The Little Clan-Iris Martin Cohen 2018-04-17 “A brilliant newcomer ... Cohen is not only a talented writer; she is an artist.”—Andre Aciman, New York Times–bestselling author of Call Me by Your Name, the novel that inspired the Academy Award-winning film A love letter to classic literature and an illuminating look at newfound adulthood Ava Gallanter is the librarian in residence at the Lazarus Club, an ancient, dwindling Manhattan arts club full of eccentric geriatric residents stuck in a long-gone era. Twenty-five-year-old Ava, however, feels right at home. She leads a quiet life, surrounded by her beloved books and sequestered away from her peers. When Ava’s enigmatic friend Stephanie returns after an unplanned year abroad, the intoxicating opportunist vows to rescue Ava from a life of obscurity. Stephanie, on the hunt for fame and fortune, promises to make Ava’s dream of becoming a writer come true, and together they start a Victorian-inspired literary salon at the Lazarus Club. However, Ava’s romanticized idea of the salon quickly erodes as Stephanie’s ambitions take the women in an unexpected—and precarious—direction. In this humorous yet keenly observant coming-of-age story, Cohen brings us into a boisterous literary world bathed in hubris and ambition. With eloquent prose and affecting storytelling, The Little Clan is both a wickedly fun yet sharply insightful look at friendship, feminism and finding yourself in your twenties.

Eye in the Sky-Philip K. Dick 2012 A wry look at how different people see the world, told in the caustically fun style of award-winning science fiction novelist Philip K. Dick. Enchantments-Mya Spalter 2018-10-09 A wise, witchy, and welcoming guide to living life magically Mya Spalter has spent years among candles, herbs, cats, and spells as an employee at New York City’s oldest occult shop, Enchantments. Since it would get crowded in there if all of you visited, this beautifully illustrated book will be your guide to its secrets and stories; in the process, Mya will introduce you to some mystical concepts you can use to build spells and rituals that resonate with your own personal style, including: • Create and maintain altars Even people who aren’t spiritually inclined seem to be able to get down with the beneficial function of an altar as a place to model beauty and balance in their lives. It’s aspirational. • Save your love magic for yourself Because casting a love spell on someone else is pushy and far too easy to mess up. • Clean your filthy apartment Fine, maybe you make your bed every day, but Mya’s talking about the kind of grime you can’t necessarily see. • Money magic for need, not greed Hint: It starts with tipping well; it doesn’t pay to be miserly when asking the universe for abundance. Mya reveals the power of colors (Louboutins wouldn’t have the same status if their soles were lavender), the keys to banishing unfriendly spirits (with cleansing rituals or even a dance party), and invaluable instructions in the timeless arts of astrology, tarot, and finding a parking spot downtown. Open up this book and enchant your own life! Advance praise for Enchantments “Hilariously conversational, deceptively deep, and phenomenally illustrated, Enchantments will blow your mind and make you laugh while imparting expert knowledge of witchcraft and why it’s so needed today.”—Natasha Lyonne, actress and producer “Imagine that your best friend, a supremely cool, funny, and irreverent person, is also a witch willing to educate and inspire you toward your own witchy practice with humor, sass, and intelligence. This book is magic—literally!”—Michelle Tea, author of Modern Tarot “Part memoir, part recipe book, and part poetry collection, Enchantments lets readers in on the great secret of all witchcraft—that being a witch is about being free to be yourself.”—Dorothea Lasky, author of Milk and co-creator of Astro Poets “We can all use more magic in our lives in these trying times, and Enchantments will help us get started.”—Kimya Dawson, singer/songwriter, The Moldy Peaches

Luster-Raven Leilani 2020-08-04 One of the Most Anticipated Books of Summer 2020 Vogue, Elle, Time, The New York Times, Esquire, Harper’s Bazaar, Vulture, Parade, USA Today, Literary Hub, BuzzFeed, Electric Literature, Refinery29, The Rumpus, Book Riot, Thrillist, Domino, PopSugar, New York Amsterdam News, Bookshop.org “Exacting, hilarious, and deadly. . . A writer of exhilarating freedom and daring.” —Zadie Smith, Harper’s Bazaar “Impossible to put down.” —Ling Ma, author of Severance No one wants what no one wants. And how do we even know what we want? How do we know we’re ready to take it? Edie is stumbling her way through her twenties—sharing a subpar apartment in Bushwick, clocking in and out of her admin job, making a series of inappropriate sexual choices. She is also haltingly, fitfully giving heat and air to the art that simmers inside her. And then she meets Eric, a digital archivist with a family in New Jersey, including an autopist wife who has agreed to an open marriage—with rules. As if navigating the constantly shifting landscapes of contemporary sexual manners and racial politics weren’t hard enough, Edie finds herself unemployed and invited into Eric’s home—though not by Eric. She becomes a hesitant ally to his wife and a de facto role model to his adopted daughter. Edie may be the only Black woman young Akila knows. Irresistibly unruly and strikingly beautiful, razor-sharp and slyly comic, sexually charged and utterly absorbing, Raven Leilani’s Luster is a portrait of a young woman trying to make sense of her life—her hunger, her anger—in a tumultuous era. It is also a haunting, aching description of how hard it is to believe in your own talent, and the unexpected influences that bring us into ourselves along the way.

