Sensual Fantasies-Celine Kirei 2015-10-08 Suggestions about seducing and spicing sex Develop your feminine power Use affirmations to increase your self-esteem, sexuality and improve your psychological aspects. Repeat positive messages, for example, say to yourself things like "I am a wonderful woman!", "I'm becoming more and more sexy!", "I'm an attractive lover!" and so on. Be smart, don't bother with the "flaws" that all of us have (fatty spots, cellulites...). Show your best! Feel powerful and sexy despite your physical type or age. Value your strong side! Take control of your personality, charm and beauty. Seduce your husband or boyfriend In the beginning of the relationship, sex is usually more exciting because at this phase everything is new. But the point is how to keep seducing your partner after a long time together. Surprise him by trying to have a more active attitude, as generally men do to seduce a woman. But try not to exaggerate, start gradually if he's not used to a more powerful and sexy attitude. Use your intuition in order to do everything right! Know that men love and feel excited to know that they are still important and attractive to their woman, especially if you're together for a long time. For example: how about telling him about how turned on you feel when you're with him, look at him with desire just as you did in the beginning of the relationship, or touching his body (or yours) in a sexy way? Simple tips as these make a lot of difference. Which man doesn't want to be seduced by his wife or girlfriend? Innovating your techniques Extending your creativity and using new ways to stimulate your man is important in order to avoid routine. Try different places to make love, go to a motel or travel to the fields or to an aphrodisiac beach. Many couples stop "dating" after having children. Don't let this happen to you - save some time only for you two. We know that many women, intuitively, use these simple secrets of seduction that are basic but essential in order to keep erotic.

Hard-Core Romance-Eva Ilouz 2014-05-22 From its beginnings in Twilight fan-fiction to its record-breaking sales as an e-book and paperback, the story of the erotic romance novel Fifty Shades of Grey and its two sequels is both unusual and fascinating. Having sold over seventy million copies worldwide since 2011, E. L. James's lurid series about a sexual ingûene and the powerful young entrepreneur who introduces her to BDSM sex has ingrained itself in our collective consciousness. But why have these particular novels—poorly written and formulaic as they are—become so popular, especially among women over thirty? In this concise, engaging book, Eva Ilouz subjects the Fifty Shades cultural phenomenon to the serious scrutiny it has been begging for. After placing the trilogy in the context of best-seller publishing, she delves into its remarkable appeal, seeking to understand the intense reading pleasure it provides and how that resonates with the structure of relationships between men and women today. Fifty Shades, Ilouz argues, is a gothic romance adapted to modern times in which sexuality is both a source of division between men and women and a site to orchestrate their reconciliation. As for the novels' notorious depictions of bondage, discipline, and sadomasochism, Ilouz shows that these are as much a cultural fantasy as a sexual one, serving as a guide to a happier romantic life. The Fifty Shades trilogy merges romantic fantasy with self-help guide—two of the most popular genres for female readers. Offering a provocative explanation for the success and popularity of the Fifty Shades of Grey novels, Hard-Core Romance is an insightful look at modern relationships and contemporary women's literature.
