It all began when design student Anais Bordier viewed a YouTube video and saw her own face staring back. After some research, Anais found that the Los Angeles actress Samantha Futerman was born in a South Korean port city called Busan on November 19, 1987—the exact same location and day that Anais was born. This propelled her to make contact—via Facebook. One message later, both girls wondered: Could they be twins? Thus begins their remarkable journey to build a relationship as sisters, continents apart. Eventually, they traveled to Korea together to discover more about the land of their separation. Identical Strangers-Elyse Schein 2007-10-02 As seen in the hit documentary Three Identical Strangers • “[A] poignant memoir of twin sisters who were split up as infants, became part of a secret scientific study, then found each other as adults.”—Reader’s Digest (Editors’ Choice) WINNER OF A BOOKS FOR A BETTER LIFE AWARD Elyse Schein had always known she was adopted, but it wasn’t until her mid-thirties while living in Paris that she searched for her biological mother. What she found instead was shocking: She had an identical twin sister. What’s more, after being separated as infants, she and her sister had been, for a time, part of a secret study on separated twins. Paula Bernstein, a married writer and mother living in New York, also knew she was adopted, but had no inclination to find her birth mother. When she answered a call from her adoption agency one spring afternoon, Paula’s life suddenly divided into two starkly different periods: the time before and the time after she learned the truth. As they reunite, taking their tentative first steps from strangers to sisters, Paula and Elyse are left with haunting questions surrounding their origins and their separation. And when they investigate their birth mother’s past, the sisters move closer toward solving the puzzle of their lives. Praise for Identical Strangers “Remarkable . . . powerful . . . [an] extraordinary experience . . . The reader is left to marvel at the reworking of individual identities required by one discovery and then another.”—Boston Sunday Globe “Absorbing.”—Wired “[A] fascinating memoir . . . Weaving studies about twin science into their personal reflections. . . . Schein and Bernstein provide an intelligent

exploration of how identity intersects with bloodlines. A must-read for anyone interested in what it means to be a family.”—Bust “[Identical Strangers has all the heart-stopping drama you’d expect. But it has so much more—the authors’ emotional honesty and clear-eyed insights turn this unique story into a universal one. As you accompany the twins on their search for the truth of their birth, you witness another kind of birth—the germination and flowering of sisterly love.”—Deborah Tannen, #1 New York Times bestselling author of You Just Don’t Understand “A transfixing memoir.”—Publishers Weekly

Sons of Fortune-Jeffrey Archer 2003-01-08 NEW YORK TIMES BESTSELLING author Jeffrey Archer-returns with a powerful tale of twins separated by fate and reunited by destiny. In Hartford, Connecticut, in the late 1940s, a set of twins is parted at birth—not by accident. Nat Cartwright goes home with his parents, a schoolteacher and an insurance salesman, while his twin brother begins his days as Fletcher Davenport, son of a millionaire and his society wife. During the 1950s and 1960s, the two brothers grow up apart, following similar paths that take them in different directions. Nat leaves college at the University of Connecticut to serve in Vietnam, then finishes school, earns his MBA, and becomes a successful currency dealer. Fletcher, meanwhile, graduates from Yale University with a bachelor’s and a law degree, going on to distinguish himself as a criminal defense lawyer. At various times in their lives, both men are confronted with challenges and obstacles, tragedy and betrayal, loss and hardship, before they both decide to run for governor, unaware they are brothers.... In the tradition of Jeffrey Archer’s most popular books, Sons of Fortune is as much a chronicle of a nation in transition as it is the story of the making of these two men and how they eventually discover the truth-and its tragic consequences.

The author considers not only the effects on these particular sisters, but the important implications of this and similar cases for questions concerning identity, familial bonds, nature-nurture, and the law.

