fraught, every action they take is judged, and everything they do seems to be the wrong thing. Formula feed? Breast is best. Breastfeed in public? That's indecent. Cry it out? You're causing permanent harm to your child. Don't sleep train? Your child will

never learn to sleep on his or her own. Stay home? You're setting a bad example for your kids. Go back to work? Don't you love your kids more than your job? Lindsay Powers—former editor-in-chief of Yahoo! Parenting, creator of the #NoShameParenting movement, and mom of two—is here to help parents everywhere breathe a collective sigh of relief. This laugh-out-loud funny, accessible, and reassuring book sets the record straight on all of the insane conflicts that parents face—from having a glass of wine while pregnant to sleep training, childcare, feeding, and even sex after baby. Drawing on the latest research and delivered in a relatable, comforting voice, *You Can't F*ck Up Your Kids* demonstrates that it is possible to take the stress out of parenting and sit back and enjoy the ride.

Beloved-Toni Morrison 2004 *Sethe*, an escaped slave living in post-Civil War Ohio with her daughter and mother-in-law, is haunted persistently by the ghost of the dead baby girl whom she sacrificed, in a new edition of the Nobel Laureate's Pulitzer Prize-winning novel. Reader's Guide available. Reprint. 60,000 first printing.

Diaper Dude-Chris Pegula 2017 *Dude, you're a dad now!* Picking up where *From Dude to Dad* left off, author and founder of the popular Diaper Dude parenting brand Chris Pegula dives into the first two years of parenting and furthers his deeply held belief that you don't have to lose yourself when you become a father. Once again written in Pegula's everyman voice and filled with humorous takes on fatherhood from the front lines, the book is an easy-to-read resource for new dads, combining hard-won lessons learned, pitfalls to avoid, and practical advice from a dude who hasn't lost his identity (or his sanity). Filled with useful information, hilarious stories of dad madness, a little psychology and science, and engaging sidebars, Diaper Dude covers everything from bonding, babyproofing, and when you'll have sex again to toddlerhood, tantrums, and tag-teaming with your partner to cover all the bases while staying (somewhat) sane. **Winner, Family Choice Award! **Winner, National Parenting Product Award!

Beyond Baby Talk-Kenn Apel, Ph.D. 2012-10-02 *From "Goo" to Gab — Guiding Your Child to Effective Communication* The first five years of a child's life are the most critical for speech and language development, and, as a parent, you are your child's primary

language role model. So what are the best ways to help your child develop the all-important skill of communication? Fun, easy, and engaging, this book shows you how! Inside, you'll discover all of the essential steps and checkpoints from birth through age five, tips to help your child progress on schedule, and easy methods to:

- Evaluate and monitor your child's language development
- Understand and deal with environmental impacts such as television and cultural styles
- Recognize the signs of language development problems
- And much, much more!

From the Trade Paperback edition.

Rosemary's Baby: A Novel (50th Anniversary Edition)-Ira Levin
2017-03-07 In this new Fiftieth Anniversary edition of the classic masterpiece of spellbinding suspense, evil wears the most innocent face of all... Rosemary Woodhouse and her struggling actor husband Guy move into the Bramford, an old New York City apartment building with an ominous reputation and mostly elderly residents. Neighbors Roman and Minnie Castavet soon come nosing around to welcome the Woodhouses to the building, and despite Rosemary's reservations about their eccentricity and the weird noises that she keeps hearing, her husband takes a shine to them. Shortly after Guy lands a plum Broadway role, Rosemary becomes pregnant—and the Castavets start taking a special interest in her welfare. As the sickened Rosemary becomes increasingly isolated, she begins to suspect that the Castavets' circle is not what it seems...