The book concludes with specific reforms.

The Map Thief-Michael Blanding 2014-05-29 The story of an infamous crime, a revered map dealer with an unsavory secret, and the ruthless subculture that consumed him Maps have long exerted a special fascination on viewers—both as beautiful works of art and as practical tools to navigate the world. But to those who collect them, the map trade can be a cutthroat business, inhabited by quirky and sometimes disreputable characters in search of a finite number of extremely rare objects. Once considered a respectable antiquarian map dealer, E. Forbes Smiley spent years doubling as a map thief —until he was finally arrested slipping maps out of books in the Yale University library. The Map Thief delves into the untold history of this fascinating high-stakes criminal and the inside story of the industry that consumed him. Acclaimed reporter Michael Blanding has interviewed all the key players in this stranger-than-fiction story, and shares the fascinating histories of maps that charted the New World, and how they went from being practical instruments to quirky heirlooms to highly coveted objects. Though pieces of the map theft story have been written before, Blanding is the first reporter to explore the story in full—and had the rare privilege of having access to Smiley himself after he’d gone silent in the wake of his crimes. Moreover, although Smiley swears he has admitted to all of the maps he stole, libraries claim he stole hundreds more—and offer intriguing clues to prove it. Now, through a series of exclusive interviews with Smiley and other key individuals, Blanding teases out an astonishing tale of destruction and redemption. The Map Thief interweaves Smiley’s escapades with the stories of the explorers and mapmakers he knew better than anyone. Tracking a series of thefts as brazen as the art heists in Provenance and a subculture as obsessive as the oenophiles in The Billionaire’s Vinegar, Blanding has pieced together an unforgettable story of high-stakes crime.

Surface-Giuliana Bruno 2014-06-09 What is the place of materiality—the expression or condition of physical substance—in our visual age of rapidly changing materials and media? How is it fashioned in the arts or manifested in virtual forms? In Surface, cultural critic and theorist Giuliana Bruno deftly explores these questions, seeking to understand materiality in the contemporary world. Arguing that materiality is not a question of the materials themselves but rather the substance of material relations, Bruno investigates the space of those relations, examining how they appear on the surface of different media—on film and video screens, in gallery installations, or on the skins of buildings and people. The object of visual studies, she contends, goes well beyond the image and engages the surface as a place of contact between people and art objects. As Bruno threads through these surface encounters, she unveils the fabrics of the visual—the textual qualities of works of art, whether manifested on canvas, wall, or screen. Illuminating the modern surface condition, she notes how façades are becoming virtual screens and the art of projection is reinvented on gallery walls. She traverses the light spaces of artists Robert Rauschenberg, James Turrell, Tacita Dean, and Anthony McCall; touches on the textured surfaces of Isaac Julien’s and Wong Kar-wai’s filmic screens; and travels across the surface materiality in the architectural practices of Diller Scofidio + Renfro and Herzog & de Meuron to the art of Doris Salcedo and Rachel Whiteread, where the surface tension of media becomes concrete. In performing these critical operations on the surface, she articulates it as a site in which different forms of mediation, memory, and transformation can take place. Surveying object relations across art, architecture, fashion, design, film, and new media, Surface is a magisterial account of contemporary visual culture.

Scarred-S M Yair-Levy 2018-02 Another second,another minute, another hour, another day. Another life,another world, another prison, another pain. From the fetal position Dylan held on her new double bed, with crisp white sheets and a sterile scent, she stared at the abrasions on the wall. The scuffs of sloppily moved furniture against the coarse texture, and the scratches her nails gouged as a medic forced her first vial of people down her throat. People. That was what she called it now. It didn't deserve a superior name as Life Essence. It was people plain and simple. Blinking slowly, her eyes blurred and refocused on the abrasions, counting. Counting the seconds, the minutes, the hours, the days, because that was all that she had left; her pathetic demon life that she didn't want anything to do with. But now she wasn't given the choice to give up. It had been a week. Probably the longest week or her infinite life. But she knew this was only the beginning. Dylan was no more and Temperance became. The men endured horrific hardships, many of which are chronicled in this book for the first time. Also included are moving stories of their liberation, transportation home, and the aftermath of their ordeal.

Genderqueer fourteen-year-old Z Chilworth has to adjust quickly to their new status as a zombie after waking from death from a car crash that killed their parents and sisters. Always a talented witch, Z now can barely perform magic and is rapidly decaying. Faced with rejection from their remaining family members and old friends, Z moves in with their mother's friend, Mrs. Dunnigan, and befriends Aysel, a loud would-be-goth classmate who is, like Z, a loner. As Z struggles to find a way to repair the broken magical seal holding their body together, Aysel fears that her classmates will discover her status as an unregistered werewolf. When a local psychiatrist is murdered by what seems to be werewolves, the town of Salem, Oregon, becomes even more hostile to "monsters," and Z and Aysel are driven together in an attempt to survive a place where most people wish that neither of them existed. Rarely has a first-time author created characters of such immediacy and power as Z, Aysel, Tommy (suspected fey) and Elaine (also a werewolf), or a world that parallels our own so clearly and disturbingly.