Emilie and Subhas-Kṛṣṇā Basu 2015-12-20 Netaji Subhas Chandra Bose’s relationship with his wife, Emilie Schenkli, is one of the least-known aspects of the leader’s life. They met in Vienna in June 1934, secretly married in December 1937 in Badgastein, a spa resort in Austria’s Salzburg province, and saw each other for the last time in Berlin in February 1943, two months after the birth in Vienna of their daughter Anita. From 1934 onwards, Subhas and Emilie corresponded continuously through letters whenever they were physically separated. Born in 1910 into a middle-class Austrian family of Vienna, Emilie Schenkli nurtured her husband’s memory and cultivated a deep attachment from afar to India all her life, until her death in 1996. She brought up their daughter on her own, working to support herself and Anita. Fiercely self-reliant and very private, Emilie lived a life of great dignity and quiet courage. Emilie was especially close to Netaji’s nephew Sisir Kumar Bose, whom she first met in Vienna in the late 1940s, and after his marriage in December 1955 she also formed a close friendship with his wife Krishna. Krishna knew Emilie personally from 1959 until Emilie’s death in 1996. This book, illustrated with forty-eight photographs from archives and family albums, is a unique record of Emilie’s life of fortitude and the love story of Emilie and Subhas.

The Color Purple-Alice Walker 2003 The Pulitzer Prize-winning novel that tells the story of two sisters through their correspondence. With a new Preface by the author.

My Secret Sister-Helen Edwards 2013-04-01 The powerful story of two sisters separated at birth, one abused and one loved, and their search to understand their past. Helen grew up in a pit village in Tyneside in the post-war years, with her gran, aunts and uncles living nearby. She felt safe with them, but they could not protect her from her neglectful and violent father. Behind closed doors, she suffered years of abuse. Sometimes she talked to an imaginary sister, the only one who understood her pain. Jenny was adopted at six weeks and grew up in Newcastle. An only child, she knew she was loved, and with the support of her parents she went on to become a golfing champion, but still she felt that something was missing... Neither woman knew of the other’s existence until, in her fifties, Jenny went looking for her birth family and found her sister Helen. Together they searched for the truth about Jenny’s birth - and uncovered a legacy of secrets that overturned everything Helen thought she knew about her family. Happily, they also discovered that they were not just sisters, they were twins. Inspirational and moving, this is the story of two women brave enough to confront their past, and strong enough to let love not bitterness define them.

But lacking a written language of their own, the Hmong experience has been primarily recorded by others. Driven to tell her family’s story after her grandmother’s death, The Latecomer is Kao Kalia Yang’s tribute to the remarkable woman whose spirit held them all together. It is also an eloquent, firsthand account of a people who have worked hard to make their voices heard. Beginning in the 1970s, as the Hmong were being massacred for their collaboration with the United States during the Vietnam War, Yang recounts the harrowing story of her family’s captivity, the daring rescue undertaken by her father and uncles, and their narrow escape into Thailand where Yang was born in the Ban Vinai Refugee Camp. When she was six years old, Yang’s family immigrated to America, and she evocatively captures the challenges of adapting to a new place and a new language. Through her words, the dreams, wisdom, and traditions passed down from her grandmother and shared by an entire community have finally found a voice. Homegoing-Yaa Gyasi 2016-06-07 Ghana, eighteenth century, two half sisters are born into different villages, each unaware of the other. One will marry an Englishman and lead a life of comfort in the palatial rooms of the Cape Coast Castle. The other will be captured in a raid on her village, imprisoned in the very same castle, and sold into slavery. One of Oprah’s Best Books of the Year and a PEN/Hemingway award winner, Homegoing follows the parallel paths of these sisters and their descendants through eight generations: from the Gold Coast to the plantations of Mississippi, from the American Civil War to Jazz Age Harlem. Yaa Gyasi’s extraordinary novel illuminates slavery’s troubled legacy both for those who were taken and those who stayed—and shows how the memory of captivity has been inscribed on the soul of our nation. A New York Times Notable Book.

Accidental Brothers-Dr. Nancy L. Segal 2018-04-17 “A unique window into human behavior and development.”—Steven Pinker The riveting story of two sets of identical twins separated at birth and improbably reunited as adults, a dream case for exploring nature and nurture. Accidental Brothers tells the unique story of two sets of identical Colombian twin brothers who discovered at age 25 that they were mistakenly raised as fraternal twins—when they were not even biological brothers. Due to an oversight that presumably occurred in the hospital nursery, one twin in each pair was switched with a twin in the other pair. The result was two sets of unrelated “fraternal” twins—Jorge and Carlos, who were raised in the lively city of Bogotá; and William and Wilber, who were raised in the remote rural village of La Paz, 150 miles away. Their parents and siblings were aware of the enormous physical and behavioral differences between the members of each set, but never doubted that the two belonged in their biological families. Everyone’s life unraveled when one of the twins—William—was mistaken by a young woman for his real identical twin, Jorge. Her “discovery” led to the truth—that the alleged twins were not twins at all, but rather unrelated individuals who ended up with the wrong families. Blending great science and human interest, Accidental Brothers by Nancy L. Segal and Yesika S. Montoya will inform and entertain anyone interested in how twin studies illuminate the origins of human behavior, as well as mother-infant identification and the chance events that can have profound consequences on our lives.