Taking Care of Your Child, Ninth Edition-Robert Pantell 2015-07-07
The bestselling indispensable resource for parents and caregivers, covering more than 175 common symptoms and health care problems, to raise a healthy, happy child For more than forty years, Taking Care of Your Child has been the go-to resource for parents and caregivers. It offers the most recent information on critical childcare issues, from what to do in the event of a minor injury to everyday issues such as common allergies and ailments. Covering everything from birth to infancy and toddlerhood, to first concerns, growth and development, and the most common injuries and concerns through adolescence, Taking Care of Your Child is easy to use, even in a crisis: you can simply look up a symptom to find a complete explanation of probable causes, how to treat the problem at home, and when to see a doctor. With the very latest on ADHD,

autism, breast-feeding, childhood depression and obesity, discipline, immunizations, and more, the book also features sections on youth sports and head trauma, genetic screening, and minimizing risks of medical procedures.

All the Rage-Darcy Lockman 2019-05-07 Journalist turned psychologist Darcy Lockman offers a bracing look at the most

pernicious problem facing modern parents—how egalitarian relationships become traditional ones when children are introduced into the household. In an era of seemingly unprecedented feminist activism, enlightenment, and change, data shows that one area of gender inequality stubbornly persists: the disproportionate amount of parental work that falls on women, no matter their background, class, or professional status. *All the Rage* investigates the cause of this pervasive inequity to answer why, in households where both parents work fulltime and agree that tasks should be equally shared, mothers' household management, mental labor, and childcare contributions still outweigh fathers'. How, in a culture that pays lip service to women's equality and lauds the benefits of father involvement—benefits that extend far beyond the well-being of the kids themselves—can a commitment to fairness in marriage melt away upon the arrival of children? Counting on male partners who will share the burden, women today have been left with what political scientists call unfulfilled, rising expectations. Historically these disappointed expectations lie at the heart of revolutions, insurgencies, and civil unrest. If so many couples are living this way, and so many women are angered or just exhausted by it, why do we remain so stuck? Where is our revolution, our insurgency, our civil unrest? Darcy Lockman drills deep to find answers, exploring how the feminist promise of true domestic partnership almost never, in fact, comes to pass. Starting with her own marriage as a ground zero case study, she moves outward, chronicling the experiences of a diverse cross-section of women raising children with men; visiting new mothers' groups and pioneering co-parenting specialists; and interviewing experts across academic fields, from gender studies professors and anthropologists to neuroscientists and primatologists. Lockman identifies three tenets that have upheld the cultural gender division of labor and peels back the ways in which both men and women unintentionally perpetuate old norms. If we can all agree that equal pay for equal work should be a given, can the same apply to unpaid work? Can justice finally come home?

God Help the Child—Toni Morrison 2015-04-21 Spare and unsparing, *God Help the Child*—the first novel by Toni Morrison to be set in our current moment—weaves a tale about the way the sufferings of

childhood can shape, and misshape, the life of the adult. At the center: a young woman who calls herself Bride, whose stunning blue-black skin is only one element of her beauty, her boldness and confidence, her success in life, but which caused her light-skinned mother to deny her even the simplest forms of love. There is Booker, the man Bride loves, and loses to anger. Rain, the mysterious white child with whom she crosses paths. And finally, Bride's mother herself, Sweetness, who takes a lifetime to come to understand that "what you do to children matters. And they might never forget." A fierce and provocative novel that adds a new dimension to the matchless oeuvre of Toni Morrison.

Simple Play-Rachel Coley 2015-07-13 PARENTING IS

COMPLICATED. BABY PLAY DOESN'T HAVE TO BE. A busy parent's guide to totally do-able activities for little sitters, crawlers, standers and cruisers. And The Band Played on-Randy Shilts 2000-04-09 An examination of the AIDS crisis exposes the federal government for its inaction, health authorities for their greed, and scientists for their desire for prestige in the face of the AIDS pandemic.

