Peace of Mind-Seneca 2016-09-13 Peace of Mind (De Tranquillitate Animi) is a dialogue written by Seneca the Younger during the years 49 to 62 A.D. It concerns the state of mind of Seneca's friend Annaeus Serenus, and how to cure Serenus of anxiety, worry and disgust with life. For the modern reader, this short, powerful work offers insight into how to think like a Stoic. It is a road-map for guiding the mind to, in Seneca's words, "always pursue a steady, unruffled course... be pleased with itself, and look with pleasure upon its surroundings, and experience no interruption of this joy, but abide in a peaceful condition without being ever either elated or depressed."

Tranquility Grove-Martha Reardon Bewick 2018-11-26 Tranquility Grove: The Great Abolitionist Picnic of 1844 tells the story of an important event that took place in Hingham, Massachusetts. Attended by as many as 10,000 people, the largest abolitionist picnic in history marked the tenth anniversary of the end of slavery in the British West Indies. For abolitionists, celebrating the emancipation of West Indian slaves on August 1 was even more important than commemorating the 4th of July. Newspapers described the preparations, participants, and events, from the parade to the speeches, to the unexpected overnight grounding of the steamship taking the Suffolk and Essex County delegates home. Frederick Douglass was there, and former President and Congressman John Quincy Adams sent remarks. Tranquility Grove is a trove of information, right down to the question of where delegates and participants left their horses. It also discusses other abolitionist memorials and suggests how Tranquility Grove can be better maintained and interpreted in the future as a significant nineteenth-century historic site.

The Foundations of Mindfulness-Eric Harrison 2017-04-18 An Essential Addition to Mindfulness Literature Who among us does not want to discern right from wrong and useful from useless in any situation? Thirty years ago—long before the modern mindfulness movement—Eric Harrison began teaching meditation as a secular, science-based therapy. Paradoxically, he rooted his practice in the Buddha's original teaching: the Satipatthana Sutta. The 13 steps in the Sutta offer readers the full benefits of mindfulness: attention, good judgment, and tranquility. Now—informed by a lifetime spent teaching tens of thousands to meditate—Harrison offers both a new translation of the Sutta (the first in modern English) and lucid guidance on how to apply it today.

With that purpose in mind—a search for slowness and tranquility, Andy Merrifield sets out on a journey of the soul with a friend's donkey, Gribouille, to walk amid the ruins and spectacular vistas of southern France's Haute-Auvergne. As Merrifield contemplates literature, science, truth, and beauty amid the French countryside, Gribouille surprises him with his subtle wisdom, reminding him time and again that enlightenment is all around us if we but seek it.

The Ego-Less SELF-Cardwell Nuckols 2010-08-03 As a society, we have become so accustomed to ego-based emotions like misery, worry, fear, and conflict that we believe these are the norm. This is not the truth, however. We were born to be happy and love unconditionally—it's the gift of self. How can we return to a non-linear state of happiness and peace when everything around us says that nothing is more important than me, me, me? The Ego-Less SELF is a journey of discovery and a return to the self by "one of the most influential clinical and spiritual teachers in North America." It looks closely at the notion of "spiritual transformation" by first showing readers how the ego develops over time to cause suffering in our lives. Once the ego is stripped away, then the historical pathways to the self—heart, mind and action—can begin to work. With a broad range of spiritual influences, from the Bible to the Dalai Lama, personal stories of enlightenment, and real employable strategies and techniques, The Ego-Less SELF sets out to deflate the ego to let the true self shine through. Readers will begin to learn how to get rid of resentments, surrender the ego's unconscious programs for happiness, and employ simple techniques to increase contact with consciousness through the right-brain hemisphere. The road to self is not about trying to acquire anything but rather the willingness to surrender all of our culture's egotistic ways, thus taking us back to that which we are—the purest self. The Ego-Less SELF is the GPS for the journey.

A Grave Misfortune-Richard A. Hulver 2018 "This volume presents the final chapter of Indianapolis's decorated service history using primary source documents with accompanying historic analysis. Documents were carefully selected to represent the whole story of the loss of Indianapolis: from her war damage taken off Okinawa on 31 March 1945, through her refitting, atomic bomb delivery, and sinking. Documents also follow her crew's ordeal at sea and rescue, subsequent Navy investigations, the court-martial of Captain Charles McVay III, and more recent considerations of the tragedy. Much has already been published on Indianapolis disaster, but inevitably errors and misinterpretations have crept into the now-standard accounts. Claims have exaggerated the impact of intelligence failures, identified an alleged elaborate Navy cover-up, propagated misunderstandings of Indianapolis's role in delivering the atomic bomb to Tinian, and sensationalized the presence of sharks in the story. The documents here correct some of those errors and allow readers to see how the event unfolded and how the Navy responded. More importantly, this book makes widely available the testimony of survivors and participants. In presenting these documents, it also corrects the record. The heroism and bravery of the crew remains undiminished and even enhanced through a proper understanding of their ordeal. This volume also stands as a small example of the Navy's moral obligation to ensure that the sacrifices of all those who served are not forgotten by telling the complete history, both the good and the bad."--Provided by publisher.