Hill Women-Cassie Chambers 2020-01-07 After rising from poverty to earn two Ivy League degrees, an Appalachian lawyer pays tribute to the strong “hill women” who raised and inspired her, and whose values have the potential to rejuvenate a struggling region. “Destined to be compared to Hillbilly Elegy and Educated.”—BookPage (starred review) “Poverty is enmeshed with pride in these stories of survival.”—Associated Press Nestled in the Appalachian mountains, Owsley County is one of the poorest counties in both Kentucky and the country. Buildings are crumbling and fields sit vacant, as tobacco farming and coal mining decline. But strong women are finding creative ways to subsist in their hollows in the hills. Cassie Chambers grew up in these hollows and, through the women who raised her, she traces her own path out of and back into the Kentucky mountains. Chambers’s Granny was a child bride who rose before dawn every morning to raise seven children. Despite her poverty, she wouldn’t hesitate to give the last bite of pie or vegetables from her garden to a struggling neighbor. Her two daughters took very different paths: strong-willed Ruth—the hardest-working tobacco farmer in the county—stayed on the family farm, while spirited Wilma—the sixth child—became the first in the family to graduate from high school, then moved an hour away for college. Married at nineteen and pregnant with Cassie a few months later, Wilma beat the odds to finish school. She raised her daughter to think she could move mountains, like the ones that kept her safe but also isolated her from the larger world. Cassie would spend much of her childhood with Granny and Ruth in the hills of Owsley County, both while Wilma was in college and after. With her “hill women” values guiding her, Cassie went on to graduate from Harvard Law. But while the Ivy League gave her knowledge and opportunities, its privileged world felt far from her reality, and she moved back home to help her fellow rural Kentucky women by providing free legal services. Appalachian women face issues that are all too common: domestic violence, the opioid crisis, a world that seems more divided by the day. But they are also community leaders, keeping their towns together in the face of a system that continually fails them. With nuance and heart, Chambers uses these women’s stories paired with her own journey to break down the myth of the hillbilly and illuminate a region whose poor communities, especially women, can lead it into the future.

Boarding School Syndrome-Joy Schaverien 2015-06-05 Boarding School Syndrome is an analysis of the trauma of the ‘privileged’ child sent to boarding school at a young age. Innovative and challenging, Joy Schaverien offers a psychological analysis of the long-established British and colonial preparatory and public boarding school tradition. Richly illustrated with pictures and the narratives of adult ex-boarders in psychotherapy, the book demonstrates how some forms of enduring distress in adult life may be traced back to the early losses of home and family. Developed from clinical research and informed by attachment and child development theories ‘Boarding School Syndrome’ is a new term that offers a theoretical framework on which the psychotherapeutic treatment of ex-boarders may build. Divided into four parts, History: In the Name of Privilege; Exile and Healing; Broken Attachments: A Hidden Trauma, and The Boarding School Boy, the book includes vivid case studies of ex-boarders in psychotherapy. Their accounts reveal details of the suffering endured: loss, bereavement and captivity are sometimes compounded by physical, sexual and psychological abuse. Here, Joy Schaverien shows how many boarders adopt unconscious coping strategies including dissociative amnesia resulting in a psychological split between the ‘home self’ and the ‘boarding school self’. This pattern may continue into adult life, causing difficulties in intimate relationships, generalized depression and separation anxiety amongst other forms of psychological distress. Boarding School Syndrome demonstrates how boarding school may damage those it is meant to be a reward and discusses the wider implications of this tradition. It will be essential reading for psychoanalysts, Jungian analysts, psychotherapists, art psychotherapists, counsellors and others interested in the psychological, cultural and international legacy of this tradition including ex-boarders and their partners.