Thirty Million Words-Dana Suskind 2015-09-08 *Nominated for the Books for a Better Life Award* The founder and director of the Thirty Million Words Initiative, Professor Dana Suskind, explains why the most important—and astoundingly simple—thing you can do for your child’s future success in life is to talk to him or her, reveals the recent science behind this truth, and outlines precisely how parents can best put it into practice. The research is in: Academic achievement begins on the first day of life with the first word said by a cooing mother just after delivery. A study by researchers Betty Hart and Todd Risley in 1995 found that some children heard thirty million fewer words by their fourth birthdays than others. The children who heard more words were better prepared when they entered school. These same kids, when followed into third grade, had bigger vocabularies, were stronger readers, and got higher test scores. This disparity in learning is referred to as the achievement gap. Professor Dana Suskind, MD, learned of this thirty million word gap in the course of her work as a cochlear implant surgeon at University of Chicago Medical School and began a new research program along with her sister-in-law, Beth Suskind, to find the best ways to bridge that gap. The Thirty Million Word Initiative has developed programs for parents to show the kind of parent-child communication that enables optimal neural development and has tested the programs in and around Chicago across demographic groups. They boil down to getting parents to follow the three Ts: Tune in to what your child is doing; Talk more to your child using lots of descriptive words; and Take turns with your child as you engage in conversation. Parents are shown how to make the words they serve up more enriching. For example, instead of telling a child, “Put your shoes on,” one might say instead, “It is time to go out. What do we have to do?” The lab's new five-year longitudinal research program has just received funding so they can further corroborate their results. The neuroscience of brain plasticity is some of the most valuable and revolutionary medical science being done today. It enables us to think and do better. It is

making a difference in the lives of both the old and young. If you care for children, this landmark book is essential reading. From the Hardcover edition.

The American Academy of Pediatrics New Mother's Guide to Breastfeeding (Revised Edition)-American Academy of Pediatrics 2017 The organization that represents the nation's finest pediatricians, the American Academy of Pediatrics (AAP), is the standard-setter for best practices in pediatric medicine. Their ever-popular New Mother's Guide to Breastfeeding is the book most pediatricians recommend. In 2017, they will release a newly revised policy statement on breastfeeding guidelines (at least six months if possible) and includes the very latest in research on the links between breastfeeding and childhood health. Incorporating the new AAP statement, this comprehensive resource covers- Information for mothers who are preparing for the first feeding and adjusting to home, family, and work as a nursing mother New research on the ways breastfeeding can stave off childhood allergies and obesity Expanded coverage of proper nutrition for nursing mothers Proven ways to establish a nursing routine and what to do when mom returns to work Information on handling special situations like premature birth and C-sections Mom-tested solutions to common breastfeeding challenges

Brain-Compatible Dance Education 2nd Edition-Gilbert, Anne Green 2018-09-10 Anne Green Gilbert's Brain-Compatible Dance Education, Second Edition, strikes the perfect balance between hard science and practicality, making it an ideal resource for dance educators working with dancers of all ages and abilities. Gilbert presents the latest brain research and its implications for dance educators and dancers. She makes the research findings accessible and easy to digest, always connecting the science to the teaching and learning that takes place in classrooms and studios.

From Rattles to Writing-Barbara A. Smith 2011

Welcome Baby! (Girl)-Dan Zadra 2013-06-26 Tiny handprints, first giggles, nicknames, favorite things, and bright dreams for the future: Welcome, Baby! is the perfect keepsake book for capturing all the precious memories and mementos of baby's first year. The interior features a place to capture every miracle and milestone, creating a heartwarming journal of these first, special days. Playful

illustrations and tender quotes add inspiration to every page. The Road-Cormac McCarthy 2007-03-20 NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son's fight to survive. A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. A New York Times Notable Book One of the Best Books of the Year The Boston Globe, The Christian Science Monitor, The Denver Post, The Kansas City Star, Los Angeles Times, New York, People, Rocky Mountain News, Time, The Village Voice, The Washington Post

Dolys and Friends Originals 1930s Paper Dolls-Dolys and Friends 2019-07-16 Meet Dolly, Polly, Holly, Lolly, Jolly and Molly, new fashion paper dolls Dolys and Friends. You can begin creating your collection of paper dolls with this book which has 3 paper dolls and more than 40 outfits in 1930s styles of fashion. This book is a perfect gift for fashion historians, fashion enthusiasts, costume history lovers, paper doll collectors or anyone interested in 1930s. Please be aware that these paper dolls require careful hand cutting. For adults, paper dolls may be a gateway to childhood memories but they also make great gifts for children. Younger children may need the help to cut these dolls out since the dolls and clothes are not perforated. However, this is a nice opportunity for fun family time. Paper dolls can bring adults and children together, and collections of paper dolls have always passed down to younger generations. New generations can learn a lot while playing with paper dolls. In a digital era where dress up games allow us to