Individual voices shed light on the societal transformations related to migration and its representation in 21st-century art, offering diverse points of entry into this massive phenomenon and its many manifestations. The featured artworks range from painting, sculpture, and photography to installation, video, and sound art, and their makers—including Isaac Julien, Richard Mosse, Reena Saini Kallat, Yinka Shonibare MBE, and Do Ho Suh, among many others—hail from around the world. Texts by experts in political science, Latin American studies, and human rights, as well as contemporary art, expand upon the political, economic, and social contexts of migration and its representation. The book also includes three conversations in which artists discuss the complexity of making work about migration. Amid worldwide tensions surrounding refugee crises and border security, this publication provides a nuanced interpretation of the current cultural moment. Intertwining themes of memory, home, activism, and more, When Home Won't Let You Stay meditates on how art both shapes and is shaped by the public discourse on migration.

12 DIMENSIONS OF A SERVICE LEA-Po Chung 2016-12-05 From Prof. Spencer Benson, Centre for Teaching and Learning Enhancement, University of Macau: "Service, according to Po Chung, is 'any activity that involves the energy and relationship created by two or more people in order to get something done.' With the demand to educate greater numbers of students, there has been a tendency towards a manufacturing model of education. Students go through an educational factory that's been maximized for productivity and quality assurance, but miss out on addressing what they bring to themselves and others. The 12 DIMENSIONS OF A SERVICE LEADER helps anyone looking to succeed in the 'Service Age.' There much for faculty and students to be learned from this book and by going through the reflective exercises."

12 DNA Music of the Spheres Ascension Program from the Cosmic Twins Diary with Keys to the Universe-Angela Barnett 2014-12-26 The picture in the book that shows the Violet Sphere that I am holding in my hands contains the Frequencies and the Keys that will become the Merkaba Crystal Space Ship to carry the Cosmic Twins back to Tara, Gaia and beyond. The Violet Sphere was created by following the directions of the Elohim Angels and the Sirian Council. The picture was taken during the moment of the Stellar Wave Infusion of the Violet Wave from Sun Alcyone and the Stellar Wave Activation of the Sirian Spiral in 2008. The Stellar Waves activated our 5 DNA and began the initiation of the 12 subharmonics into the 6 DNA. Dr. Barnett shows herself holding the Violet Sphere that identifies her as a Violet Flame Holder. She uses this picture to explain to others how it is that this Violet Sphere of Plasma is the exact substance that our Normal Spiritual Body is made of and how it will be the actual absorption of this light and sound energy from these plasma balls that transforms our bodies into light. The Cosmic Twins came to Earth to tune the Earth into the Music of the Spheres by bringing the Highest Frequencies to Earth through music. The Ascension Portal - that the Cosmic Twins at this very time assisted in - for the Fifth Dimensional Dolphins allowed them to ascend into their Sixth Dimensional Bodies in the Cloud Cities during the moment of this picture of the Violet Sphere. Dr. Barnett is truly the Doctor of DNA. She explains how the etheric sub harmonics of the DNA strands are not something that can be seen with the doctor's microscopes. The DNA braids together the Consciousness of the Individual between the Harmonic Universes which carry specific Frequency Signatures of the Individual's Consciousness in different Frequency Ranges of Density. The higher the Frequency is, the less density is in the reality. When the Consciousness is braided into the 12th Dimensional Realm, there is zero density. This 12th Dimensional Frequency is the Resonance that is needed to lock the human consciousness into oneness with the Human Angelic Consciousness of this Human Race Line's origins. The Kingdom of Heaven is being brought to Earth through Music. It is the Music of the Spheres dancing to a new rhythm. As the Frequency Music weaves this Consciousness into the Earth's Biosphere it becomes available for each individual to Inhale the Light and Sound into their own DNA and neuronet system. Absolute evidence of the True Divinity and Sovereignty of the Man who has activated 12 DNA sub harmonic strands into each of the 5 DNA. The power of immortality is revealed through the Music of the Spheres raising Man back into His Normal Reality. Dr. Barnett explains how she was trained by a group of Elohim Angels to bring the highest frequencies of Consciousness to Earth through Music. She shows how she uses that formula in creating the Frequency Music that can be heard and purchased at her website, crystalmagicorchestra.com. This Extraordinary, True and Accurate revelation of how the Resurrection was performed by the Elohim Angels through the Holograms they created in the Jesus and Mary Story. This exact same process of Raising the Dead into Eternal Life was revealed once again through the shocking story of one man who had his body completely mutated by three ten ton trucks hitting his body on the freeway and five more cars running over his body before the traffic could be stopped. The body of "aDolphino" had been possessed by three demonic entities called the FAtale that the Grey Zeta Rigelians had prepared the interdimensional passage for. This Actual Event occurred to show that everything the Guardians taught as the Keytonic Science of the Music of the Stars is an absolute reality. This magical light and the magical sound that comes from the formula given by the Angels is the Creation Substance that we will all be learning to use as our new Prana and Manna of Manifestation. The story of the Cosmic Twins is what the Elohim told us was their new Jesus and Mary story.