Born A Crime-Trevor Noah 2016-11-17 WINNER OF THE THURBER PRIZE The compelling, inspiring, (often comic) coming-of-age story of Trevor Noah, set during the twilight of apartheid and the tumultuous days of freedom that followed. One of the comedy world’s brightest new voices, Trevor Noah is a light-footed but sharp-minded observer of the absurdities of politics, race and identity, sharing jokes and insights drawn from the wealth of experience acquired in his relatively young life. As host of the US hit show The Daily Show with Trevor Noah, he provides viewers around the globe with their nightly dose of biting satire, but here Noah turns his focus inward, giving readers a deeply personal, heartfelt and humorous look at the world that shaped him. Noah was born a crime, son of a white Swiss father and a black Xhosa mother, at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the first years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, take him away. A collection of eighteen personal stories, Born a Crime tells the story of a mischievous young boy growing into a restless young man as he struggles to find his place in a world where he was never supposed to exist. Born a Crime is equally the story of that young man’s fearless, rebellious and fervently religious mother - a woman determined to save her son from the cycle of poverty, violence and abuse that ultimately threatens her own life. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving cart during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Noah illuminates his curious world with an incisive wit and an unflinching honesty. His stories weave together to form a personal portrait of an unlikely childhood in a dangerous time, as moving and unforgettable as the very best memoirs and as funny as Noah’s own hilarious stand-up. Born a Crime is a must read.

Symposium-Plato 1876 pubOne.info present you this new edition. Of all the works of Plato the Symposium is the most perfect in form, and may be truly thought to contain more than any commentator has ever dreamed of; or, as Goethe said of one of his own writings, more than the author himself knew. For in philosophy as in prophecy glimpses of the future may often be conveyed in words which could hardly have been understood or interpreted at the time when they were uttered (compare Symp.)- which were wiser than the writer of them meant, and could not have been expressed by him if he had been interrogated about them. Yet Plato was not a mystic, nor in any degree affected by the Eastern influences which afterwards overspread the Alexandrian world. He was not an enthusiast or a sentimentalist, but one who aspired only to see reasoned truth, and whose thoughts are clearly explained in his language. There is no foreign element either of Egypt or of Asia to be found in his writings. And more than any other Platonic work the Symposium is Greek both in style and subject, having a beauty “as of a statue,” while the companion Dialogue of the Phaedrus is marked by a sort of Gothic irregularity.

Born into wealth and privilege, Avery Stafford seems to have it all: a successful career as a federal prosecutor, a handsome fiancé, and a lavish wedding on the horizon. But when Avery returns home to help her father weather a health crisis, a chance encounter leaves her with uncomfortable questions and prompts her to take a journey through her family’s long-hidden history, on a path that will ultimately lead either to devastation or to redemption. Based on one of America’s most notorious real-life scandals—in which Georgia Tann, director of a Memphis-based adoption organization, kidnapped and sold poor children to wealthy families all over the country—Lisa Wingate’s riveting, wrenching, and ultimately uplifting tale reminds us how, even though the paths we take can lead to many places, the heart never forgets where we belong. Publishers Weekly’s #3 Longest-Running Bestseller of 2017 • Winner of the Southern Book Prize • If All Arkansas Read the Same Book Selection This edition includes a new essay by the author about shantyboat life.

Secondhand-Adam Minter 2019-11-12 “Revelatory, terrifying, but, ultimately, hopeful.”—Elizabeth Kolbert, Pulitzer Prize-winning author of THE SIXTH EXTINCTION From the author of Junkyard Planet, a journey into the surprising afterlives of our former possessions. Downsizing. Decluttering. Discarding. Sooner or later, all of us are faced with things we no longer need or want. But when we drop our old clothes and other items off at a local donation center, where do they go? Sometimes across the country—or even halfway across the world—to people and places who find value in what we leave behind. In Secondhand, journalist Adam Minter takes us on an unexpected adventure into the often-hidden, multibillion-dollar industry of reuse: thrift stores in the American Southwest to vintage shops in Tokyo, flea markets in Southeast Asia to used-goods enterprises in Ghana, and more. Along the way, Minter meets the fascinating people who handle-and profit from-our rising tide of discarded stuff, and asks a pressing question: In a world that craves shiny and new, is there room for it all? Secondhand offers hopeful answers and hard truths. A history of the stuff we’ve used and a contemplation of why we keep buying more, it also reveals the marketing practices, design failures, and racial prejudices that push used items into landfills instead of new homes.

Secondhand shows us that it doesn’t have to be this way, and what really needs to change to build a sustainable future free of excess stuff.