change clothes on paper dolls by only touching a screen, cutting these dolls the traditional way is a great help for developing motor skills. Playing together also helps to develop communication and cooperation between friends and family. Playing games goes hand in hand with storytelling, role-playing and fantasy so everyone can treasure the time spent playing with these paper dolls as memories full of creativity and imagination. Paper dolls have a long history, and although inspired by antique and vintage paper dolls, Dollys and Friends are modern fashion dolls. Still, most of their wardrobe pieces are vintage fashions or period costumes. While these clothes are created after research, each outfit may not be authentic for that time period. Although there are many costumes and designer fashions for vintage themed books, it is still best to describe them as inspired by historical periods but not exact period costumes. Especially undergarments are more modern for the dolls to be used with different wardrobe choices. Every new outfit from Dollys and Friends Originals Books you will get will be wearable by these Original Dollys. Collecting these paper dolls and sharing them with children can also make fashion and history become one of their passions. Paper doll fans and children of all ages can enjoy these creations . Anyone who is cutting out these dolls and trying the outfits can have a great time with this entertaining activity whether they are fashion enthusiasts, history lovers, paper doll collectors, children or adults.

The Ladies' Book of Etiquette, and Manual of Politeness-Florence Hartley 1872 The Ladies' Book of Etiquette, And Manual of Politeness: A Complete Handbook for the Use of the by Florence Hartley, first published in 1872, is a rare manuscript, the original residing in one of the great libraries of the world. This book is a reproduction of that original, which has been scanned and cleaned by state-of-the-art publishing tools for better readability and enhanced appreciation. Restoration Editors' mission is to bring long out of print manuscripts back to life. Some smudges, annotations or unclear text may still exist, due to permanent damage to the original work. We believe the literary significance of the text justifies offering this reproduction, allowing a new generation to appreciate it.

Mommie Dearest-Christina Crawford 2017-11-21 The 40th

anniversary edition of the “shocking” #1 New York Times bestseller with an exclusive new introduction by the author (Los Angeles Times). When Christina Crawford’s harrowing chronicle of child abuse was first published in 1978, it brought global attention to the previously closeted subject. It also shed light on the guarded world of Hollywood and stripped away the façade of Christina’s relentless, alcoholic abuser: her adoptive mother, movie star Joan Crawford. Christina was a young girl shown off to the world as a fortunate little princess. But at home, her lonely, controlling, even ruthless mother made her life a nightmare. A fierce battle of wills, their relationship could be characterized as an ultimately successful, for Christina, struggle for independence. She endured and survived, becoming the voice of so many other victims who suffered in silence, and giving them the courage to forge a productive life out of chaos. This ebook edition features an exclusive new introduction by the author, plus rare photographs from her personal collection and one hundred pages of revealing material not found in the original manuscript.

The Grapes of Wrath—John Steinbeck 2006-03-28 The Pulitzer Prize-winning epic of the Great Depression, a book that galvanized—and sometimes outraged—millions of readers. First published in 1939, Steinbeck’s Pulitzer Prize-winning epic of the Great Depression chronicles the Dust Bowl migration of the 1930s and tells the story of one Oklahoma farm family, the Joads—driven from their homestead and forced to travel west to the promised land of California. Out of their trials and their repeated collisions against the hard realities of an America divided into Haves and Have-Nots evolves a drama that is intensely human yet majestic in its scale and moral vision, elemental yet plainspoken, tragic but ultimately stirring in its human dignity. A portrait of the conflict between the powerful and the powerless, of one man’s fierce reaction to injustice, and of one woman’s stoical strength, the novel captures the horrors of the Great Depression and probes into the very nature of equality and justice in America. At once a naturalistic epic, captivity narrative, road novel, and transcendental gospel, Steinbeck’s powerful landmark novel is perhaps the most American of American Classics. This Centennial edition, specially designed to commemorate one hundred years of Steinbeck, features french flaps

and deckle-edged pages. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

What We Talk About When We Talk About Love-Raymond Carver 2015-05-25 In his second collection, including the iconic and much-referenced title story featured in the Academy Award-winning film *Birdman*, Carver establishes his reputation as one of the most celebrated short-story writers in American literature—a haunting meditation on love, loss, and companionship, and finding one's way through the dark.

