American Canyon-Amarnath Ravva 2014 Blending myth with interviews and first-person narrative, California-based writer Amarnath Ravva's "American Canyon" uses prose, documentary footage and still photos to recount the fragmented and ever-evolving story of one person's apprehension of the ghosts of history. Written from a series of video notes taken over a period of ten years, this narrative of a son's love for his mother and the ritual he performs for her takes us from California to Rameswaram, the southern tip of the Indian peninsula. It is a meditation on the moments in history that placed him in front of a small bright fire, a lament for the continual loss of those who, by remembering,

know who we are. Ravva's "American Canyon" has been described by poet and author Kevin Killian as "a complex reworking of memoir form, using the tools of poetry remelted, as in Vulcan's forge, to slash away at the ghosts and ghouls of conventional prose usage. The new journalism, Ravva-style, stimulates the nerve endings with its alternately lush and spare renditions of some spectacular settings..." Ravva has given readings and performed at LACMA, Machine Project, the MAK Center at the Schindler House, New Langton Arts, the Hammer Museum, USC, Pomona, CalArts and the Sorbonne.

Walla Walla-Elizabeth Gibson 2004 Traces the lush history of the southeastern corner of Washington State that would become Walla Walla, from the many indian tribes, fur traders, and missionaries that called it home, to the commercial, banking, and manufacturing enterprises that arose, and the current farming industry that continues to play an important role in the local economy and the community's unique identity. 1868 St. Bernard Parish Massacre, The: Blood in the Cane Fields-C. Dier 2017-10-16 Days before the tumultuous presidential election of 1868, St. Bernard Parish descended into chaos. As African American men gained the right to vote, white Democrats of the parish feared losing their majority. Armed groups mobilized to suppress these recently emancipated voters in the hopes of regaining a way of life turned upside down by the Civil War and Reconstruction.

Freedpeople were dragged from their homes and murdered in cold blood. Many fled to the cane fields to hide from their attackers. The reported number of those killed varies from 35 to 135. The tragedy was hidden, but implications reverberated throughout the South and lingered for generations. Author and historian Chris Dier reveals the horrifying true story behind the St. Bernard Parish Massacre.

Only One Thing Can Save Us-Thomas Geoghegan 2014-12-02 Is labor's day over or is labor the only real answer for our time? In this new book, National Book Critics Circle Award finalist and labor lawyer Thomas Geoghegan argues that even as organized labor seems to be crumbling, a revived—but different—labor movement is now more relevant than ever in our increasingly unequal society. The inequality reshaping the country goes beyond money and income: the workplace is more authoritarian than ever, and we have even less of a say over our conditions at work. He tells us stories, sometimes humorous but more often chilling, about problems working people like his own clients—cabdrivers, cashiers

Chicago public school teachers—now face in our largely union-free economy. He then explains why a new kind of labor movement (and not just more higher education) will be crucial for saving what is left of the middle class; pushing Keynes's original, sometimes forgotten ideas for getting the rich to invest and reduce our balance of trade; and promoting John Dewey's "democratic way of life"—one that would start in the schools and continue in our places of work. A "public policy" book that is compulsively readable, *Only One Thing Can Save Us* is vintage Geoghegan, blending acerbic and witty commentary with unparalleled insight into the real dynamics (and human experience) of working in America today.

Hatemonger-Jean Guerrero 2020-08-11 "A vital book for understanding the still-unfolding nightmare of nationalism and racism in the 21st century." -Francisco Cantu, author of *The Line Becomes a River* Stephen Miller is one of the most influential advisors in the White House. He has crafted Donald Trump's speeches, designed immigration policies that ban Muslims and separate families, and outlasted such Trump stalwarts as Steve Bannon and Jeff Sessions. But he's remained an enigma. Until now. Emmy- and PEN-winning investigative journalist and author Jean Guerrero charts the thirty-four-year-old's astonishing rise to power, drawing from more than one hundred interviews with his family, friends, adversaries and government officials. Radicalized as a teenager, Miller relished provocation at his high school in liberal Santa Monica, California. He clashed with administrators and antagonized dark-skinned classmates with invectives against bilingualism and multiculturalism. At Duke University, he cloaked racist and classist ideas in the language of patriotism and heritage to get them airtime amid controversies. On Capitol Hill, he ranted from

Tea Party congresswoman Michele Bachmann and nativist Alabama Senator Jeff Sessions. Recruited to Trump's campaign, Miller met his idol. Having dreamed of Trump's presidency before he even announced his decision to run, Miller became his senior policy advisor and speechwriter. Together, they stoked dystopian fears about the Democrats, "Deep State" and "American Carnage," painting migrants and their supporters as an existential threat to America. Through backroom machinations and sheer force of will, Miller survived dozens of resignations and encouraged Trump's harshest impulses, in conflict with the president's own family. While Trump railed against illegal immigration, Miller crusaded against legal immigration. He targeted refugees, asylum seekers and their children, engineering an ethical crisis for a nation that once saw itself as the conscience of the world. Miller rallied support for this agenda, even as federal judges tried to stop it, by courting the white rage that found violent expression in tragedies from El Paso to Charlottesville. Hatemonger unveils the man driving some of the most divisive confrontations over what it means to be American--and what America will become.