A Valentine for Everyone-Laughing Elephant Publishing 2012-08-01 A Valentine For Everyone is one of our popular collections of die-cut Valentine's Day cards, which feature charming and whimsical images of animals and children. They were carefully selected and reproduced from Laughing Elephant's treasure trove of antique paper ephemera. Each of our three Valentine's Day card packs includes 15 different die-cut cards with decorated envelopes. Each card is approximately 4" x 6".

cookies, candies, and desserts

Rainbow Valley-Lucy Maud Montgomery 2018-01-23 This carefully crafted ebook: "Rainbow Valley" is formatted for your eReader with a functional and detailed table of contents. Anne Shirley has now been married to Gilbert Blythe for 15 years, and the couple have six children. After a trip to London, Anne returns to the news that a new minister has arrived in Glen St. Mary. John Meredith is a widower with four young children. The children have not been properly brought up since the death of their mother, with only their father to parent them. The children are considered wild and mischievous by many of the families in the village, causing them to question Mr. Meredith's parenting skills and his suitability as a minister.

Craft: Volume 01-O'Reilly (CRT) 2006-10 CRAFT is the first project-based magazine dedicated to the renaissance that is occurring within the world of crafts. Celebrating the DIY spirit, CRAFT's goal is to unite, inspire, inform and entertain a growing community of highly imaginative people who are transforming traditional art and crafts with unconventional, unexpected and even renegade techniques, materials and tools; resourceful spirits who undertake amazing crafting projects in their homes and communities. Volume 01, the premier issue, features 23 projects with a twist! Make a programmable LED shirt, turn dud shoes into great knitted boots, felt an iPod cocoon, embroider a skateboard, and much more.

Vintage Baby Knits-Kristen Rengren 2012-10-30 The longtime knitter and vintage fashion expert puts a contemporary twist on classic knit babywear in this beautifully photographed pattern book. While working as a vintage clothing dealer, combing through estate sales and eBay listings, longtime knitter Kristen Rengren amassed hundreds of knitting pattern booklets from 1920 through 1960. Now a knitwear designer, Rengren brings us the result of her combined passions in Vintage Baby Knits, a charming collection of more than 40 contemporary updates of timeless baby patterns. Projects range from small, quick-to-knit items like hats, booties, and shrugs to larger, more challenging designs for sweaters, onesies, and dresses, including a lace christening gown. Beautiful photographs capture a bevy of adorable babies and toddlers wearing these knitted treasures. Also included are sidebars on baby fashion and knitting

culture in this bygone era, and a complete reference section. Destined to be a classic itself, Vintage Baby Knits promises family heirlooms for 21st-century babies. This is a fixed-format ebook, which preserves the design and layout of the original print book.

The Life-Changing Magic of Tidying Up-Marie Kondo 2014-10-14
The #1 New York Times bestselling guide to decluttering your home and the inspiration for the hit Netflix show Tidying Up with Marie Kondo. Despite constant efforts to declutter your home, do papers still accumulate like snowdrifts and clothes pile up like a tangled mess of noodles? Japanese cleaning consultant Marie Kondo takes tidying to a whole new level, promising that if you properly simplify and organize your home once, you'll never have to do it again. Most methods advocate a room-by-room or little-by-little approach, which doom you to pick away at your piles of stuff forever. The KonMari Method, with its revolutionary category-by-category system, leads to lasting results. In fact, none of Kondo's clients have lapsed (and she still has a three-month waiting list). With detailed guidance for determining which items in your house "spark joy" (and which don't), this international bestseller featuring Tokyo's newest lifestyle phenomenon will help you clear your clutter and enjoy the unique magic of a tidy home—and the calm, motivated mindset it can inspire.
